BACKGROUND:

The design process for Grandview Ave. is essentially complete and the plans have been submitted to the IowaDOT for review. Bolton-Menk is the design consultant on this project. This project goes from Main Street to approximately 200 yards past Houser Street. A public information meeting was held on this project Dec. 17, 2019 at the WPCP. This project, to continue, needs council to hold the public hearing on this capital improvement and pass the resolution to approve plans and specs. Abbreviated plans sheets have been posted on the City's web site. This project is let by the IowaDOT and as such the letting process is controlled by them. Once the rest of the project schedule is known we will publish it to the City Council.

RECOMMENDATION AND RATIONALE:

City staff requests the adoption of the resolution to approve plans and specs for the Grandview Ave. Reconstruction Project.
