RE: Request for Street Closure, E. 3rd Street – 100 Block

INTRODUCTION:

The contractor redeveloping the Hershey Building is requesting to close E. 3rd Street between Iowa Avenue and Sycamore Streets for paving restoration and utility work.

BACKGROUND:

Due to the unknowns of underground work, the closure is estimated at one week. Weather and other underground surprises could make the closure longer. No building will be denied access to existing parking lots and the utility work will only take out an estimated two parking spaces. Detour signage will be provided by the contractor.

RECOMMENDATION/RATIONALE:

Approve the request for closure of E. 3rd Street between Iowa and Sycamore Streets.
