Hello Randy,

MPW is looking at starting work on the valve on Cypress on Monday the 30th of November.

We have two valves and a line stop to install in the intersection. Cypress will need to be closed for the block from W 6th to W 5th. We will keep a lane open for West 5th traffic.

I will continue to work through our traffic plan and stay in touch.

The work in this area will last from November 30th thru December 4th.

Thanks
