RE: Request to Eliminate Parking on the North and South Sides of Sunset Drive from the Intersection of Sunrise Circle to a Point 195 Feet West

INTRODUCTION:

The Muscatine Traffic Committee has received several requests for action regarding traffic and parking near the intersection of Sunset Drive and Sunrise Circle.

BACKGROUND:

Based on the information received from residents and the Traffic Committee's investigation of the matter it is the opinion of the Traffic Committee that in order to provide for suitable sightlines and driver safety no parking should be allowed on the north and south sides of Sunset Drive from the intersection with Sunrise Circle to a point approximately 195 feet west.

Council and residents discussed this topic at the June 8th, 2017 council in-depth meeting.

RECOMMENDATION/RATIONALE:

Staff recommends that council approve this request to eliminate parking on the north and south sides of Sunset Drive from the intersection of Sunrise Circle to a point 195 feet west. The Street Division of Public Works will install signage or painting necessary to mark the no parking locations.
