RE: "No Trucks" Request

INTRODUCTION:

The City's Traffic Committee received a request to install a "No Trucks" sign(s) on Lucas Street between the US 61 By-Pass and Houser.

BACKGROUND:

A resident of the Lucas Street neighborhood has requested a "No Trucks" sign be posted on Lucas between Houser & the By-Pass. The City's Traffic Committee reviewed the request at their meeting on September 9, 2015. According to the complaint many trucks erroneously take this route to destinations such as GPC.

RECOMMENDATION/RATIONALE:

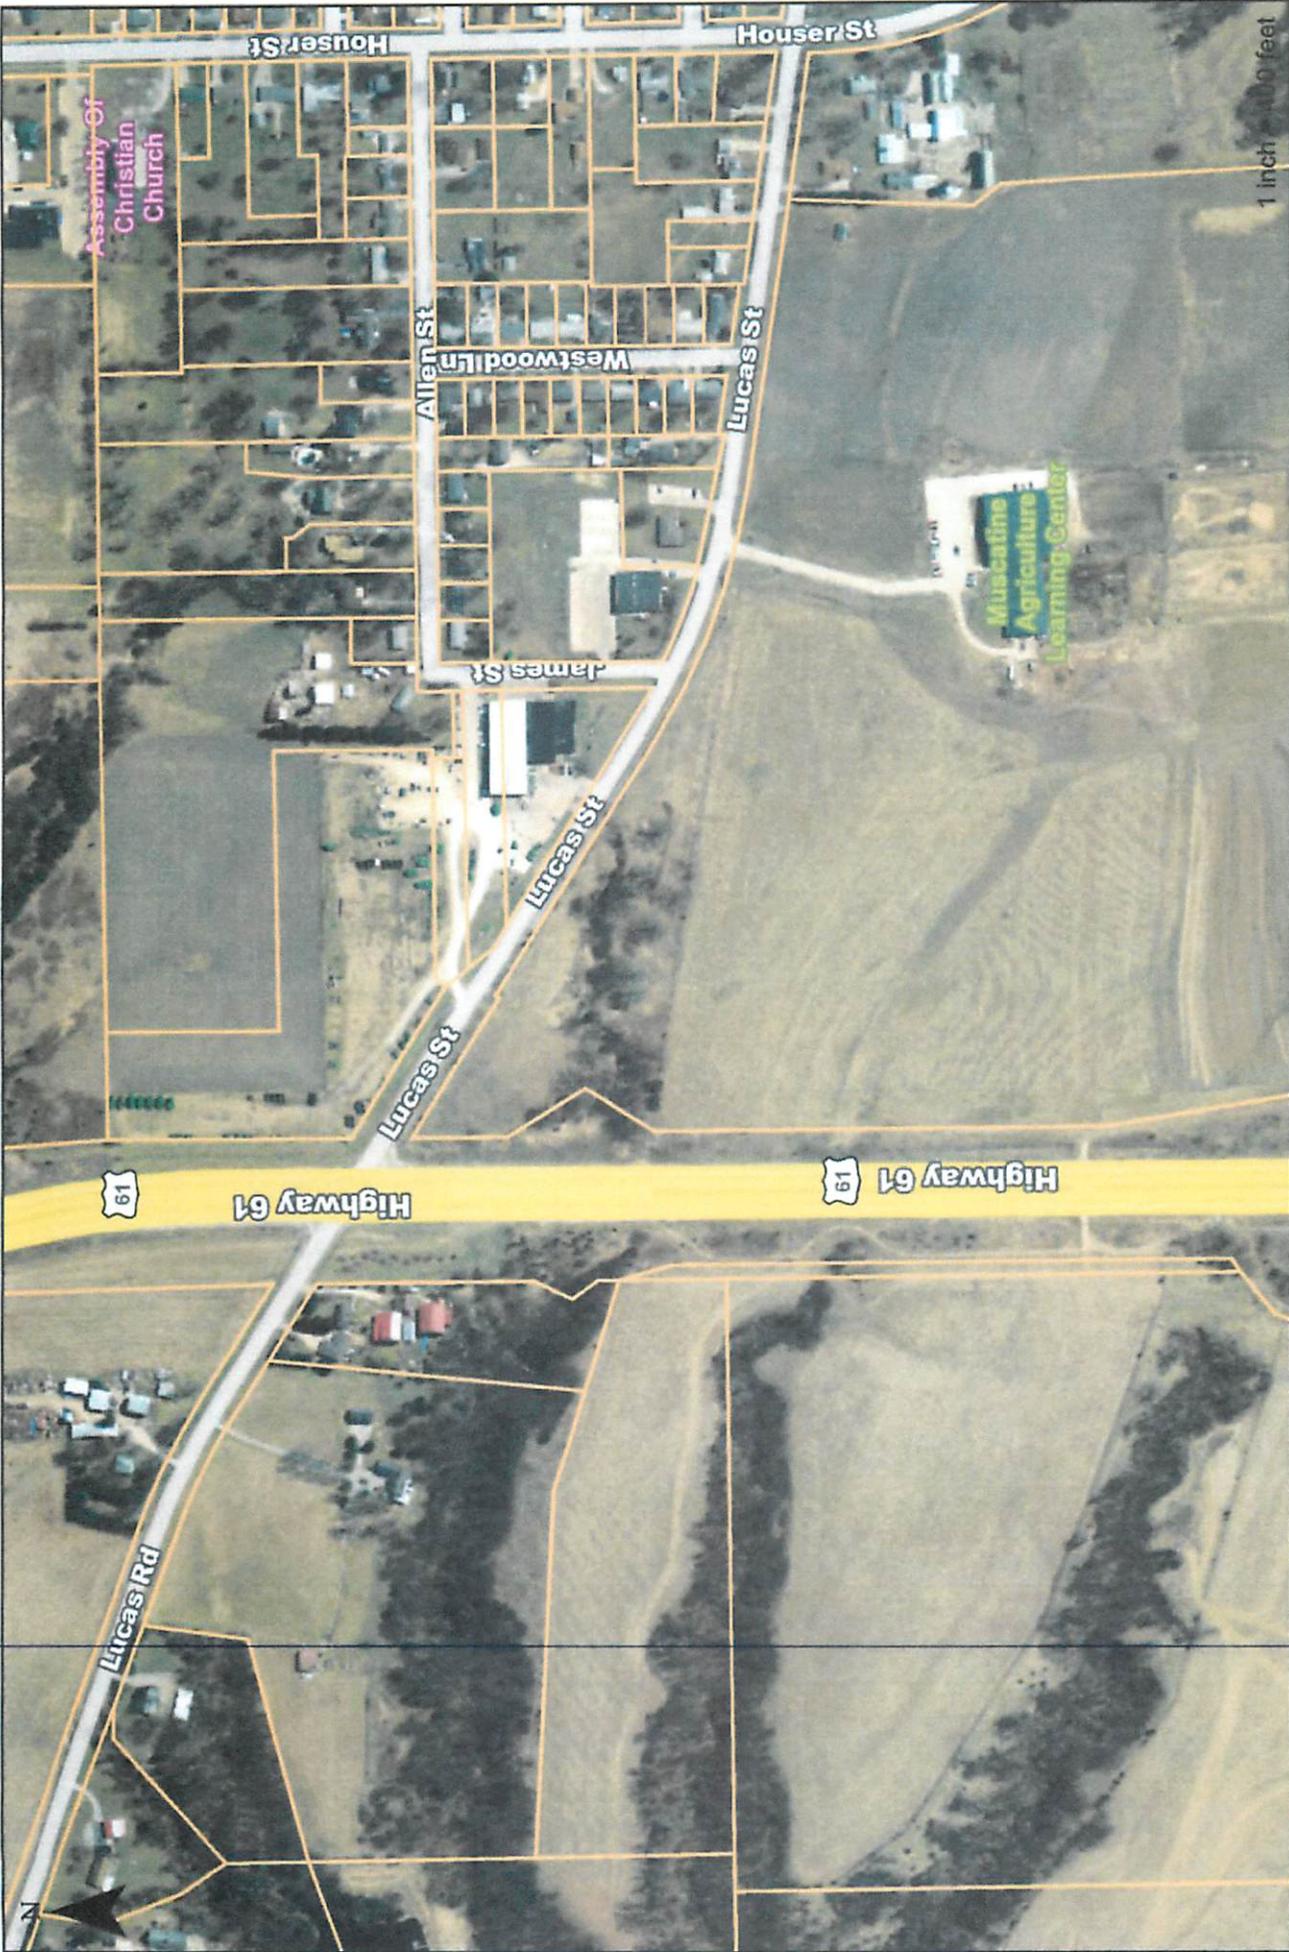

The Traffic Committee understands the problem(s) occurring in this neighborhood created by the truck traffic. We also know that delivery trucks can use non-truck routes as long as it is the most direct way to their destination. The farm implement business and the Ag Learning Center will not be impacted by the "No Truck" restriction.

The City's Traffic Committee recommends posting "No Trucks" for this section of Lucas Street.
