RE: Council Action – Request Approval to Post “No Parking” on Webster Street

INTRODUCTION:

The Traffic Committee has received a request to move the “No Parking” sign on the north side of Webster further west to improve the site distance for traffic.

BACKGROUND:

A “No Parking” sign currently exists on the north side of Webster by Isett Ave. However, when vehicles are parked across from one another it is difficult to see traffic that is eastbound on Webster or turning west from Isett. There have also been reports of a boat trailer as well a semi-tractor trailer parked at this location which significantly reduces visibility.

RECOMMENDATION/RATIONALE:

The Traffic Committee recommends moving the “No Parking” sign further west by the portion of Webster that is wider for park users. This should provide ample parking and open up the Webster/Isett intersection more for motorists.
