STATE OF THE CITY TO BE PRESENTED ON MARCH 31

A different format to be used in presentation on past, present and future of Muscatine

MUSCATINE, Iowa – Muscatine Mayor Brad Bark will present his first “State of the City” address in a rather unique format this year. Joining him in a discussion of the past, present, and future of Muscatine will be City Administrator Carol Webb.

The presentation will be part of the March 31 *Muscatine In Focus* show. The City of Muscatine is inviting residents to submit questions they have about Muscatine’s future that will be presented to Bark and Webb during the presentation. Residents are asked to limit questions to 140 characters or less, be respectful with content, and submit the questions to Communications Manager Kevin Jenison (kjenison@muscatineiowa.gov) or to feedback@muscatineiowa.gov.

Questions will be compiled by subject matter with the most frequently asked posed to the mayor and city administrator.

Deadline for submitting questions is March 25.
