**Re:** A Resolution Approving a Community Tourism and Attraction (CAT) Grant Agreement with the Enhance Iowa Board, for the Pearl Progress Project.

#### BACKGROUND:

The Pearls of Progress Project fund raising effort has reached its goal to raise the funds necessary to qualify for the Enhance Iowa Board \$500,000 Community Attractions and Tourism (CAT) grant. The Pearls of Progress Project, which actually consists of four separate projects, can now move forward as "fully funded". On October 12, 2017 the Enhance Iowa Board has approved the application for a \$500,000 CAT for the Pearls of Progress Project, contingent on the remaining small fund-raising gap of \$420,000 being closed. Community donations, from over 238 individuals, business, and other organizations, have now closed the fund-raising gap and on November 28, 2017 the City of Muscatine was notified by the Enhance Iowa Board the grant award was now fully secured. The following table shows the full breakdown of how the Pearls of Progress Project is to be funded, including commits by the City of Muscatine, as previously approved by City Council.

Now that the Pearls of Progress Project is now fully funded, the next step is for City Council to approve the attach agreement with the Enhance Iowa Board.

The Pearls of Progress is a joint project of the City of Muscatine, Muscatine County, and the Muscatine County Conservation Board, and coordinated by the Community Improvement Action Team (CIAT) and the CAT Grant Committee. The focus of the project is to make Muscatine a more attractive place to live, work, play, visit, and do business.

The four selected components represent an \$8.02 million investment in the community. The components include converting the former HNI headquarters into a new library and community center, construction of the Westside Trail that will link Discovery Park to Kent Stein Park, construction of the Muscatine Dog Park, and construction of four rental cabins at Deep Lakes Park. This project will build on significant prior investments made in community enhancement projects. The forthcoming major investments will help assure the economic vitality of the community and improve recreational and cultural amenities.

## **Musser Public Library & HNI Community Center**

The current home of Musser Public Library, which is 25,000 square feet in size, opened its doors in August of 1972. In 2015 a Master Plan Study, including a Space Needs Assessment, to determine how the library could best serve the community over the next twenty years was conducted. The study, provided 3 options; refurbishing the current facility, and two new, building options. The estimated costs for these options ranged from approximately \$10 million to \$16 million. The Library Board both felt that these costs were far too expensive and that we would not be able to proceed further based on those amounts. Then, unexpectedly, HNI Corp. contacted the City of Muscatine with a possible solution. HNI had already begun the process of relocating their corporate headquarters from their current location of 408 E. 2nd St., to a soon-to-be renovated HNI property directly adjacent. HNI offered to donate to the City their current headquarters to be used as a community center and library, creating the opportunity for the library to acquire a new facility for a fraction of the cost of building new.

The property was officially given to the City in December of 2016, and is appraised at approximately \$5 million dollars. This donation provides the City of Muscatine with a new location for Musser Public Library and make available ample meeting room space in the form of the HNI Community Center. In addition to the building and grounds donation, HNI has donated all community center/library-applicable existing furniture currently in the building including office furniture, soft seating, file and storage cabinets, several conference tables and chairs, custom made casual furniture, whiteboards, and projection screens.

The new building is 34,000 square feet in size, over 25% larger than our current location. There are 109 parking spaces, the current library relies on a small number of metered on-space parking space for its parking needs. The building is LEED Silver certified, and is fully ADA compliant. If in the future, a need for expansion arises, the

space is available to do so. The structure was completely renovated in 2005 and yet maintains its historical character, a critical component that lends itself to the mission of community stewardship that the library strives to provide. There will be over a dozen meeting and conference rooms ranging in size from 2-person study carrels to a 105-person capacity program room. While new libraries are moving towards increased meeting room and program space, the average amount of square footage devoted to these spaces is still only 3% of overall public space. In the new facility over 9% of available space will be devoted to this use placing the HNI Community Center & Musser Public Library far ahead of the curve in national library trends.

The new facility will serve as an anchor for the East end of Downtown Muscatine and provide space for existing community programs and activities such as the Farmer's Market and the Arts Council's outdoor Sunday concert, along with in-house programming created by the Library. This new dual-function facility will be owned by the City of Muscatine and will be fully operated and managed by the City's Library Department. This construction and remodeling project will bring the new building make suitable for community center and library operations.

## **Muscatine Community Dog Park**

The Muscatine Community Dog Park will be the Muscatine area's first off-leash dog park. The location secured for this project is on 14-acre City owned parcel that was previously leased out for agricultural purposes directly north of the City compost site, and directly west across Houser Street from Kent-Stein park. Four separated fenced areas are at the heart of the proposed design. Together these three fenced areas total 5 acres. They are each designed to serve the needs of a specific group of users. There will be a 0.5 acre senior dog area, a 1.5 acre small dog area, and 3 acre large dog area

The parking lot, drinking fountains, picnic shelter, and informational kiosks that will be constructed as part of the Muscatine Community Dog Park, will also function a major trailhead on the City of Muscatine Trail network. The dog park is within 100 yards of the junction of the Westside Trail, Kent-Stein Park to Deep Lakes Park Trail, and the Riverfront Trail, and is directly to this junction by a one mile loop trail that runs on the west side of Houser Street around City owned property that includes the Dog Park, a native prairie planting, the compost site, the Muscatine Transfer Station, and the Muscatine Slough. The ability for parking lot, drinking fountains, etc to also serve a trailhead provides a substantial savings over the cost of separately developing such facilities for each of the three projects, and provides a much better return on the dollars invested in these facilities

## **Westside Trail**

The Westside Trail will be an approximately 1.75-mile trail, 10' wide off road, multi-use trail, that will extend from Kent-Stein Park to Discovery Park. Construction of this trail will accomplish a number goals that will enhance the quality of life in Muscatine. It will create a single continuous trail network that links up all the Muscatine areas major

recreational amenities. A major obstacle to pedestrians and bicyclists safely traveling in the west side of Muscatine will be removed through the construction of the Westside Trail.

Currently there are two disconnected trail networks in Muscatine. There is a 3.5 mile network located in northwest Muscatine, which comprised of trails maintained by the City of Muscatine, the Muscatine County Conservation Board, and the Muscatine Community Y. There is a 4.5 mile trail that stretches from Deep Lakes Park along the Mississippi River through downtown and to its eastern terminus at Solomon Road just east of the Muscatine city limits. The Westside Trail will link these two trail networks into a single communitywide trail network.

The planning process for the Westside Trail began the identification in the City of Muscatine Comprehensive Plan, that was adopted in 2013, of a trail connection between Kent-Stein Park and Discovery Park a significant community need. In 2015 the Westside Trail was selected to receive \$432,000 of federal funding in FY 2019. This federal funding will come from Transportation Alternatives Program (TAP). The TAP program is a set-aside from Surface Transportation Program funds, a federal-aid transportation program, which provides funding used by States and localities for transportation improvement projects.

Both the Westside Trail and the Kent-Stein Park to Deep Lake Park Trail, a more than four-mile trail currently under construction, will begin at the western terminus of the existing Riverfront Trail within Kent-Stein Park. The Westside trail will then proceed north along Houser Street, through future site of Phase III of the Muscatine Soccer Complex. After crossing Hershey Avenue, the Westside trail will proceed up the bluffs to the Muscatine Agricultural Learning Center. Currently there is no safe pedestrian or bike access to the Ag Learning Center. After crossing Lucas Street, the trail travels a short distance into Discovery Park. The Westside Trail will terminate in Discover Park with a connection to an existing trail. The City is in process of selecting an engineering firm to perform a route study. This study will determine the best route for the Westside Trail, with a particular focus on finding the best route through the bluff area.

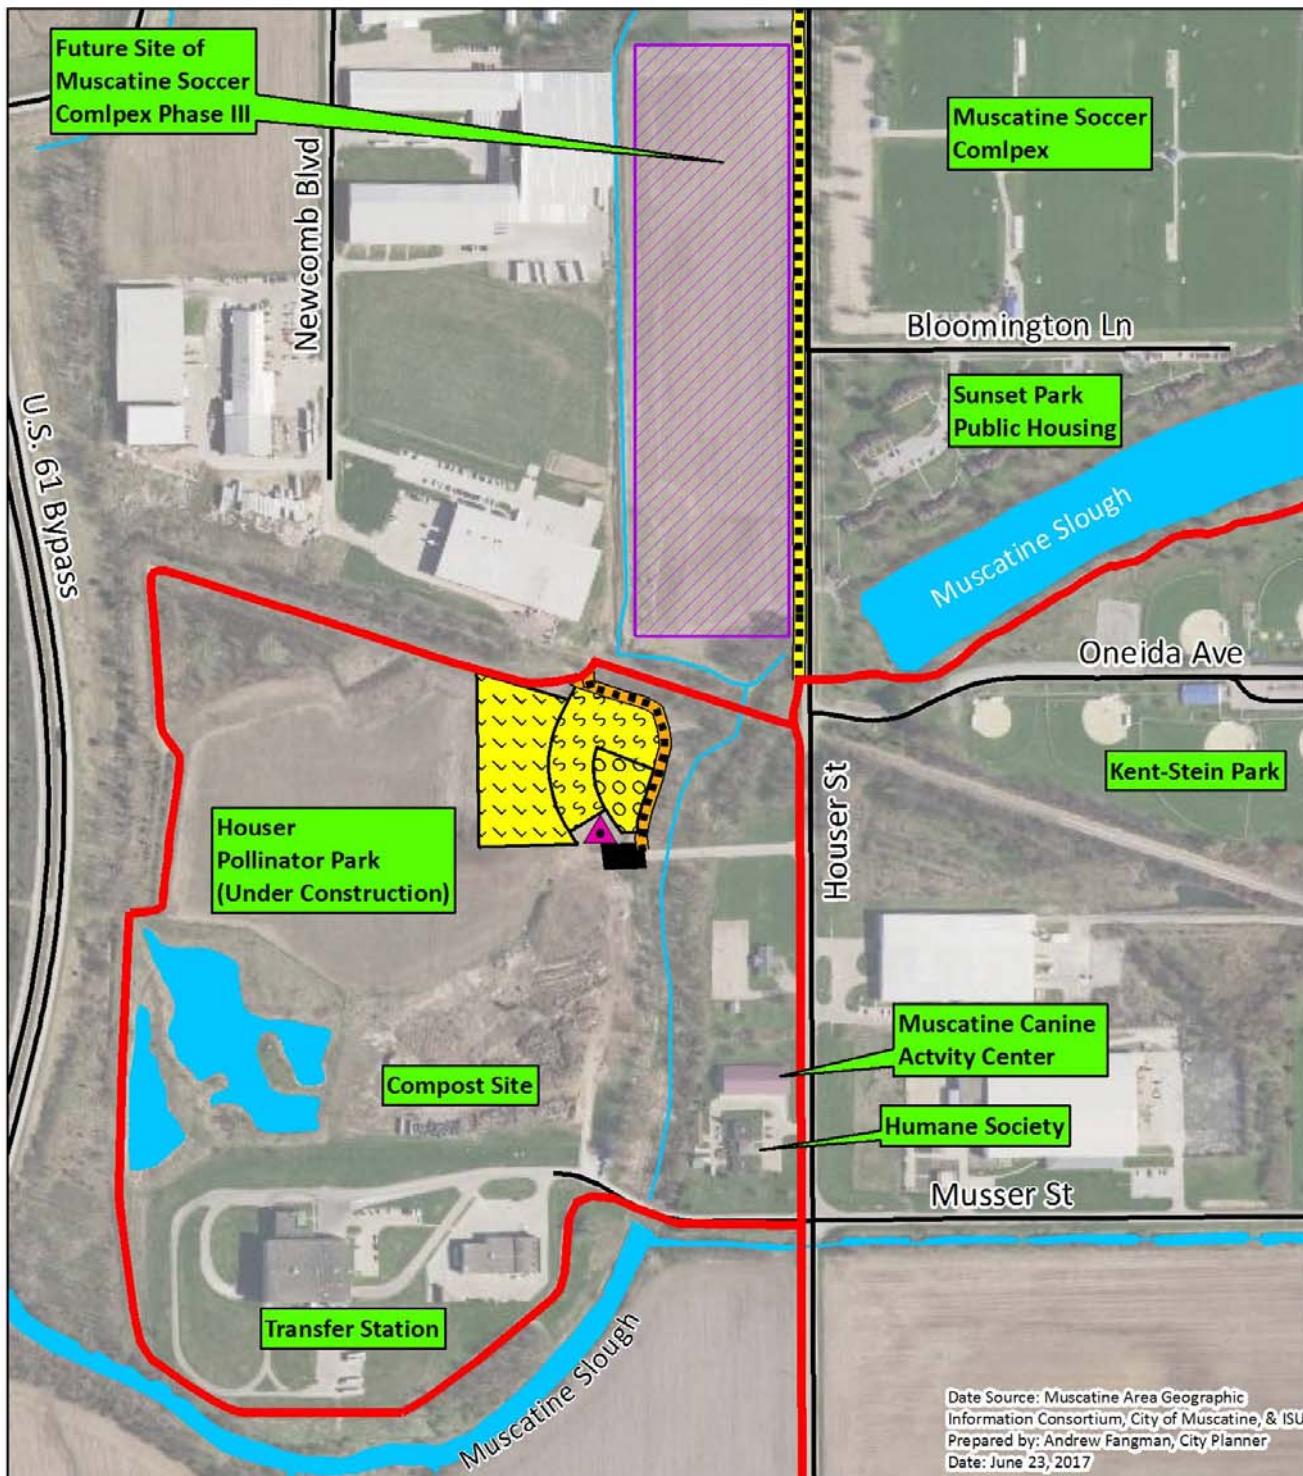

## **Deep Lakes Park Cabins**

In April 2013 Muscatine County's newest park, Deep Lakes Park, was opened to the public for the first time. This park, located approximately one mile south of Muscatine, was made possible by a gift of land from the W.G. Block Company to the Muscatine County Conservation Board. The 435 acres of Deep Lakes Park contain approximately 120 acres of open water spread across more than 20 individual and interconnected lakes. The balance of Deep Lakes Park is comprised of sand dunes, grassy and brushy areas, and established cedar and cottonwood trees.

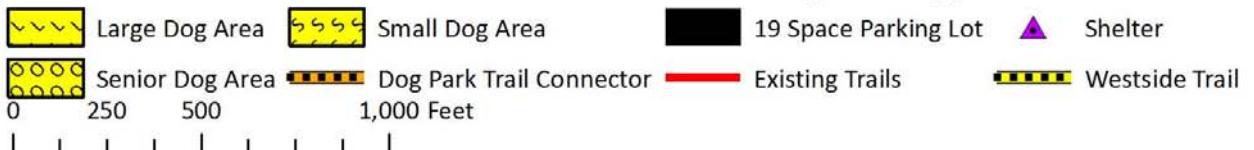

Since taking ownership of the land in December 2012 the Muscatine County Conservation Board has installed five gravel parking lots, two concrete boat ramps,

joined together two of the lakes, made improvements to fish habitat, constructed a beach with a swim area, installed a sand volleyball pit, and constructed a handicapped accessible fishing pier. This plan, which was based on input received from the public, was completed and adopted by the Conservation Board in 2014. The Kent-Stein to Deep Lakes Park Trail, a City of Muscatine project, which will be completed in October of 2017 will connect Deep Lakes Park to the City of Muscatine trail network with a paved, off road trail of more than four miles in length.

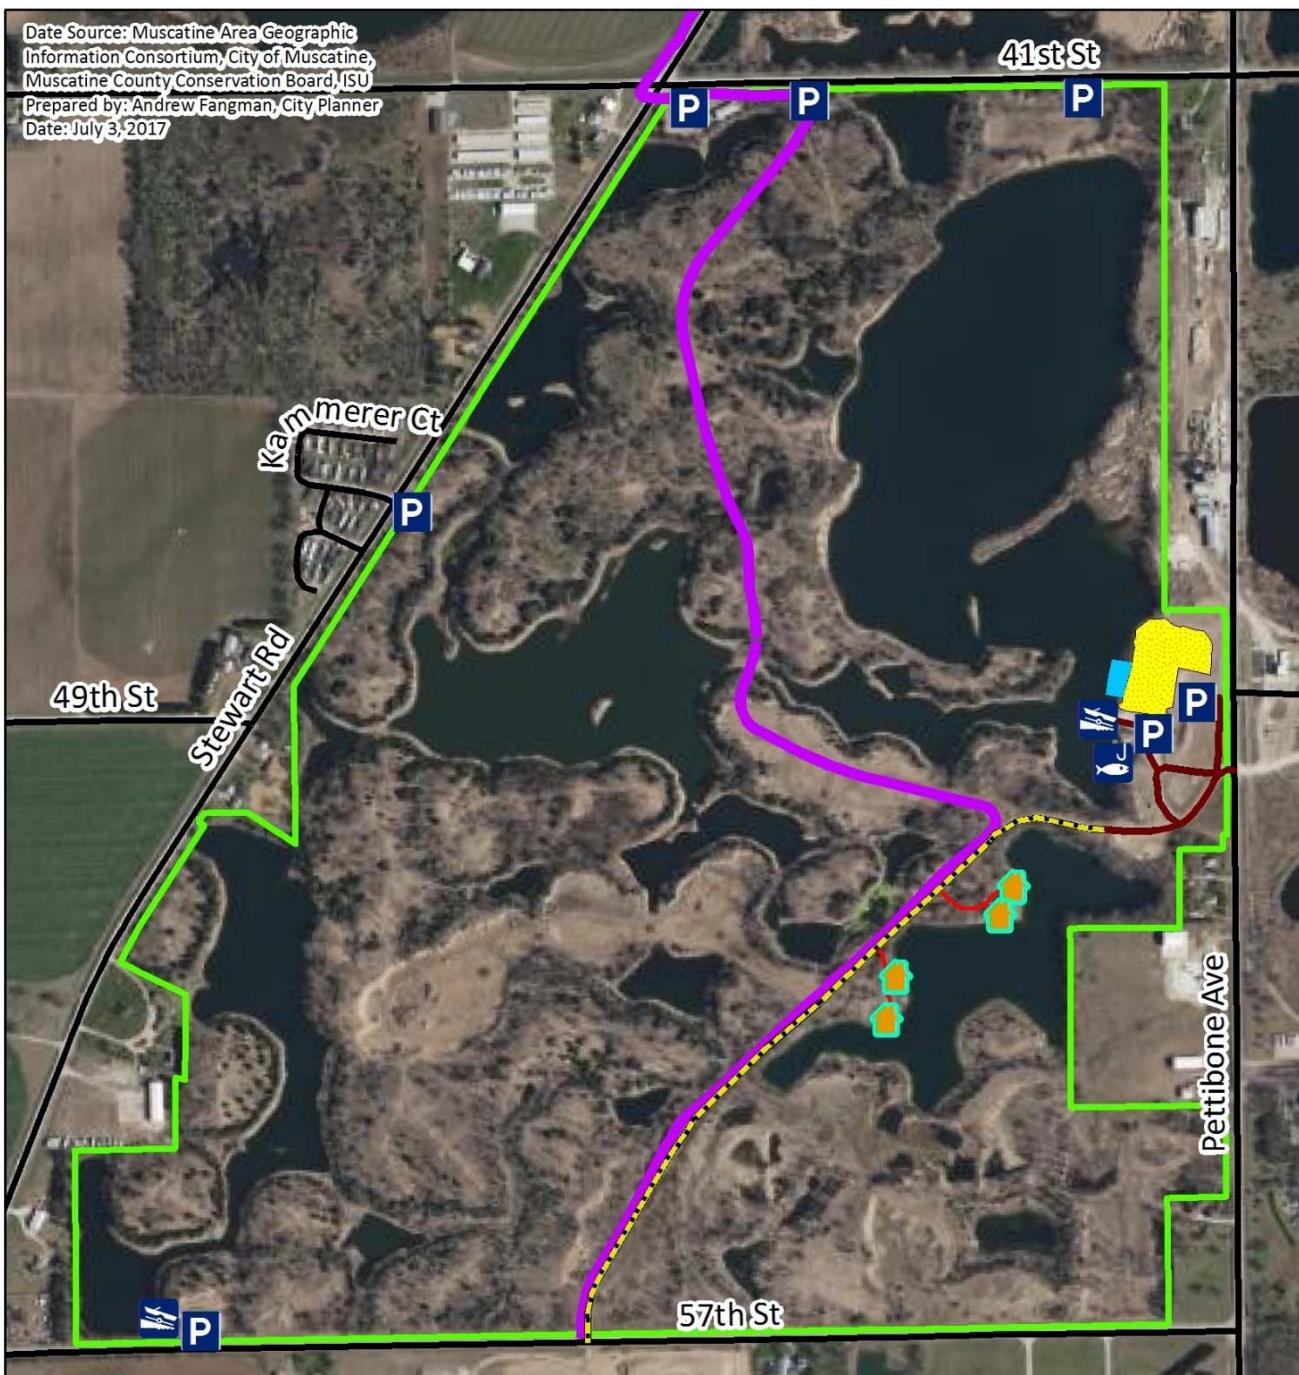

The Conservation Board also commissioned Shoemaker-Haaland to develop a master plan for the full development of Deep Lakes Park. The Deep Lakes Park Master Plan identifies over \$4 million worth of desired improvements that will transform the park into a major draw for visitors from Muscatine and beyond. The County Conservation Board has identified construction of four modern cabins, capable of sleeping 6 to 8 people, that would be available for rent year-round, as the next part of Master Plan for implementation, and has secured \$500,000 of County funds for the project. The proposed rental cabin would also be a first of its kind in Muscatine County. Such cabins have proven popular in surrounding County and State parks.

**Example:**

If the total amount spent to complete the project is less than the total Project Cost specified in Exhibit C of the Grant Agreement, the Board or IEDA shall calculate the amount of Grant funds to be returned as follows: first, the total amount spent to complete the project is subtracted from the total Project Cost listed in Exhibit C to determine the change in Project Cost. Second, the change in Project Cost is divided by the total Project Cost listed in Exhibit C. Third, this percentage is multiplied by the original Grant award. The product is the amount of the Grant award that Recipient shall return to IEDA.

**Numbers from Exhibit C of the Agreement**

- The funded project had a total project cost listed in Exhibit C of \$1,000,000
- The funded project had a total Grant funds listed in Exhibit C of \$200,000

**Completed project numbers**

- The project, when completed, had a total cost of \$900,000

**Calculation of the amount to be returned**

1. The actual total Project Cost (\$900,000) is subtracted from the total Project Cost listed in Exhibit C (\$1,000,000). This amount equals \$100,000.
2. \$100,000 divided by \$1,000,000 equals 10%.
3. 10% multiplied by \$200,000 equals \$20,000. **Recipient shall return \$20,000 to IEDA.**

**5.7 PRIOR COSTS** No expenditures made prior to the Effective Date may be included as Project Costs for the purposes of this Agreement.

**5.8 CONVEYANCE OF PROJECT PROPERTY** From the Effective Date to the date three (3) years after the Agreement End Date, the Recipient shall not sell, transfer, convey, assign, encumber, or otherwise dispose of all or any portion of the Project property as described in Exhibit A without the written permission of the Board. Permission may be withheld in the sole discretion of the Board.

Should the Board grant permission to the Recipient to sell, transfer, convey, assign, encumber, or otherwise dispose of any Project property, the Recipient shall repay the full amount of the Grant award plus a pro-rata share of the profits realized by the sale of the Project property. The percentage of profit to be allocated to the Board shall be commensurate with the financial assistance contributed to the Project by the Board. The Board may waive its right to reimbursement, in whole or in part, if the Board determines, in its sole discretion, that the public interest would best be served thereby.

**ARTICLE 6**  
**CONDITIONS TO REIMBURSEMENT AND DISBURSEMENT OF FUNDS**

**6.1 CONDITIONS TO REIMBURSEMENT** All of the following conditions shall be met before IEDA disburses Grant funds to Recipient:

(a) **AGREEMENT EXECUTED** This Grant Agreement shall be properly executed and returned to the Board within forty-five (45) days of the Board's transmittal of the final Agreement to Recipient.

(b) **BINDING FINANCIAL COMMITMENTS** Recipient shall obtain, to the satisfaction of the Board, all other legally binding financial commitments necessary to complete the Project. Failure to secure and submit documentation of such commitments to IEDA by November 30, 2017 shall be grounds for termination of this Agreement.

(c) **SUBMISSION OF RECIPIENT DOCUMENTATION** Prior to making any distribution of Grant

funds, Recipient shall have submitted the following documents to IEDA:

**For the City of Muscatine:**

- (i) A resolution of the City Council authorizing the execution and delivery by the Recipient of this Agreement and such other documents as the Board or the Board's legal counsel may reasonably request and specifying the officer(s) authorized to execute the Agreement and such other documents that are necessary to bind the Recipient.
- (ii) Evidence acceptable to the Board or the Board's legal counsel of all other funding sources that have been committed to this Project.
- (iii) Form "W-9, Request for taxpayer identification number and certification."

**For the Muscatine County Conservation Board:**

- (ii) Evidence acceptable to the Board or the Board's legal counsel of all other funding sources that have been committed to this Project.
- (iii) Form "W-9, Request for taxpayer identification number and certification."

**6.2 REIMBURSEMENT OF FUNDS** The Recipient shall submit a request for reimbursement to IEDA before IEDA shall disburse any award proceeds. Requests for reimbursement shall be made in a manner acceptable to IEDA.

Recipient or its designee shall request reimbursement by submitting the request in the form designated by IEDA. The form shall itemize Recipient's total actual allowable expenses. Expenses shall be documented in a manner acceptable to IEDA.

IEDA will review the request and, if Recipient has met the requirements for reimbursement, will make the appropriate disbursement from the CAT Fund.

The reimbursement by the Board will be limited to a pro-rata portion of the Recipient's allowable expenses for the relevant period.

If the estimated cost of the Project changes by more than five percent (5%), Recipient shall notify the Board within thirty (30) days of identifying that the Project Cost has changed. Upon notice of change in the estimated cost of the Project, the Board may exercise its discretion to adjust the reimbursement ratio accordingly.

(a) **REIMBURSEMENT RATIO** When calculating the reimbursement ratio, IEDA will make an adjustment for up to twenty-five percent (25%) of the local match amount to be in-kind donations. The reimbursement ratio is calculated by dividing the Grant funds by the difference between the total Project Cost and the adjusted in-kind allowance.

**Example:**

**Numbers from Exhibit C of the Agreement**

- Total Project Cost: \$1,144,000
- Grant funds: \$200,000
- Local Match: \$944,000

**In-kind allowance**

- Local Match (\$944,000) multiplied by 25% equals \$236,000

**Calculation of the reimbursement ratio**

- The difference between the total Project Cost (\$1,144,000) and the in-kind allowance (\$236,000) equals \$908,000.
- The Grant funds (\$200,000) divided by \$908,000 equals 22%.
- The reimbursement ratio of Grant funds is 22%.

(b) **METHOD OF PAYMENT** Prior to reimbursement, the Recipient shall specify the account to receive funds. Grant funds shall be maintained in a segregated account and shall not be commingled with other funds.

(c) **SUSPENSION OF REIMBURSEMENT** Upon the occurrence of an Event of Default as defined in this Agreement by the Recipient, IEDA may suspend payment to the Recipient until the default has been cured to the Board's satisfaction. Notwithstanding anything to the contrary in this Agreement, upon a termination of this Agreement because of an Event of Default by the Recipient, Recipient will no longer have the right to receive any reimbursements after the date of the Event of Default.

(d) **INVESTMENT OF GRANT FUNDS** In the event that the Grant funds are not immediately utilized, temporarily idle Grant funds held by the Recipient may be invested, provided that such investments shall be in accordance with Iowa law, including but not limited to the provisions of Iowa Code Chapter 12C concerning the deposit of public funds. Interest accrued on temporarily idle Grant funds held by the Recipient shall be credited to and expended on the Project prior to the expenditure of other Grant proceeds.

All proceeds remaining, including accrued interest, after all allowable Project costs have been paid or obligated shall be returned to IEDA within thirty (30) days after the Project Completion Date. Within ten (10) days of receipt of a written request from the Board or IEDA, Recipient shall inform the Board in writing of the amount of unexpended Grant funds in the Recipient's possession or under the Recipient's control, whether in the form of cash on hand, investments, or otherwise.

- (i) Annual audited financial statements.
- (ii) Certified year-end financial statements or balance sheets.
- (iii) Final Performance or Audit Reports.

The Board reserves the right to require more frequent submission of any of the above reports if, in the opinion of the Board, more frequent submissions would help improve the Recipient's Project performance.

(d) **NOTICE OF MEETINGS** The Recipient shall notify the Board at least ten (10) working days in advance of all meetings of its governing body at which the subject matter of this Agreement or Project is proposed to be discussed. The Recipient shall provide the Board with copies of the agenda and minutes of such meetings and expressly agrees that a representative of the Board may attend any and all such meetings for the purposes of the discussion of this Project.

Recipient shall notify the Board forty-five (45) days prior to any change in the Recipient's ownership, structure, or control. A change in board membership of the Recipient, which takes place in the normal course of business, does not require Board consent. The Board has sole discretion to determine whether the change materially affects the Project. The Board shall not unreasonably withhold consent and will notify Recipient prior to the expiration of the 45-day period if it determines that the change in ownership, structure, or control does not materially affect the Project and therefore does not require Board consent

(f) **RECIPIENT OPERATION** Materially change the scope or use of the Project or the nature of the business and activities being conducted or proposed to be conducted by Recipient as described in the Recipient's approved CAT Application, (Exhibit A) unless the change is approved in writing by the Board. The Recipient shall return to IEDA all unencumbered Grant funds within one (1) week of receipt of Notice of Termination. Any costs previously paid by the Board that are subsequently determined to be unallowable through audit procedures shall be returned to the Board within thirty (30) days of the disallowance.

## **ARTICLE 10** **GENERAL TERMS AND PROVISIONS**

**10.1 BINDING EFFECT** This Agreement shall be binding upon and shall inure to the benefit of the Board and Recipient and their respective heirs, successors, legal representatives, and assigns. In addition, the Recipient may be declared ineligible for future Community Attraction and Tourism Program assistance or be subjected to other sanctions, as defined by law, for failure to comply with this section.

**10.5 SURVIVAL OF AGREEMENT** Each provision of this Agreement shall be deemed severable from all other provisions of the Agreement and, if one or more of the provisions of the Agreement shall be declared invalid, the remaining provisions of the Agreement shall remain in full force and effect.

(b) **BOARD REVIEW** The Board will consider whether an amendment request is so substantial as to necessitate reevaluating the Board's original funding decision on the Project.
