Greetings,

On behalf of the U.S. Green Building Council, I congratulate you on achieving LEED certification for Muscatine Fire Station #2. Your project has achieved LEED certified certification under the LEED for New Construction Rating System with a total of 40 points.

LEED certification identifies Muscatine Fire Station #2 as a showcase example of sustainable design and demonstrates your leadership in transforming the building industry. In honor of this impressive achievement and in appreciation of your participation in LEED, we are pleased to present you with the enclosed certificates recognizing your accomplishment.

Now that your project has achieved LEED certification, we encourage you to share your project with the green building community. Please follow the prompt in LEED Online to make it a "public" project. Public projects appear in our LEED project directory, in our Green building Information Gateway (GBIG), and you will have the ability to share your story by creating a LEED project profile to post to USGBC.org.

Congratulations on earning LEED certification, and thank you for your commitment to our common goal of building a healthy, sustainable future.

Sincerely,
