### SUBJECT:

---

An Ordinance Vacating Unimproved Alley Right of Way

### EXECUTIVE SUMMARY:

---

Millwork Properties, LLC has submitted a request to vacate, and then deed over, the unimproved alley right of way that directly adjoins the rear of their property at 1103 Musser Street.

### STAFF RECOMMENDATION

---

Staff recommends approval of the attached ordinance vacating the alley right of way in Block 7 of George Smalley's Addition to the City of Muscatine, Iowa.

### BACKGROUND/DISCUSSION

---

Millwork Properties, LLC filed a right of way vacation for all of the alley between Brier and Musser Street. The alley is currently undeveloped. Alliant Energy will be rebuilding the distribution system from Musser to S. Houser Street next year. The Muscatine Power and Water also asked for the public utility easement be extended to Musser Street right of way.

Easements to accommodate existing and future public infrastructure will be created as part of this vacation if it is approved.

The proposed purchase price is \$250 is the standard amount used in the recent disposal of right of way that only has value to the adjoining property owner. The price covers the City's cost of processing the transaction, which benefits the City by adding such real estate and any subsequent improvements to the tax roll.

With approval of the final reading of the ordinance vacating this right of way, it is then necessary for Council to approve a resolution directing for the Mayor and City Clerk to sign the deed conveying this right of way to Millwork Properties, the adjoining property owner.

### CITY FINANCIAL IMPACT

---

Approval of this action would result in a small increase in revenue. The applicant will cover the transactional costs. The vacation will make the property and any future improvements made upon it subject to property tax.
