RE: Request to Install Four-Way Stop at 4<sup>th</sup> and Cherry Streets.

---

**INTRODUCTION:**

The Muscatine Traffic Committee requests to make the temporary four-way stop at the intersection of 4<sup>th</sup> and Cherry Streets into a permanent all-way stop.

**BACKGROUND:**

Currently the intersection of 4<sup>th</sup> and Cherry is a temporary four-way stop intersection due to construction on the West Hill Sewer Separation Project. Neighboring residents have suggested to keep the four-way stop after construction is completed. The Traffic Committee feels that this intersection is safer and functions better in the four-way stop configuration.

**RECOMMENDATION/RATIONALE:**

Staff recommends that council approve this request to change the intersection of 4<sup>th</sup> and Cherry to an all-way stop. There is no direct cost to the city to install new stop signs at this location.
