RE: Annual Transit Funding Application

INTRODUCTION:

Annually, the City of Muscatine is required to submit an application to the Iowa Department of Transportation for State and Federal Transit funds.

BACKGROUND:

The City of Muscatine relies on State (STA) and Federal (FTA) Transit Funds to support the city's MuscaBus operation. As part of the City's application it is anticipated the city will receive \$316,108 in federal assistance; \$189,322 in state assistance and \$149,600 in statewide federal capital assistance for the replacement of two buses, #238 and #239 for FFY 2013/14. The federal and state assistance for operating \$316,108 and \$189,322, respectively do not require a match from the City of Muscatine. Capital assistance for bus replacement requires the City to contribute 15% of the vehicle cost, or \$13,200 each maximum.

In previous years, the application also included requests for JARC (Job Access Reverse Commute) and New Freedom funding. These dollars required a 50/50 match from the City. MuscaBus operated two JARC operations: Nighttime Commuter Service and Muscatine/Wilton service. Funding for JARC and New Freedom has been repealed under MAP-21 federal legislation. While this funding has been repealed our FTA and STA funding increased due to ridership and revenue mile increases. During 2011/12 we received \$490,154 in federal and state operating dollars. The request for 2012/13 totals \$505,430, roughly a 4% increase. During 2011/2012 we did not receive any funding for capital spending. We are requesting funding for two replacement buses in 2013/14.

RECOMMENDATION/RATIONALE:

It is the recommendation of the Public Works staff for the Council to approve the Fiscal Year 2013/14 Application for State and Federal Transit Funds.
