ACCOUNTING PROCEDURES

I. City Receipts

- A. All funds received for golf fees (daily green fees, season passes, tournaments and group outings) are to be entered into the computerized cash register as received. Cash register receipts are to be given to each customer.
- B. Daily deposits are to be made to the City's account at First National Bank using deposit slips provided by the City. A notation of "Golf Deposit" should be noted in the margin of the deposit slip. A night deposit key will be made available to facilitate evening deposits. If deposits are not taken to the bank in the evening, the deposit should be secured in one of the safes.
- C. For each day's deposit, a "Daily Sales Report" form is to be prepared which lists the register "key" totals for each category of sales. This form should be filled out completely including (1) beginning and ending transaction numbers for the day; (2) the number and dollar amount of sales by type for season passes and green fees and the number and amount of gift cards sold that day; (3) the computation of sales tax on season passes and greens fees; and (4) gift cards used. This form is to be signed by the person preparing the deposit. The amount of the deposit must agree with the information on the "Daily Sales Report".
- D. If an incorrect amount is entered into the register, a correcting entry should be made reversing the original entry. For each correcting entry, an explanation of the reason for the correcting entry is to be written on the register receipt with the signature of the individual making the correcting entry. These receipt copies are to be attached to the "Daily Sales Report". If longer explanations are required, attach a separate page.
- E. Gift certificates for green fees and season passes will be sold **only** at the Golf Course. The Golf Professional is to maintain a log of gift cards issued including card number; who the card is issued to; the purchaser; and the amount. As the cards are sold, the card numbers and total amount of the card sales for the day are to be recorded on the "Daily Sales Report". Gift cards should **not** be considered taxable sales until used.
- F. As customers use gift cards, the respective sale is to be entered into the register for the total amount of the transaction. (This will be the time the sale becomes subject to sales tax.) The gift card will be applied towards the total charge for the customer. The customer is to pay the balance of the transaction (if any) by cash or check. Gift cards used are to be totaled and subtracted from total sales on the "Daily Sales Report" to derive the amount of the City deposit. The gift cards used are to be marked as "canceled" and attached to the "Daily Sales Report" form.

- G. The bank deposit slip should be completed listing currency, coin, and check amounts separately, as required. One dollar bills should be wrapped in \$50.00 packets and Coins should be placed in rolls if possible, otherwise into a coin envelope with the amount noted on the envelope. Checks are to be made payable to the “Municipal Golf Course” and are to be endorsed with the stamp provided by the City. A calculator tape can be attached totaling the checks in lieu of listing each check on the deposit slip. A double count of all funds received and the addition of the deposit slip amounts should be completed to insure the accuracy of the deposit. Both white and yellow copies of the deposit slip are to be included in the bank bag with the funds deposited.
- H. The cash register daily totals report is to be attached to the “Daily Sales Report” along with the pink copy of the deposit slip, any voided transactions and any gift certificates used. This packet is to be forwarded to the Director at least weekly. The detail transaction printouts and the second part of the cash register tape marked with the appropriate range of dates are also to be forwarded to the Director at least weekly.
- I. Provisions should be made for the security of any starting cash when the Pro Shop is not open.
- J. The cash register drawer is to be left open at night.
- K. Checks for payment are to be made payable to the Municipal Golf Course and are not to exceed the total purchase amount. No two party checks are to be accepted.

II. Season Pass/Play Records

- A. A record of the season pass sales should be made on the form provided. All season pass purchases must be paid in full at the time of purchase. No payment plans will be offered.
- B. Season passes are to be signed by the purchaser when issued.
- C. The Tee-Time record should be fully completed and marked each day as follows: NS = no shows, S = season pass round, X = cash round, and a C = comp round. This record should be maintained by the Golf Pro and be available for City staff review upon request.

III. Sales Information

- A. Golf professional will submit to the Director of Parks and Recreation the annual income and expense report (all revenue and expenditures) within 30 days of the closing of the course for that season.

IV. Credit Card Usage

- A. The only credit cards accepted are Visa and Master Card. The City of Muscatine and the Golf Professional reserve the right to deny credit card usage for group events.
- B. Check/debit cards can only be accepted if they carry the Visa or Master Card symbol.
- C. If a transaction is entered incorrectly, it can be voided and re-entered during that same day by following the void procedures provided by the banking institution.
- D. The City's policy is not to do refunds by credit card. Any refunds to customers are to be by check.
- E. Credit cards are to be accepted for the amount of the purchase only - no cash back to customers.
- F. Customers are to sign the credit card slips. The City keeps the original (white) copy with the yellow given back to the customer.
- G. For any credit card transactions taken over the telephone, the credit card number provided by the customer, as well as the card expiration date, should be repeated back to the customer for verification.
- H. If voice authorization is needed for the credit card (message will appear on machine), call the number on the reference sheet.
- I. City greens fees and season pass receipts are to be deposited daily to the City's bank account by the Golf Professional. If due to credit card transactions, the available funds (cash plus checks) are not sufficient to fund the required deposit, the amount available is to be deposited that day. The balance of the deposit is to be made by the Golf Professional on a separate deposit slip within three (3) banking days. The second deposit slip should include the date for which the additional deposit is being made and the notation "Balance of Deposit" for __/__/__".

NOTE: The above procedures are subject to review and revision by the Finance Department. Any questions should be referred to LeAnna McCullough, Interim Finance Officer or Richard Klimes, Director of Parks and Recreation.
