RE: Request to Move On-Street Parking From the East to West Side of Orange Street
Between 5th and 6th Streets

INTRODUCTION:

The Muscatine Traffic Committee has received a request from HyVee to permanently move the on-street parking on Orange Street between 5th and 6th Streets from the east to the west side of the street.

BACKGROUND:

Parking on Orange Street between 5th and 6th Streets is currently allowed only on the east side of the street. HyVee feels that more spaces would be available for residents, employees and customers by allowing parking on the west side of the street to avoid the fire hydrant and alley entrance on the east side.

RECOMMENDATION/RATIONALE:

Staff recommends that council approve this request to move on-street parking on Orange Street between 5th and 6th Streets from the east side to the west side.
