White stated the change order is adding this road to the 2014 maintenance project contracted with Illowa Investment, Inc. Board consensus was to proceed with a change order for Secondary Roads Project L-(M14-1)—73-70 HMA overlay on G-28 (231<sup>st</sup> Street) from Independence Avenue west to the Cedar River Bridge in the amount of \$626,637.82.

County Engineer Keith White updated the Board on Secondary Road construction projects.

Discussion was held regarding a possible class specification and grade recommendation for an Assistant County Engineer position. White stated this is part of the succession process requested by the Board that would allow the hiring of an Assistant County Engineer with a civil engineer degree and some experience.
