Re: Revised Harrison Street Construction Staking Proposal

Dear Jon:

As requested, we have reduced the scope of surveying services for the Harrison Street Extension project.

We propose to provide all labor, equipment and materials for construction staking to include limited grade staking, line and grade offsets for paving, storm sewer, sanitary sewer, utilities and detention basin as needed.

The lump sum cost will be \$7,500.00. Contact Matt or myself if you have any questions. Thanks.

Sincerely;

MARTIN & WHITACRE SURVEYORS & ENGINEERS, INC.
