Re: Request to Approve IDNR Contract

INTRODUCTION: The City has recently acquired the property known historically as the TeStrake property. The City is in the process of demolishing or de-constructing several buildings on the site. As part of the Mississippi Drive project, we intend to complete the activity on this project by later this Spring.

BACKGROUND: The process of demolition or de-constructing requires the City to conduct an asbestos abatement review and certification to meet Iowa Law. We have also worked with the Iowa DNR to provide financial assistance to pay for abatement at the TeStrake site per the Asbestos Containing Material (ACM) inspection report, which was paid for by the IDNR under contract.

Staff is scheduled to abate the asbestos found on the site the week of May 8th. The IDNR will give the City a reimbursement grant to pay 50% up to \$25,000. The bid price is \$18,975.00, which the IDNR will reimburse the City \$9,847.50.

RECOMMENDATION: Staff is requesting Council approve the IDNR contract for financial assistance of 50% for asbestos abatement of the TeStrake property.
