FINANCE & RECORDS

TO: Honorable Mayor and City Council

DATE: November 18, 2022

Iowa law requires that all cities publish within six months of the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the annual comprehensive financial report of the City of Muscatine for the fiscal year ended June 30, 2022.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Bohsack & Frommelt LLP, Certified Public Accountants, have issued an unmodified ("clean") opinion on the City of Muscatine's financial statements for the year ended June 30, 2022. The independent auditor's report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complement this letter of transmittal and should be read in conjunction with it.

The independent audit of the financial statements of the City was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the City's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are included in the compliance section of this report.

Profile of the Government

The City of Muscatine was incorporated in 1851 by a special act of the Iowa State Legislature and is located on the Mississippi River, which is the eastern boundary of the state of Iowa. The City is located 160 miles east of Des Moines, 200 miles west of Chicago, and is the county seat of Muscatine County. The City occupies a land area of approximately 18.5 square miles and serves a population of 23,797 (2020 Census population). The City is empowered to levy a tax on all property located within its boundaries.

The City operates under the mayor-council form of government and has a City Administrator. Policy-making and legislative authority are vested in a mayor and seven council members. The city council is

**"I remember Muscatine for its sunsets. I have never seen any
on either side of the ocean that equaled them" — Mark Twain**

responsible, among other things, for passing ordinances and resolutions, adopting the budget, appointing board, commission, and committee members, and hiring both the City Administrator and the City Attorney. The City Administrator is responsible for carrying out the policies and ordinances of the city council, for overseeing the day-to-day operations of the government, and for appointing the heads of various departments. The council is elected on a non-partisan basis. Council members serve four-year staggered terms and the mayor is elected to serve a two-year term. Five of the council members are elected by district. The mayor and the two remaining council members are elected at large.

The City provides a full range of services including police and fire protection; roadway maintenance; water pollution control; solid waste management; recreational and cultural activities and facilities; and a general aviation airport.

The City Council is required to hold two public hearings on and adopt a budget for each fiscal year no later than March 31 of the preceding year. The first public hearing is on the maximum property tax rate for certain tax levies. The final public hearing is on the final proposed tax rate and total revenues and appropriations. The annual budget serves as the foundation for the City's financial planning and control. The budget is prepared by function, fund, and department. The legal level of control is at the function level. The budget may be amended by resolution of City Council following a required public hearing.

The City's government-wide financial statements for fiscal year 2021/2022 include two discretely presented component units. These component units are those entities for which the City is considered to be financially accountable. These entities are the Muscatine County Solid Waste Management Agency (Agency) and Muscatine Power and Water (MP&W). The Agency is comprised of eight governmental entities in Muscatine County and based on the City of Muscatine population, the City accounts for 59% of the board's voting authority. The City Council also approves the Agency's budget, sets its rates, and approves any debt issuance. MP&W is a municipal utility which provides water, electric, and communications services within the City of Muscatine and in other areas within Muscatine County. MP&W's governing board is appointed by the City Council. MP&W provides a financial benefit by providing electricity for City buildings and all street and traffic lighting free of charge to the City. These entities are reported in separate columns in the government-wide statements to emphasize that they are legally separate from the City.

Local Economy

The City of Muscatine has a history of business and industrial development equal to cities of much larger size. Muscatine is the corporate headquarters of HNI Corporation, makers of office furniture. Other major employers located in the Muscatine area include Kraft-Heinz, food processing; Bridgestone-Bandag, makers of pre-cured tire tread rubber; Bayer (formerly Monsanto Company), herbicides and plastics; Raymond-Muscatine, front-end loaders, etc.; Grain Processing Corporation/Kent Feeds, corn distillates and feed; Stanley Consultants Inc., consulting engineers and architects; and Musco Sports Lighting LLC, sports lighting systems. The presence of many diverse companies has provided the Muscatine economy with economic stability and employment security for many years. Average annual unemployment rates over the past ten calendar years ranged from 2.6% to 5.8% with the rate for 2021 at 4.7%. The unemployment rate for 2020 was 5.8% and was impacted by the COVID-19 pandemic. Prior to 2020, the rates were 2.7% in 2019, 2.6% in 2018, 3.2% in 2017, and 3.8% in 2016.

While the City normally reports only average annual unemployment rates, the COVID-19 pandemic impacted the Muscatine County monthly unemployment rates beginning in April of 2020. In mid-March of 2020, the Governor of Iowa ordered all food and beverage facilities to suspend their indoor food and beverage services, and other non-essential businesses were mandated to be closed to the public in an effort to reduce the spread of the coronavirus. Muscatine County's unemployment rate increased to 11.1% in April of 2020 and was 11.3% in May. Businesses began re-opening in June, with some restrictions, and the

unemployment rate for June decreased to 7.7%. The monthly unemployment rates for July through December of 2020 decreased to 5.8%, 4.9%, 4.6%, 4.0%, 4.7%, and 5.4%, respectively. The monthly unemployment rates for January through June of 2021 were 6.8%, 5.9%, 5.1%, 5.1%, 4.7%, and 5.0%, respectively. The unemployment rates for July through December of 2021 were 4.3%, 4.4%, 3.8%, 3.7%, 3.4%, and 4.0%, respectively. The unemployment rates for January through August of 2022 were 4.9%, 4.0%, 3.7%, 2.4%, 2.5%, 2.9%, 2.9%, and 3.1%, respectively (an average of 3.3% for these eight months).

Muscatine Power and Water (MP&W), is the City of Muscatine's municipal light, water, and communications utility. In the past few years, the MP&W communications division completed a 100% fiber optic network and Muscatine is now among the elite cities with gigabit connectivity to every address. The City's Water Pollution Control Plant has undergone renovation over the years and currently has the capacity to triple the volume of wastewater it treats with only marginal increases in operating expenses. The City operates a general aviation airport and has excellent railroad service provided by the Canadian Pacific Railroad.

All of these elements provide an excellent atmosphere for continued economic stability and growth.

Long-term Financial Planning

Local Option Sales Tax. On May 10, 1994, the citizens of Muscatine first voted to implement a 1% local option sales tax for the purpose of funding storm and sanitary sewer renovation and extension projects. The tax was imposed effective July 1, 1994, for a five-year period. Voters approved continuation of the local option sales tax for two subsequent 5-year periods through June 30, 2009. This tax was used primarily for storm and sanitary sewer projects with the exception of 10% that was allocated to the Pearl of the Mississippi project from May 1, 2003 through June 30, 2009.

In 2008 the City held an election for the continuation of this tax and it again received strong support by voters. The ballot question approved extending this tax for an additional ten years (through June 30, 2019) with up to 20% of the proceeds to be used for the City's Pavement Management Program with the remaining 80% to be used for storm and sanitary sewer improvement projects. Future sewer projects have been identified including those required by an Order for Compliance on Consent issued by the United States Environmental Protection Agency (E.P.A.). Provisions of the Order require the City to complete separation of the combined sewers in the Hershey Avenue area by December 31, 2011, and separation of the remaining combined portions of the sewer system including the West Hill area by December 31, 2028. The Hershey Avenue Sewer Separation project was completed in 2011/2012. The first phase of the West Hill Sewer Separation project was completed in the fall of 2013 and the second phase was completed in the fall of 2014. The phase 3 contract provided that this work be done over three calendar years (2015, 2016, and 2017) and this phase was substantially completed in 2017. This timing corresponded to the timing of the local option sales tax receipts that funded this project. The phase 4 contract also provided that the work be done over three calendar years (2018, 2019, and 2020) and this phase was substantially completed in 2020. The phase 5 contract provides that this work be done over 2-3 years. Construction on phase 5 began in the spring of 2021 and is scheduled to be completed by the end of the 2023 calendar year.

The previous 10-year local option sales tax period was scheduled to end on June 30, 2019 and a referendum was held on March 6, 2018 on the proposal to extend this tax for an additional 15 years (through June 30, 2034) to fund future sewer (80%) and street (20%) improvement projects. The extension of this tax was again approved by voters with 88% voting in favor of the extension. The 80% allocation of the local option sales tax for sewer improvements will fund project costs and anticipated debt service costs for the remaining phases of the West Hill Sewer Separation project mandated by the Consent Order. The 1% local option sales tax generated over \$3.8 million in the most recent year.

Annual Pavement Management Program. The City began a comprehensive Pavement Management Program in 2007. Allocations totaling over \$5 million funded the initial upgrade of streets throughout the City. These improvements were substantially completed by June 30, 2010. The initial costs of this program were funded with general obligation bond proceeds. Annual allocations to maintain all streets at this higher level began in 2010/2011 with funding from the 20% allocation of local option sales tax and road use tax funds. The 20% allocation of local option taxes was \$774,940 in 2021/2022. In 2021/2022, a total of \$934,329 was expended for pavement management projects with \$774,940 funded from local option sales tax and \$159,389 funded from road use tax funds.

Mississippi Drive/Grandview Avenue Corridor Reconstruction Project. Engineering design began in July of 2015 and was completed in early 2017 on the first phase of the reconstruction of the Mississippi Drive/Grandview Avenue corridor from the Mississippi River bridge to the intersection of Grandview Avenue and the Highway 61 Bypass. This corridor is a portion of the Highway 61 business route which runs through the downtown area of the City. Project construction began in May of 2017 and was substantially completed in the fall of 2018 on phase one of the project from the Mississippi River bridge to Broadway, excluding the intersection at Mulberry Avenue. Phase one of this project was funded with a portion of the \$13 million in Transfer of Jurisdiction funds the City received from the State in August of 2014 as well as a \$4 million contribution from the Canadian Pacific Railroad. The next phase of the project, the 2nd Street and Mulberry Avenue roundabout, was completed in the 2020/2021 fiscal year. Construction began in 2020/2021 on the Grandview Avenue phase of the project, which is the final phase of the Corridor project. The Grandview Avenue reconstruction continued in 2021/2022 and is scheduled to be completed in the spring of 2023.

Airport Long-Range Plan. The City continues to complete improvements at the municipal airport as part of the long-range plan for this facility. An update to the Airport Layout Plan was completed in 2018/2019 that identifies future year improvements for the airport. Engineering design was completed in 2019/2020 for the reconstruction of Taxiway A, and construction began in fiscal year 2020/2021 and was completed in 2021/2022 for this project. Federal Aviation Administration (FAA) funding was originally set at 90% of project costs. After the original project budget was adopted, the City received notification that the 10% local share would be waived due to increased FAA funding related to the COVID-19 pandemic. Engineering design was underway in 2021/2022 for the taxilane widening project; construction on this project is scheduled to be completed in 2022/2023.

Utility Franchise Fee. In recent years, the City has made operational changes to address funding limitations to the General Fund. A key issue in the development of the 2010/2011 budget was the consideration of and ultimate adoption of a Utility Franchise Fee on Alliant Energy, the provider of natural gas to the community. The ordinance change adopting this fee provides that the fee may be up to 5% on natural gas sales by Alliant in the community. The initial rate was set at 2%, which was effective July 1, 2010. Implementation of this fee allowed for a reduction in the City's property tax rate for 2010/2011 and future years. The establishment of this fee also allowed the City to diversify funding sources used for the provision of General Fund services. With this franchise fee in place for up to 5% of gas sales, this has allowed flexibility for the City Council to modify this rate as needed to continue to provide expected levels of City services to residents. This rate can be modified by giving a 90-day notice to Alliant Energy.

The 2019/2020 budget included an increase in the Utility Franchise Fee from the previous 2% to the maximum rate allowed of 5%. This increase was recommended in order for the City to maintain its current level of services and provide the necessary capital equipment to departments. The 5% rate continued in 2020/2021 and in the original budget for 2021/2022. This assisted in maintaining the current service levels to residents while there were other revenue reductions due to the COVID-19 pandemic.

Beginning in the fall of 2021, there were multiple news articles and news releases concerning projected increased prices for major home heating fuels for the coming winter. An Alliant Energy News Center report referenced a U.S. Energy Information Administration report which “projects natural gas expenditures in the Midwest will rise by nearly 50% compared to last winter”.

The Alliant Energy’s News Center report further stated that “it is extremely difficult to accurately predict a realistic impact for customers” which directly correlates to the Utility Franchise Fees collected by the City. Projecting customer heating bills is further impacted since “customer heating bills are based on two elements - cost of energy itself and the amount of energy customers use”.

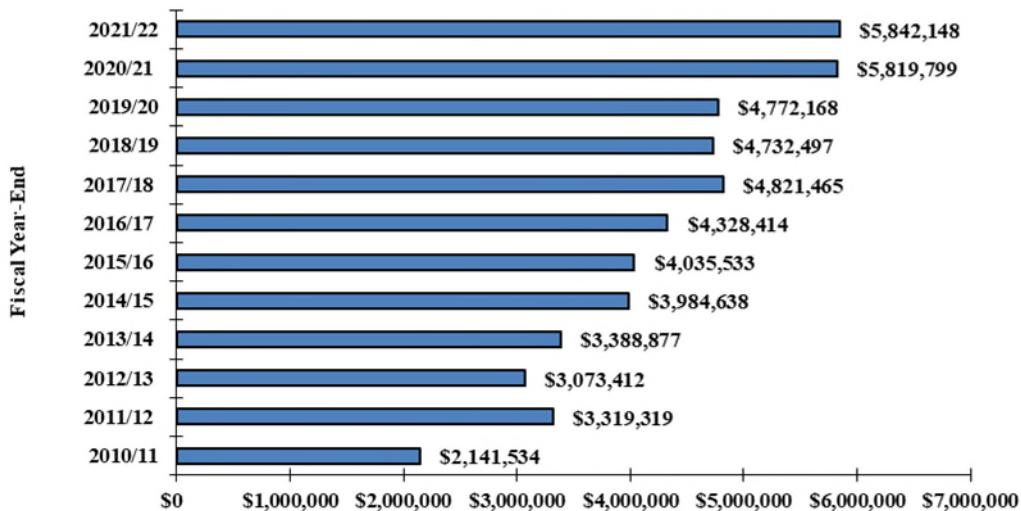

City Council members indicated a desire to reduce the City’s Utility Franchise Fee rate to lessen the impact to residents from the projected increase in natural gas prices and in December began the process to reduce the Utility Franchise Fee rate from 5% to 3%. After a required public hearing and consideration of the ordinance, this fee reduction was implemented effective February 1, 2022.

Relevant Financial Policies and State Legislation

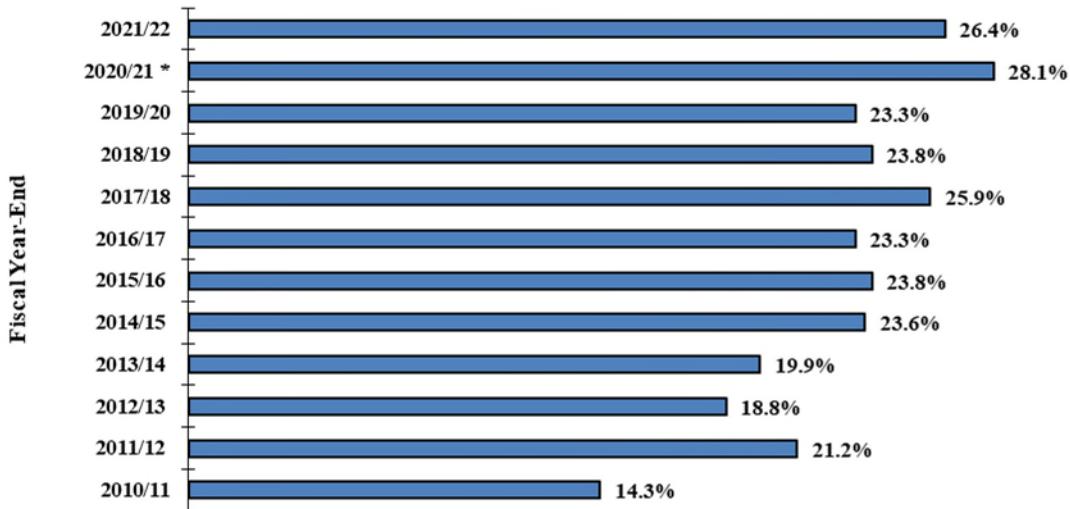

General Fund Balance Policy. In November of 2013 the City’s minimum General Fund balance policy was updated from the previous 10% of General Fund expenditures level to two months of General Fund expenditures, which is equivalent to 16.7%. The updated policy also addresses conditions for use of reserves, authority over reserves, and replenishment of reserves. The City Council has made efforts in recent years to incrementally increase the General Fund balance and the updated policy reflects the City Council’s formal commitment to this goal.

The City implemented Governmental Accounting Standards Board (GASB) Statement No. 54 in 2010/2011. This Statement provided for the following classifications of governmental fund balances: nonspendable, restricted, committed, assigned, and unassigned. The following charts show twelve-year histories of unassigned General Fund balances.

Unassigned General Fund Fund Balance History

Unassigned General Fund Balances as a Percent of Expenditures

The unassigned General Fund balance at June 30, 2011 was \$2,141,534, which was 14.3% of General Fund expenditures. Since that year the unassigned General Fund balance has increased as shown in the above graphs. The unassigned General Fund balance on June 30, 2020 was \$4,772,168, which was 23.3% of General Fund expenditures.

For June 30, 2021 the unassigned General Fund balance increased by \$1,047,631 to \$5,819,799 which was 28.1% of General Fund expenditures. In response to the COVID-19 pandemic, the City Council took a number of actions to reduce the impact of projected revenue reductions on the General Fund balance. Two of the most significant were to defer the hiring of four new fulltime positions added in the original 2020/2021 budget and not opening the Aquatic Center in the summer of 2020. While significant reductions in several revenue sources were projected (hotel/motel taxes, construction permits, interest, etc.), the actual reductions in most revenues were less than projected. The City also received CARES (Coronavirus Aid, Relief, and Economic Security) Act funding which assisted in maintaining General Fund services. The CARES Act funding included \$561,628 in COVID Relief funds from the State of Iowa, which was included in the June 30, 2021 General Fund balance.

For June 30, 2022 the unassigned General Fund balance increased by \$22,349 to \$5,842,148 which was 26.4% of General Fund expenditures. The amended budget for 2021/2022 was “balanced” by using \$300,000 of the State COVID Relief funds receiving in the prior year and \$222,000 of American Rescue Plan Act (ARPA) funds. Actual revenue and expenditure results for the year, however, were more favorable than anticipated which resulted in not needing to use those one-time funds to maintain service levels to residents. The most significant revenue increases included (1) hotel/motel taxes were \$228,300 over the budget estimate, (2) building permits and related revenues were \$91,800 over budget, and (3) the utility franchise fee was \$168,900 over the budget estimate. General fund department expenditures were also less than allowed for in the amended budget.

The budget for the upcoming 2022/2023 fiscal year was also “balanced” by using \$261,600 of the State COVID Relief funds and \$324,200 of the ARPA funds in order to maintain service levels to our residents. As was the case in 2021/2022, if it is found that the full amount of these one-time funds is not needed, they

will remain in their respective funds. The recent General Fund actual and budgeted ending balances have all exceeded the 16.7% minimum fund balance requirement in the City's General Fund Balance Policy.

Having the General Fund balance policy in place, as well as receiving the State COVID Relief funds and the ARPA funding, assisted the City in addressing the impacts of the pandemic while continuing to provide the current level of services to our residents.

State Legislation. In 2013 State legislation for property tax reform implemented a 10% rollback at 5% per year over two years (2014/2015 and 2015/2016), on commercial, industrial, and railroad property, after which this property will be taxed at 90%. This legislation included some backfill funding for local governments. There was no further change to the rollback factor on commercial, industrial, or railroad valuations for the 2016/2017 through 2022/2023 budgets. This legislation also created a new "multi-residential" property class which will be rolled back to residential levels by January 1, 2022, without backfill to local governments. This is being phased in beginning in the 2016/2017 fiscal year. The rollback factor for these properties was 86.25% in 2016/2017, 82.50% for 2017/2018, 78.75% for 2018/2019, 75.00% for 2019/2020, 71.25% for 2020/2021, 67.50% for 2021/2022, and will be 63.75% for 2022/2023. Beginning in 2023/2024, the rollback on multi-residential properties will be equivalent to the residential rollback in place at that time.

In the 2021 legislative session, Senate File 619 was enacted which will phase out the backfill funding for the commercial, industrial, and railroad property rollback included in the 2013 property tax reform legislation discussed above. The City of Muscatine's base backfill amount totals \$610,325. Based on the City's 18.68% increase in taxable valuation between fiscal years 2013/2014 and 2020/2021, the City qualifies for the 8-year phase-out of the backfill reimbursement. This calculates to a 12.5% annual reduction in the reimbursement beginning in fiscal year 2022/2023. The estimated backfill for 2022/2023 will decrease to \$538,792, then to \$461,821, to \$384,851, to \$307,881, to \$230,911, to \$153,940, and to \$76,970, for the following six years. The backfill funding will be fully eliminated beginning in the 2029/2030 budget year.

Utility Franchise Fee. As noted in the previous section, beginning in 2010/2011 the City implemented a 2% utility franchise fee on the provider of natural gas services in the community and this percentage has varied since this fee was implemented. This fee was reduced from the maximum rate of 5% to 3% effective February 1, 2022 due to the significant increase in the cost of natural gas. Since revenues from this fee can vary due to both on the cost of natural gas and gas usage by residents and businesses, the City will continue to monitor the revenues received from this fee in upcoming years.

Tax Increment Financing Funds. The City continues to claim less than the full amount of incremental taxes available from the Downtown and Southend Tax Increment Financing (TIF) areas. As growth in valuations in these areas has exceeded original projections, balances have been accumulating in these funds in advance of the debt schedules in effect. Not claiming the full amounts allows a portion of the increased values in each area to go back onto regular taxable valuations of all taxing entities. Approximately \$720,700 of incremental taxes were not claimed by the City for 2021/2022 and this amount is estimated at \$1,045,500 for 2022/2023. This results in increased regular taxable values and increased taxes generated by the \$8.10 General Fund levy.

Major Initiatives

The City continues to strive to make significant capital improvements to the City's infrastructure and facilities. Major budget initiatives for 2022/2023 include (1) completing the reconstruction of the Grandview Avenue portion (final phase) of the Mississippi Drive Corridor project, (2) continuing the construction on phase 5 of the multi-year, multi-phase West Hill Sewer Separation project, (3) completing

the construction of the downtown streetscaping project, (4) completing construction of the Southend Neighborhood improvement projects, (5) continuing the annual pavement management and new sidewalk construction projects, and (6) continuation of improvements at the airport.

Awards and Acknowledgements

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Muscatine for its annual comprehensive financial report for the fiscal year ended June 30, 2021. This was the 28th consecutive year that the City has received this prestigious award. In order to be awarded a Certificate of Achievement, the City published an easily readable and efficiently organized annual comprehensive financial report. This report satisfied both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

In addition, the City also received the GFOA's Distinguished Budget Presentation Award for its annual budget document for fiscal year 2022/2023. In order to qualify for the Distinguished Budget Presentation Award, the City's budget document was judged to be proficient in several categories, including as a policy document, a financial plan, an operations guide, and a communications device. The award for the 2022/2023 budget was the 38th consecutive year that the City of Muscatine has received the GFOA's Award for Distinguished Budget Presentation. The GFOA's Distinguished Budget Presentation Award is good for a period of one year. The City of Muscatine plans to submit its budget document for the 2023/2024 fiscal year to the GFOA to again be considered for this award.

In regard to the preparation of this report and the accounting activity throughout the year in the Finance Department, we would like to express our appreciation to all members of this department for their assistance and contributions to this endeavor. Also appreciated is the continued interest and support by the members of the City Council and City departments in planning and conducting the financial operations of the city in a responsible and prudent manner in these times of limited resources and ever-increasing demands. Lastly, we would extend our appreciation to Bohnsack & Frommelt LLP, Certified Public Accountants, for their assistance and suggestions in regard to the preparation of the Annual Comprehensive Financial Report.

Respectfully submitted,

Independent Auditor's Report

To the Honorable Mayor
and Members of City Council
City of Muscatine, Iowa
Muscatine, Iowa

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, business-type activities, each major fund, and the aggregate discretely presented component units and remaining fund information of the City of Muscatine, Iowa (City) as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund and the aggregate discretely presented component units and remaining fund information of the City, as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of Muscatine Power & Water which represents 89 percent, 90 percent and 88 percent respectively, of the assets, net position, and revenues of the aggregate discretely presented component units and remaining fund information. Those statements were audited by other auditors whose report has been furnished to us, and in our opinion, insofar as it relates to the amounts included for Muscatine Power & Water, is based solely on the report of other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to the financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As discussed in Note 16 to the financial statements, the City adopted new accounting guidance related to Governmental Accounting Standards Board Statement No. 87, *Leases*. As a result, June 30, 2021 governmental activities and business-type activities net position is restated by \$72,501 and \$17,826, respectively. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information; schedule of changes in the City's total OPEB liability and related ratios, schedule of changes in Muscatine Power & Water's net OPEB liability and related ratios, schedules of the City's proportionate share of the net pension liabilities for pension retirement systems, and schedules of the City's contributions for pension retirement systems, and Muscatine Power & Water schedule of changes in net pension liability and schedule of employer contributions on pages 18-34 and 98-122 be presented to supplement the basic financial statements.

Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements.

We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The supplementary information, including the Schedule of Expenditures of Federal Awards required by Title 2, *U.S. Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards* (Uniform Guidance), are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit and the report of the other auditors, the supplementary information and Schedule of Expenditures of Federal Awards is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 18, 2022, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City's internal control over financial reporting and compliance.

Bohnsack & Frommelt LLP

Moline, Illinois

November 18, 2022

Management's Discussion and Analysis

As management of the City of Muscatine, we present this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2022. This narrative is intended to supplement the letter of transmittal and the financial statements and should provide the reader with contextual information that will advance our goal of full disclosure.

Financial Highlights

- The assets and deferred outflows of resources of the City of Muscatine exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$183,220,601 (net position). Of this amount, \$12,482,322 (unrestricted net position), may be used to meet the government's ongoing obligations to citizens and creditors.
- The City's total net position increased by \$10,504,406 during the year. This overall increase includes a \$4,951,380 increase in the governmental activities and a \$5,553,026 increase in the business-type activities.
- At the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$14,215,617, a decrease of \$1,914,759 in comparison with the prior year. There were decreases of \$3,037,182 in the Other Street Improvements fund and \$70,976 in the Employee Benefits fund. These decreases were partially offset by increases of \$338,231 in the General fund, \$387,999 in the Local Option Sales Tax fund, \$41,579 in the Road Use Tax fund, \$7,458 in the Debt Service fund, and \$418,132 in Other Governmental funds. Of the ending balance, approximately 9% (\$1,261,816) was nonspendable, 53% (\$7,495,775) was restricted, 4% (\$589,038) was assigned, and 34% (\$4,868,988) was unassigned. Restricted, committed, assigned, and unassigned funds are available for spending within the statutory guidelines pertaining to each fund at the City's discretion.
- At the end of the current fiscal year, the City's unassigned fund balance for the general fund was \$5,842,148, which was 26.4% of total general fund expenditures.
- The City's total bonded debt increased by \$3,077,233 (13.3%) during the current fiscal year. During the year, \$6,190,000 in new general obligation debt was issued and \$2,555,000 in general obligation debt was retired. Sewer revenue loans outstanding decreased by \$747,000 during the year.
- The City implemented Governmental Accounting Standards Board Statement (GASBS) No. 87, *Leases*, during fiscal year 2022. The implementation of this standard revised certain asset and liability accounts related to leases and resulted in the restatement of the beginning net position for both governmental and business-type activities.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements; 2) fund financial statements; and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the City's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference between these four categories reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include Public Safety, Public Works, Health and Social Service, Culture and Recreation, Community and Economic Development, General Government, and Interest and Fees on Long-term Debt. The business-type activities of the City include Water Pollution Control, Transfer Station, Refuse Collection, Airport, Parking, Transit, Golf Course, Boat Harbor, Marina, Convention and Visitors Bureau, Ambulance, Soccer Events, and Public Housing.

The government-wide financial statements include not only the City itself (known as the *primary government*), but also two legally separate entities, Muscatine Power and Water and the Muscatine County Solid Waste Agency, for which the City of Muscatine is considered to be financially accountable. Financial information for these *component units* is reported separately from the financial information presented for the primary government itself. Muscatine Power and Water issues separate financial statements. The Solid Waste Agency does not issue separate financial statements.

The government-wide financial statements can be found on pages 35-38 of this report.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. This information is useful in evaluating the City's near-term financing requirements and is typically the basis that is used for developing the next annual budget.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison.

The City has six major governmental funds: the General Fund, the Employee Benefits Fund, the Local Option Sales Tax Fund, the Road Use Tax Fund, the Debt Service Fund, and the Other Street Improvements Fund. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for these major funds. Data from all other non-major governmental funds are combined into a single aggregated presentation and are referenced under a single column as Other Governmental Funds. Individual fund data for each of the non-major governmental funds is provided in the form of *combining statements* elsewhere in this report.

The basic governmental fund financial statements can be found on pages 39-44 of this report.

Proprietary funds. The City maintains two different types of proprietary funds. They are the enterprise funds and the internal service funds. While both types of proprietary funds are run in a business-like manner, enterprise funds are included in business-type activities since they serve the entire community, while internal service funds are included in *governmental activities* since they predominantly benefit the City's governmental functions.

Enterprise funds are used to report the functions presented as business-type activities in the government-wide financial statements. The City has thirteen (13) enterprise funds. Four of the enterprise funds, the Water Pollution Control Fund, Transfer Station Fund, Refuse Collection Fund, and Airport Fund are considered major funds and are reported individually throughout the report. The other nine (9) non-major enterprise funds are grouped together for reporting purposes and listed under a single heading, Other Enterprise Funds. Detail information for each of the nine (9) non-major enterprise funds is provided in combining statements elsewhere in this report.

Internal service funds are an accounting tool used to accumulate and allocate costs internally among the City's various functions. The City has four internal service funds: Equipment Services, Central Supplies, Health Insurance, and Dental Insurance. Individual fund data for the Internal Service Funds is provided in the form of combining statements in the latter section of this report.

The basic proprietary fund financial statements can be found on pages 45-49 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 50-97.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information. Required supplementary information includes (1) a budgetary comparison schedule on the aggregate basis for the City's budgeted governmental and proprietary funds, (2) the schedule of changes in the City's other post-employment benefits plan liability and related schedules, (3) the Muscatine Power & Water schedule of changes in the other post-employment benefits plan liability and related schedules, (4) the City's proportionate share of net pension liability and related pension contributions, (5) required supplementary information for Muscatine Power & Water's single-employer defined benefit pension plan, and (6) Muscatine Power & Water's proportionate share of net pension liability and related pension contributions.

The combining statements referred to earlier in connection with non-major governmental funds, non-major enterprise funds, and internal service funds are presented immediately following the required supplementary information.

Government-wide Financial Analysis

As stated earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$183,220,601 at the close of the fiscal year ended June 30, 2022.

By far the largest portion of the City's net position (89.4%) reflects its investment in capital assets (e.g., land, infrastructure, buildings, machinery, and equipment), less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

City of Muscatine's Net Position

	Governmental activities		Business-type activities		Total	
	Restated		Restated		Restated	
	2022	2021	2022	2021	2022	2021

Net position:						
Net investment in capital assets	80,298,038	77,447,711	83,454,376	80,664,102	163,752,414	158,111,813
Restricted	6,855,840	5,922,058	130,025	128,687	6,985,865	6,050,745
Unrestricted	(1,800,881)	(2,968,152)	14,283,203	11,521,789	12,482,322	8,553,637
Total net position	<u>\$ 85,352,997</u>	<u>\$ 80,401,617</u>	<u>\$ 97,867,604</u>	<u>\$ 92,314,578</u>	<u>\$ 183,220,601</u>	<u>\$ 172,716,195</u>

A portion of the City's net position (3.8%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position (\$12,482,322) may be used to meet the City's ongoing obligation to citizens and creditors.

At the end of the current fiscal year, the City is able to report positive balances in all three categories of net position for the government as a whole and the business-type activities.

Net investment in capital assets increased by \$5,640,601 during the year. Restricted net position increased by \$935,120. Unrestricted net position increased by \$3,928,685 during the year with the unrestricted net position of business-type activities increasing by \$2,761,414 and the unrestricted net position of governmental activities increasing by \$1,167,271.

Governmental activities. Governmental activities increased the City's net position by \$4,951,380 during the year. This overall increase was due to the following:

- Revenues for governmental activities increased in total by \$238,255 or .7% from the previous year. This overall increase is due to increases in property taxes (\$533,148), utility franchise fees

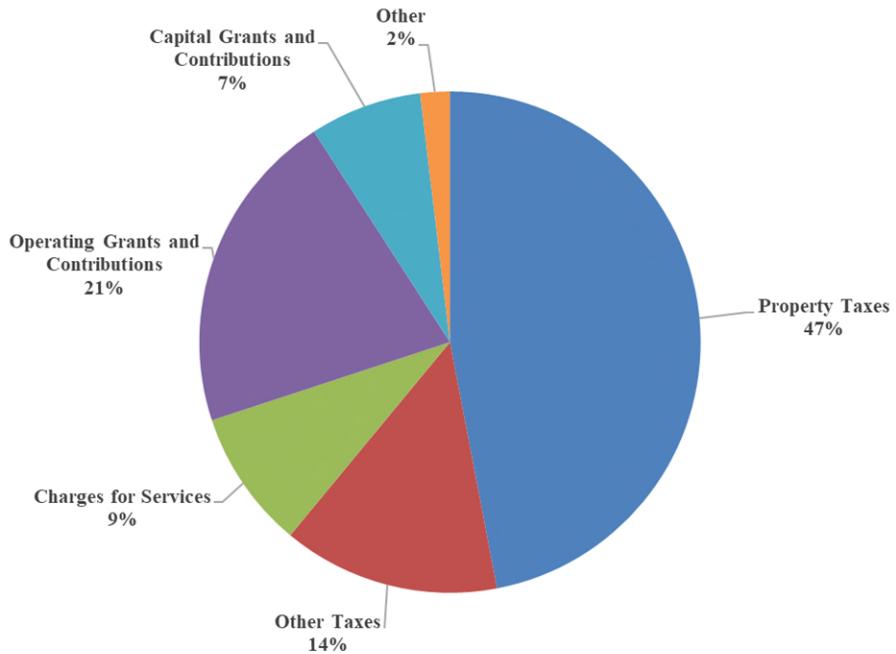

(\$62,567), charges for services (\$217,754), operating grants, contributions, and restricted interest (\$1,419,754), local option sales tax (\$176,325), and hotel/motel tax \$218,818. These increases were partially offset by decreases in capital grants and contributions (\$1,661,825), utility taxes (\$7,683), cable franchise fees (\$8,265), intergovernmental not restricted to specific programs (\$554,309), unrestricted investment earnings (\$21,918), and other revenues (\$136,111).

- Property taxes increased by \$533,148 (3.2%). The City's property tax rate remained the same in fiscal year 2021/2022 as it was in 2020/2021. The increase in property tax revenue is due to the growth in taxable valuations.
- Local option sales tax revenue increased by \$176,325 (4.8%). This increase may partially be due to more online sales with goods delivered directly to residents.
- Charges for services for governmental activities increased by \$217,754 (7.1%) compared to the prior year. Public safety charges for services decreased by \$40,798, public works charges decreased by \$153,028, culture and recreation decreased by \$54,867, community development charges increased by \$379,588, and general government charges increased by \$86,859. The decrease in public safety charges is due to a \$90,570 decrease in revenue from automated traffic enforcement (ATE) camera fines and the net effect of various other increases and decreases in police and fire department revenues. The decrease in public works is primarily due to a decrease in capital project cost reimbursements. The decrease in culture and recreation is primarily due to decreases in various park facility and program revenues. The increase in community development charges for services is primarily due to increases in construction permit fees and nuisance abatement reimbursements. The general government charges for services fluctuate from year to year.
- Operating grants, contributions, and restricted interest increased by \$1,419,754. There were increases of \$23,570 in public safety, \$1,474,946 in culture and recreation, \$399,005 in community and economic development, and \$18,917 in general government. These increases were partially offset by a decrease of \$496,684 in public works.
- Capital grants and contributions decreased by \$1,661,825 (to \$2,664,159) compared to the previous year. Capital grants and contributions fluctuate from year to year based on construction schedules for capital projects with grant funding.
- Unrestricted investment earnings decreased by \$21,918 due to the significant decrease in interest rates until the last few months of the fiscal year.
- Expenses for governmental activities decreased by \$1,566,139 (5.0%) from the previous year.
- There was a \$2,221,673 decrease in unfunded pension liabilities (expense decrease) in the current year compared to the \$1,156,710 unfunded pension liabilities increase (expense increase) in the prior year.
- Governmental expenses decreased in the public safety function (\$1,870,179), increased in public works (\$242,161), decreased in health and social service (\$12,500), decreased in culture and recreation (\$1,054,870), increased in community and economic development (\$856,149), increased in general government (\$302,644), and decreased in interest and fees on long-term debt (\$29,544).

Expenses and Program Revenues - Governmental Activities

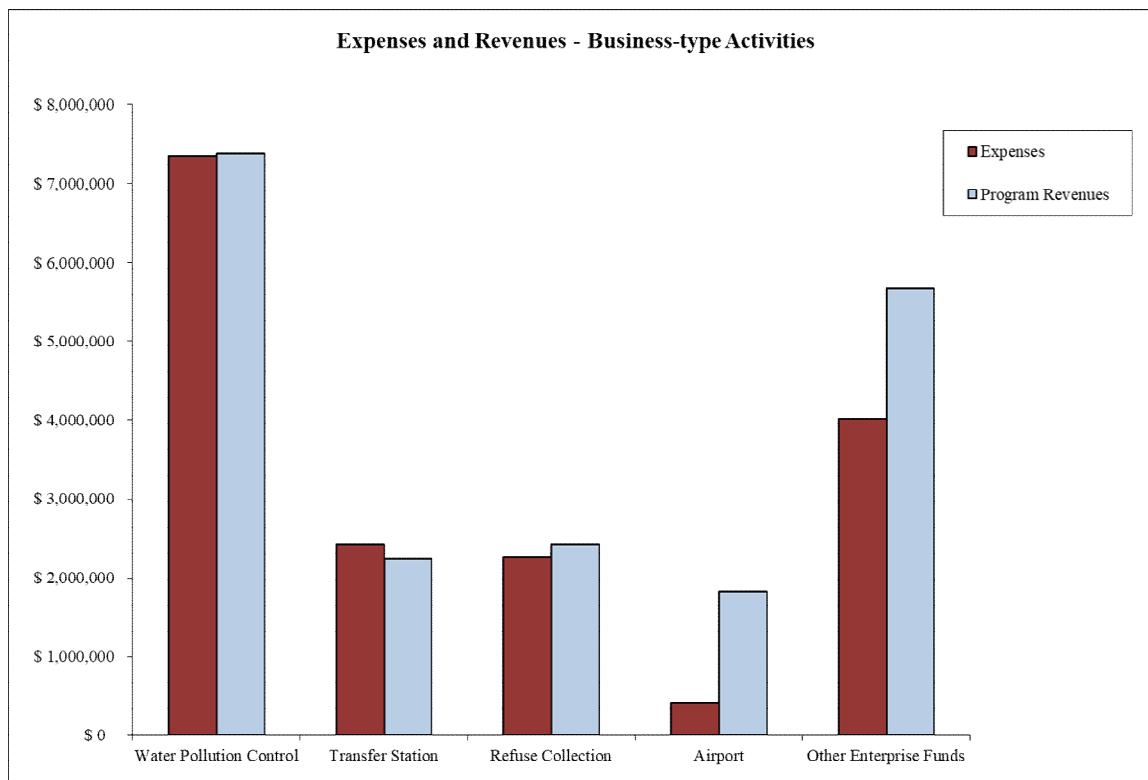

Revenues By Source - Governmental Activities

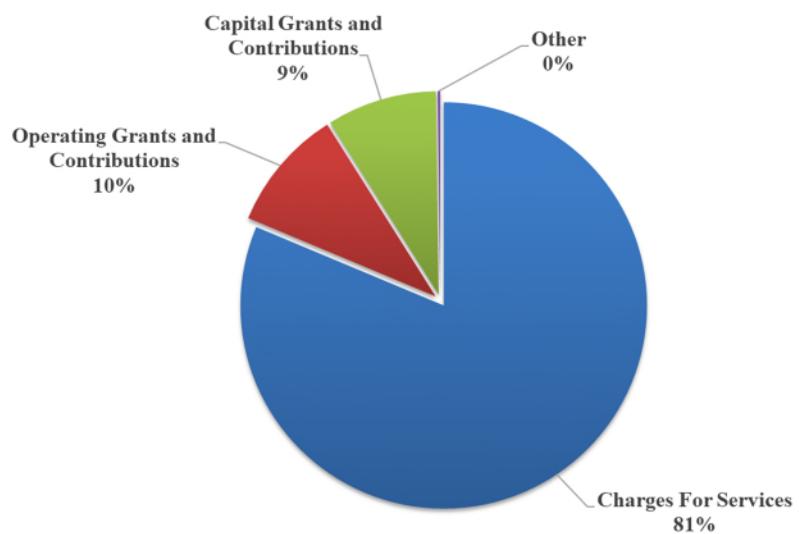

Business-type activities. Business-type activities increased the City's total net position by \$5,553,026 during the year. Increases in net position were reported in the Water Pollution Control, Transfer Station, Refuse Collection, Airport, Transit, Golf Course, Marina, Ambulance, and Public Housing funds. Decreases in net position were reported in the Parking, Boat Harbor, Convention and Visitors Bureau, and Soccer Events funds. Key elements of these changes are as follows:

- Net position of the Water Pollution Control fund increased by \$2,705,498 during the year. Transfers from the Local Option Sales Tax fund funded \$2,709,151 of sewer-related capital project costs during the year.
- Net position of the Transfer Station fund increased by \$313,657 during the year.
- Net position of the Refuse Collection fund increased by \$127,839 during the year.
- Net position of the Airport fund increased by \$1,419,780 during the year.
- Net position of the non-major enterprise funds increased by \$902,893 during the year due to increases in the Transit (\$537,529), Golf Course (\$104,259), Marina (\$2,425), Ambulance (\$263,381), and Public Housing (\$67,525) funds. These increases were partially offset by decreases in the Parking (\$1,989), Boat Harbor (\$19,383), Convention and Visitors Bureau (\$35,175), and Soccer Events (\$15,679) funds.
- Revenues for the business-type activities increased in total by \$238,308 (1.2%).

- Charges for services increased in total by \$228,352 (1.5%). Water pollution control charges for services decreased by \$2,938, transfer station charges increased by \$45,883, refuse collection charges increased by \$14,084, airport charges increased by \$910, and non-major business type fund charges increased in total by \$170,413.
- For non-major business-type activities, there were increases of \$13,418 in parking charges, \$29,162 in transit, \$24,978 in golf course charges, \$429 in marina charges, \$99,517 in ambulance charges, and \$26,070 in public housing charges. There were decreases of \$6,641 in boat harbor charges and \$16,520 in soccer events charges.
- Operating grants and contributions increased by \$336,113 (21.4%). Operating grants and contributions increased by \$367,938 in the transit fund and \$69,744 in the public housing fund. Operating grants and contributions decreased by \$1,822 in the water pollution control fund, by \$644 in the Transfer Station fund, by \$39,318 in the refuse collection fund, by \$135 in the golf course fund, by \$59,600 in the boat harbor fund, and by \$50 in the marina fund.
- Capital grants and contributions decreased by \$339,207. Airport capital grants increased by \$575,180 and transit capital grants increased by \$19,948. Water pollution control capital contributions decreased by \$809,235 and boat harbor capital contributions decreased by \$125,100. The water pollution control capital contribution decrease is due to the prior year capital contribution including the dedication of sewers and a lift station to the City by the developers of a new subdivision.
- Expenses for the business-type activities decreased \$625,139 (3.7%). Expenses decreased by \$737,995 in the water pollution control fund; increased by \$157,659 in the transfer station fund; decreased by \$49,867 in the refuse collection fund; decreased by \$22,839 in the airport fund; decreased by \$29,646 in the parking fund; decreased by \$4,229 in the transit fund; decreased by \$55,943 in the golf course fund; increased by \$5,155 in the boat harbor fund; decreased by \$5,215 in the marina fund; increased by \$100 in the convention and visitors bureau fund; increased by \$46,271 in the ambulance fund; increased by \$15,929 in the soccer events fund; and increased by \$55,481 in the public housing fund.

Revenues By Source - Business-type Activities

Financial Analysis of the Government's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements.

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$14,215,617, a decrease of \$1,914,759 (11.9%) in comparison with the prior year. There were increases in fund balance of \$338,231 in the general fund, \$387,999 in the local option sales tax fund, \$41,579 in the road use tax fund, \$7,458 in the debt service fund, and \$418,132 in the other governmental funds. These increases were offset by decreases of \$70,976 in the employee benefits fund and \$3,037,182 in the other street improvements fund.

Of the combined \$14,215,617 governmental fund balances at year-end, 8.9% (\$1,261,816) is classified as nonspendable and includes prepaid items, advances to other funds and permanent fund principal. A total of \$7,495,775 (52.7%) is classified as restricted by grantors, state or federal laws, or enabling legislation. Assigned fund balances total \$589,038 (4.1%) with these funds assigned for purchases on order and future equipment purchases. The remaining \$4,868,988 is classified as unassigned (34.3%). By definition unassigned balances include all deficit balances. There was a deficit fund balance in the other street improvements fund due to the timing of the receipt of grant funds for two street projects. The remaining governmental funds had positive fund balances at the end of the fiscal year.

The general fund is the chief operating fund of the City of Muscatine. At the end of the current fiscal year, the unassigned fund balance of the General Fund was \$5,842,148, while the total fund balance was \$6,649,075. The General Fund balance includes a total of \$217,889 classified as nonspendable for prepaid items and advances to other funds. The assigned portion of the balance totals \$589,038 which includes \$472,227 for purchases on order and \$116,811 for future equipment purchases. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. The unassigned and total general fund balances at the end of the fiscal year represent 26.4% and 30.0%, respectively, of total general fund expenditures. These percentages decreased slightly from the prior year computation of unassigned and total fund balances of 28.1% and 30.1%, respectively. The City of Muscatine's general fund balance increased by \$338,231 (5.4%) during the current fiscal year.

The Employee Benefits fund balance decreased during the year by \$70,976. Taxes are levied in this fund for employee benefits for general fund employees. This fund is generally budgeted to have a zero balance each year. Any balance in this fund is due to savings from vacancies and changes in insurance coverages in prior fiscal years. The decrease in fund balance was due to the budgeted use of prior year vacancy savings funds during the current year.

The Local Option Sales Tax fund balance increased during the fiscal year by \$387,999. Funds are transferred to the sewer capital project funds as needed to fund project costs. The fund balance of \$1,399,006 at year-end will be used to fund the ongoing multi-phase West Hill Sewer Separation project required by an E.P.A. Consent Order to be completed by 2028. The increase in fund balance was directly related to actual costs incurred through the end of the current fiscal year on the current phase of the West Hill sewer project.

The Road Use Tax fund balance increased by \$41,579 during the year. Actual Road Use Tax revenues exceeded the budget estimate for the year. The fund balance of \$1,769,027 at year-end will be used for future street maintenance and capital project costs.

The Debt Service fund balance increased by \$7,458 during the year due to increased property tax collections. The ending fund balance of \$111,601 will be used for future year bond principal and interest payments.

The Other Street Improvements Fund balance decreased by \$3,037,182 during the year to a deficit of \$973,160. This decrease reflects the use of funds received in prior years for the Mississippi Drive Corridor Reconstruction project. In the 2014/2015 fiscal year the city received \$13 million from the State from the transfer of jurisdiction of the Mississippi Drive/Grandview Avenue corridor. These funds were assigned to be used to reconstruct this major business route, which runs through downtown Muscatine. This overall project is being done in phases with phase one from the Mississippi River Bridge to Broadway completed in 2018. The next phase for the 2nd and Mulberry Avenue roundabout was completed in 2020/2021. The Grandview Avenue phase (the final phase) began in 2021 and is scheduled to be completed in the spring of 2023. The deficit balance at year-end is due to the timing of the receipt of grant funds that are providing supplemental funding for this project.

The fund balances in the Other Governmental Funds increased by \$418,132. Fund balances increased by \$310,554 in the non-major special revenue funds, increased by \$99,124 in the non-major capital projects funds, and increased by \$8,454 in the non-major permanent funds. The increase in the non-major special revenues funds is primarily due to the increase of \$361,793 in the Parks special revenue fund from a bequest received during the year.

Proprietary funds. The City of Muscatine's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Total net position for the City's enterprise funds as of June 30, 2022 was \$97,142,758, an increase of \$5,469,667 (6.0%) from the previous fiscal year's net position. Of the net position of the enterprise funds, \$83,454,376 is the net investment in capital assets of the enterprise funds. Restricted net position totaled \$130,025. Unrestricted net position totaled \$13,558,357, an increase of \$2,695,881 compared to the previous year.

The City's internal service funds include Equipment Services, Central Supplies, Health Insurance, and Dental Insurance. Net position for the internal service funds totaled \$2,071,281 as of June 30, 2022, a decrease of \$149,606 from the previous year. Net position increased by \$21,858 in the Dental Insurance fund. Net position decreased by \$28,853 in the Equipment Services fund, by \$137 in the Central Supplies fund, and by \$142,474 in the Health Insurance fund.

General Fund Budgetary Highlights

During the year there was a \$604,300 increase in General Fund appropriations between the original General Fund budget and the final amended budget. Budgeted revenues and transfers in to the General Fund increased by \$575,997 from the original to the amended budget.

When the original fiscal year 2021/2022 budget was being prepared in January and February of 2021, City Council and staff were taking a conservative and cautious approach for estimating revenues. At that time COVID vaccinations were not yet available to most age groups, there were numerous individuals working from home, and businesses had not returned to more normal operations.

The first amendment to the 2021/2022 budget was prepared in January and February of 2022 as part of the development of the fiscal year 2022/2023 City budget. While it appeared that the local economy was starting to recover from the COVID-19 pandemic, City Council and staff continued to take a cautious approach for estimating revenues. The first budget amendment, however, included increased expenditures totaling \$531,300 which included (1) the last two firefighter positions originally deferred for hiring in 2020/2021 were authorized to be filled midway through the 2021/2022 year, (2) the half-time Community Development Inspector II position was increased to fulltime effective April 1, 2022, (3) a new seasonal Pay plan with higher hourly rates was implemented effective April 1, 2022, (3) select capital outlay items not included in the original budget due to funding restrictions were added back in the amended budget (total of \$348,100), and (4) the amended budget was balanced by using \$222,000 of American Rescue Plan Act (ARPA) funds.

Following are the main components of the overall budget appropriation increase during the year:

- There was a \$129,000 increase in the public safety function budgets. This included an increase of \$5,100 in the police department budget, a decrease of \$18,000 in the animal control budget, and an increase of \$141,900 in the fire department budget.
- Public works function budgeted expenditures were increased in total by \$261,700. This overall increase included an increase in the roadway maintenance budget of \$323,300, a decrease of \$48,900 in the snow and ice control budget, and a net \$12,700 decrease in the other public works activity budgets. The roadway maintenance increase included an increased allocation for capital outlay and increased street maintenance supplies and services. The capital outlay increase was for a new dump truck that was originally requested in the 2022/2023 budget for \$196,000, but was moved to the 2021/2022 amended budget. Due to supply chain issues, large vehicles were in scarce supply and Public Works staff were told that dealers will not have any large trucks available for purchase until early 2024. There were, however, several dealers that had dump trucks available at that time, which prompted amending the budget to allow for this purchase in 2021/2022.
- The culture and recreation function appropriation increased in total by \$208,000. The library budget was increased by \$38,100 for retirement pay for two staff members. There were increases in most park and recreation activity budgets which totaled \$49,300 due to implementation of the new seasonal pay plan in March of 2022. Other increases included (1) \$60,300 in the park maintenance budget for various playground repairs, building repairs, and operating supplies, (2) the Kent-Stein park and soccer complex budgets were increased by \$26,400 due to increased operating and capital outlay costs, and (3) the aquatic center budget was increased by \$10,400 which included \$10,000 for caulking of the pool deck.
- The community and economic development function appropriation increased by \$12,900. This overall increase is due to increased nuisance abatement costs. These costs are billed to the property owners, and if not paid, are assessed to the properties.
- There was an \$7,300 decrease in the general government function appropriation from the original budget to the amended budget. There was an increase of \$37,000 in the legal services budget due to increased hours for the city attorney and a \$32,100 increase in the building and grounds budget due to increased costs for building maintenance supplies and services. Reductions in other general government activities more than offset these increases.

Capital Asset and Debt Administration

Capital assets. The City of Muscatine's investment in capital assets for its governmental and business-type activities as of June 30, 2022, amounts to \$187,665,744 (net of accumulated depreciation), an increase of \$8,146,761 compared to the prior year. This investment in capital assets includes land, buildings and building improvements, machinery and equipment, park facilities, streets, and bridges. The City of Muscatine's investment in capital assets for the current fiscal year increased by \$6,198,760 for governmental activities compared to the prior year and increased by \$1,948,001 for business-type activities.

Major capital asset events during the current fiscal year included the following:

- Additions to capital assets (net of asset retirements) totaled \$15,661,605.
- Major asset additions included \$7,554,097 in street improvements; \$837,038 in downtown streetscaping improvements; \$2,751,898 in sewer system improvements; \$1,696,608 in airport improvements; \$631,172 in park improvements; \$657,433 for a new fire engine; and \$420,247 for two new ambulances.
- Depreciation expense totaled \$8,701,240 for the year with \$4,766,900 in the governmental activities and \$3,934,340 in the business-type activities.

**City of Muscatine Capital Assets

Total capital assets	\$ 94,741,781	\$ 88,543,021	\$ 92,923,963	\$ 90,975,962	\$ 187,665,744	\$ 179,518,983

Additional information on the City of Muscatine's capital assets can be found in note 5 on pages 65-67 of this report.

Long-term debt. At the end of the current fiscal year, the City had total bonded debt outstanding of \$26,254,729. Of this amount, \$17,313,729 is general obligation debt backed by the full faith and credit of the City with \$16,801,255 of this debt reflected as debt of the governmental activities and \$512,474 reflected as debt of the business-type activities. The remainder of the City of Muscatine's debt represents revenue bonds secured solely by specific revenue sources.

**City of Muscatine Outstanding Debt
General Obligation and Revenue Bonds**

	Governmental activities		Business-type activities		Total	
	2022	2021	2022	2021	2022	2021
General obligation bonds	\$ 16,801,255	\$ 12,899,183	\$ 512,474	\$ 590,313	\$ 17,313,729	\$ 13,489,496
Revenue bonds	-	-	8,941,000	9,688,000	8,941,000	9,688,000
Total	\$ 16,801,255	\$ 12,899,183	\$ 9,453,474	\$ 10,278,313	\$ 26,254,729	\$ 23,177,496

The City's total bonded debt increased in total by \$3,077,233 during the year. The City issued \$6,190,000 in new general obligation bonds during the year. There was no additional revenue debt issued during the year. Debt retired totaled \$3,302,000, which included \$2,555,000 in general obligation bonds and \$747,000 in sewer revenue bonds.

State statutes limit the amount of general obligation debt to 5% of the total actual valuation of property in the City of Muscatine. The current debt limit of the City of Muscatine is \$75,808,910. The face value of the bonded debt applicable to the debt limit totals \$16,760,000. The City also has Tax Increment Financing rebate agreements that total to a maximum obligation of \$2,650,544 and lease obligations of \$24,153 as of the end of the year. The bonded debt, rebate agreements, and lease obligations total to \$19,434,697. Although tax increment rebate agreements are required to be included in the computation of debt subject to the debt limit, these obligations are totally financed by incremental taxes received from the benefitted properties. The City's debt, including the rebate agreement obligations, is significantly less than the maximum debt limit allowed.

The City was assigned an Aa2 rating from Moody's Investor Services for the City's most recent general obligation bond issue in June of 2022. This rating was the same rating as that assigned for the May 2020 bond issue.

Additional information on the City's long-term debt can be found in note 6 on pages 68-73 of this report.

Economic Factors and Next Year's Budgets and Rates

- The average annual unemployment rate for Muscatine County was 4.7% for calendar year 2021 compared to 5.8% for calendar year 2020, and 2.7% for calendar year 2019. Separate unemployment figures are not maintained for the City of Muscatine.
- While the City normally reports only average annual unemployment rates, the COVID-19 pandemic impacted the Muscatine County monthly unemployment rates beginning in April of 2020. In mid-March of 2020, the Governor of Iowa ordered all food and beverage facilities to suspend their indoor food and beverage services, and other non-essential businesses were mandated to be closed to the public in an effort to reduce the spread of the coronavirus. Muscatine County's unemployment rate increased to 11.1% in April of 2020 and was 11.3% in May. Businesses began re-opening in June, with some restrictions, and the unemployment rate for June decreased to 7.7%. The monthly unemployment rates for July through December of 2020 decreased to 5.8%, 4.9%, 4.6%, 4.0%, 4.7%, and 5.4%, respectively. The monthly unemployment rates for January through June of 2021 were 6.8%, 5.9%, 5.1%, 5.1%, 4.7%, and 5.0%, respectively. The unemployment rates for July through December of 2021 were 4.3%, 4.4%, 3.8%, 3.7%, 3.4%, and 4.0%, respectively. The unemployment rates for January through August of 2022 were 4.9%, 4.0%, 3.7%, 2.4%, 2.5%, 2.9%, 2.9%, and 3.1%, respectively (an average of 3.3% for these eight months).

- The City's taxable value increased by 4.88% for the 2021/2022 year and remained relatively flat with a .04% increase for the upcoming 2022/2023 fiscal year.
- In 2013 State legislation for property tax reform implemented a 10% rollback at 5% per year over two years (2014/2015 and 2015/2016), on commercial, industrial, and railroad property, after which this property will be taxed at 90%. This legislation included some backfill funding for local governments. There was no further change to the rollback factor on commercial, industrial, or railroad valuations for the 2016/2017 through 2022/2023 budgets. This legislation also created a new “multi-residential” property class which will be rolled back to residential levels by January 1, 2022, without backfill to local governments. This is being phased in beginning in the 2016/2017 fiscal year. The rollback factor for these properties was 86.25% in 2016/2017, 82.50% for 2017/2018, 78.75% for 2018/2019, 75.00% for 2019/2020, 71.25% for 2020/2021, 67.50% for 2021/2022, and will be 63.75% for 2022/2023. The Beginning in 2023/2024, the rollback will be equivalent to the residential rollback in place at that time.
- In the 2021 legislative session, Senate File 619 was enacted which will phase out the backfill funding for the commercial, industrial, and railroad property rollback included in the 2013 property tax reform legislation discussed above. The City of Muscatine's base backfill amount totals \$610,325. Based on the City's 18.68% increase in taxable valuation (without gas and electric) between fiscal years 2013/2014 and 2020/2021, the City qualifies for the 8-year phase-out of the backfill reimbursement. This calculates to a 12.5% annual reduction in the reimbursement beginning in fiscal year 2022/2023. The estimated backfill for 2022/2023 will decrease to \$538,792, then to \$461,821, to \$384,851, to \$307,881, to \$230,911, to \$153,940, and to \$76,970, for the following six years. The backfill funding will be fully eliminated beginning in the 2029/2030 budget year.
- The upcoming budget provides funding for capital improvement projects to continue. Local option sales tax funds will continue to be used to fund sanitary and storm sewer projects in the City (80%) and also ongoing costs of the City's pavement management program (20%). On March 6, 2018, voters approved a 15-year extension (to June 30, 2034) to the local option sales tax which was previously scheduled to end on June 30, 2019.
- Construction began in the spring of 2017 and the contract was closed out in May of 2019 on phase one of the Mississippi Drive Corridor reconstruction project. The first phase of this project was from the Mississippi River bridge to Broadway except for the intersection at Mulberry Avenue. Construction began in the fall of 2019 and was completed in the fall of 2020 on phase two of the project, which was the roundabout at the 2nd and Mulberry intersection. Construction began in 2020/2021 on the Grandview Avenue phase of the project, which is the final phase of the Corridor project. The Grandview Avenue reconstruction is scheduled to continue in 2021/2022 and to be completed by the spring of 2023. The Corridor project is being funded from the \$13 million in Transfer of Jurisdiction funds the City received from the State in August of 2014, \$4 million in contributions from the Canadian Pacific Railroad (for phase one), federal grant funding of \$3,550,000 to assist in funding the Grandview Avenue phase of this project, and general obligation bonds as needed to complete the financing of this project.
- Several other capital projects were underway in 2021/2022 and are scheduled to be completed in 2022/2023. These include phases 5-A and 5-B of the West Hill Sewer Separation project funded from local option sales tax, the Airport Taxilane Widening project with 85% funding from the State, and the Southend Community Improvements projects funded 100% by a grant from the Community Foundation.
- In 2022/2023, the City will continue the ongoing maintenance portion of the Comprehensive Pavement Management Program. Prior year funding allocations totaling over \$5 million were used to complete

the initial upgrade of the City's streets. Annual allocations to maintain streets at this higher level will continue to be funded from the 20% allocation of local option sales tax and road use taxes.

- In 2007, the City signed a Consent Order with the Environmental Protection Agency (E.P.A.) that requires the City to complete specific major sewer separation projects by 2028. The West Hill Sewer Separation project is the remaining project mandated by this Consent Order. This is a multi-year, multi-phase project estimated to reach or exceed \$54 million in total costs. Local option sales tax funds will fund a significant portion of the cost of this project. The local option sales tax funds, however, will need to be supplemented with future sewer revenue bonds or other funds to complete the financing for this project. The City is setting aside annual allocations from the Water Pollution Control fund operating budget so these funds will also be available to assist with financing this project.
- The 2022/2023 budget provides for an increase in sewer, refuse collection, and golf course fees. No fee increases are budgeted for the transfer station, parking, transit, or boat harbor.

Requests for Information

This financial report is designed to provide a general overview of the City of Muscatine's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Finance Director, 215 Sycamore Street, Muscatine, Iowa, 52761.

**Reconciliation of Governmental Funds Balance Sheet
to the Statement of Net Position
June 30, 2022**

Total governmental fund balances	\$ 14,215,617
Amounts reported for governmental activities in the statement of net position are different because:	
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.	94,634,594
Other long-term assets are not available to pay for current period expenditures and, therefore are reported as a deferred inflow of resources in the funds:	5,459,856
Deferred outflows of resources and deferred inflows of resources are not due and payable in the current year and, therefore are not reported in the governmental funds, as follows:	
Pensions:	
Deferred outflows of resources	\$ 3,295,729
Deferred inflows of resources	<u>(10,282,015)</u>
	(6,986,286)
Other post-employment benefits:	
Deferred outflows of resources	\$ 269,710

**Reconciliation of the Statement of Revenues, Expenditures and Changes
in Fund Balances of Governmental Funds to the Statement of Activities**

Year Ended June 30, 2022

Net change in fund balances - total governmental funds \$ (1,914,759)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures while governmental activities report depreciation expense to allocate those expenditures over the estimated useful lives of the assets:

Capital asset purchases capitalized	10,869,326
Depreciation and amortization expense	(4,758,427)

The net effect of various miscellaneous transactions involving capital assets (i.e. sales, trade-ins, and donations) is to increase net position:

Capital contributions - art	97,834
Capital assets transferred to business-type fund	(1,500)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

4,234,924

Revenues in the governmental funds not reflected as revenue in the statement of activities since recognized in prior years (1,668,393)

The issuance of long-term debt (i.e. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities:

General obligation bond proceeds	(6,474,037)
General obligation bond principal payments	2,485,000
Net effects of bond premiums and discounts	86,965
Lease principal payments	3,547

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds:

Change in compensated absenses	(652)
Change in other post-employment benefits	17,601
Pension expense	2,221,673
Change in accrued interest payable	(14,757)

Internal service funds are used by management to charge the costs of equipment services, central office supplies, health and dental insurance to individual funds. The net revenue (expense) of internal service funds is allocated between governmental and business-type activities in the Statement of Activities:

Net revenue (expense) of internal service funds	(149,606)
Allocation of net revenue (expense) to business-type activities	<u>(83,359)</u>

Change in net position of governmental activities \$ 4,951,380

The notes to the financial statements are an integral part of this statement.

City of Muscatine, Iowa
Reconciliation of the Change in Net Position of Enterprise Funds
to the Statement of Activities
For the Year Ended June 30, 2022

Change in net position in enterprise funds \$ 5,469,667

Amounts reported for proprietary activities in the statement of activities
are different because:

Internal service funds are used by management to charge the costs of various
activities internally to individual funds. Internal service fund net position decreased during
the year. A portion of this decrease has been allocated to business-type activities
in the statement of net position

83,359

Change in net position of business-type activities \$ 5,553,026

The notes to the financial statements are an integral part of this statement.

CITY OF MUSCATINE, IOWA

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

The notes to the financial statements contain a summary of significant accounting policies and other information considered necessary for an understanding of the financial statements of the City and are an integral part of this report. The index to the notes is as follows:

1. Summary of Significant Accounting Policies
2. Deposits and Investments
3. Lease Receivables
4. Interfund Receivables, Payables, and Transfers
5. Capital Assets
6. Long-Term Debt
7. Landfill Closure and Postclosure Care Cost
8. Retirement Systems
9. Deficit Fund Equity
10. Post-Employment Benefits Other than Pensions (OPEB)
11. Industrial Revenue Bonds
12. Risk Management
13. Commitments and Contingencies
14. Urban Renewal Development Agreements and Tax Abatements
15. Pending Governmental Accounting Standards Board (GASB) Standards
16. Restatements

CITY OF MUSCATINE, IOWA

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The City of Muscatine, Iowa, was chartered in 1851 under the laws of the state of Iowa, later amended in July 1975 under the Home Rule City Act. The City operates under a Mayor/Council/City Administrator form of government and provides a broad range of services to its residents, including general government, public safety, public works, community development, and cultural and park facilities. The City also operates an airport, parking facilities, public housing facilities, transit system, sewer and sanitation utilities, a municipal golf course, public library, and a municipal museum and art center.

As required by accounting principles generally accepted in the United States of America, these financial statements present the City of Muscatine and its component units, entities for which the City is considered to be financially accountable. The City has no blended component units. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize it is legally separate from the City.

Discretely Presented Component Units

Muscatine County Solid Waste Agency (Agency). The Agency has been organized as a joint venture under Chapter 28E of the Code of Iowa between the City of Muscatine; Muscatine County; and the municipalities of Fruitland, Stockton, West Liberty, Nichols, Conesville, and Atalissa, Iowa. The Agency is responsible for the disposal of all solid waste for member municipalities and unincorporated portions of Muscatine County.

The City of Muscatine appoints a representative to the Agency's governing board whose vote (based on the City's population) accounts for 59% of the board's voting authority. A two-thirds vote is required for board action; therefore, the City does not appoint a voting majority of the Agency's governing board. Nonetheless, the Agency is considered a component unit of the City because of its fiscal dependence on the City, the financial benefit/burden relationship, and the City's ability to impose its will on the Agency. The City is financially accountable for the Agency and can significantly influence the Agency. The City Council approves the Agency's budget, sets its rates, and approves any debt issuances. See also note to landfill closure and postclosure care costs regarding the City's ongoing financial relationship.

The Agency has a June 30 year-end. Separate financial statements are not issued for the Agency, and the Agency accounts for all of its financial transactions in a single fund.

Muscatine Power & Water (MP&W). MP&W is a municipal utility which provides water, electric, and communication service to users within the City of Muscatine and in other urban and rural areas within Muscatine County. MP&W's governing board is appointed by the City Council. MP&W provides a financial benefit to the City by providing electricity for City buildings and all street and traffic lighting free of charge to the City.

MP&W has a December 31 year-end. Complete financial statements for MP&W may be obtained at its administrative offices at Muscatine Power & Water, 3205 Cedar Street, Muscatine, Iowa 52761.

Joint Venture

The City is a member organization along with Muscatine County and Muscatine Power and Water in a joint venture organized under Chapter 28E of the Iowa Code to develop and operate the Muscatine Area Geographic Information Consortium (MAGIC). The purpose of MAGIC is to improve the efficiency and effectiveness of its member organizations through the coordinated development of geographic and land information systems technology and data. A six-member board composed of two appointees from each member organization governs MAGIC. Each member organization has one vote on all matters. Each member organization is responsible for one-third of the operating expenses incurred by MAGIC. In the event MAGIC is terminated, the material benefits realized from the liquidation of any and all of its assets shall be divided among the participating organizations on a pro rata basis after any and all claims against MAGIC have been satisfied. The intent of the organization is not to accumulate excess funds and based upon the balance at year end the future contributions are adjusted accordingly. In accordance with the Governmental Accounting Standards Board's *Codification*, a claim to assets upon the joint venture's dissolution is not considered to be an equity interest. Therefore no investment in the joint venture is reported on the face of the financial statements of the City. There are no separately issued financial statements for this joint venture.

Jointly Governed Organizations

The City also participates in several jointly governed organizations that provide goods or services to the citizenry of the City but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. City officials are members of the following boards and commissions: Muscatine County Joint Communications Commission; Muscatine County/Municipal Disaster Services Board; Muscatine Island Flood Control Commission; Muscatine County Assessor's Conference Board; and Muscatine County Drug Task Force.

B. Government-wide and fund financial statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

The Statement of Net Position presents the City's nonfiduciary assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as net position. Net position is reported in three categories.

Net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes and other debt attributable to the acquisition, construction, or improvement of those assets.

Restricted net position results when constraints placed on net position use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position consists of net position not meeting the definition of the two preceding categories. Unrestricted net position often has constraints on resources imposed by management which can be removed or modified.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants, contributions, and interest that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied and budgeted for. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers property tax revenues to be available if they are collected within 60 days of the end of the current fiscal period and all other revenues to be available if they are collected within 90 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. The City has determined that there are various revenues, except for property tax revenues, including reimbursement of expenditures that are received between 60 and 90 days and therefore have adopted a 90 day availability period in order to keep the revenues and expenditures in the same current period.

However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes are recognized as revenue in the year for which taxes have been levied and budgeted for, provided they are collected within 60 days after year-end. Sales taxes are considered measurable and available at the time the underlying transaction occurs provided they are collected within 90 days after year-end. Income and other taxes are considered measurable and available when they have been collected by the state or other levying authority. Special assessments receivable are recognized at the time of their levy. The related revenue is recognized at the time the assessment is due or collected. Licenses and permits, fines and forfeitures, and miscellaneous revenue are recognized as revenue when received in cash because they are generally not measurable until actually received. Investment earnings are recognized as earned.

The government reports the following major governmental funds:

The *general fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *employee benefits fund* accounts for property taxes levied for police and fire retirement contributions, FICA and IPERS, and other employee benefits, as provided in Section 384.6 of the Code of Iowa.

The *local option sales tax fund* accounts for revenue from the 1% local option tax. Effective July 1, 2009, voters approved using up to 20% of future local option tax for the City's pavement management program with the remaining funds to be used for storm and sanitary sewer improvements.

The *road use tax fund* accounts for road use tax allocated to the city to be used to maintain and improve the City's street system.

The *debt service fund* accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

The *other street improvements fund* accounts for major street reconstruction or improvement projects.

The government reports the following major proprietary funds:

The *water pollution control fund* accounts for the operation of a municipally owned sewer treatment plant which provides services to the City. All activities necessary for such services are provided for in this fund as well as plant and various sewer system improvement projects.

The *transfer station fund* accounts for the operation of the refuse transfer station and recycling center.

The *refuse collection fund* accounts for the collection of solid waste from residential property in the City as well as from some commercial customers.

The *airport fund* accounts for the activities of the Municipal Airport. This activity is supported by user charges and a subsidy from the general fund.

Additionally, the government reports the following fund type:

Internal service funds account for equipment services, central supply distribution, and employee health and dental benefits provided to other departments of the government on a cost reimbursement basis.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the government's sewer and transfer station functions and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds and of the government's internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

D. Assets, Liabilities and Equity

1. Deposits and Investments

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

State statute authorizes the City, the Agency, and MP&W to invest public funds in obligations of the United States government and its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the City Council; prime eligible bankers acceptances; certain high-rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

The City is authorized by the City Council to invest in obligations of the United States government and its agencies and instrumentalities; in certificates of deposit or other evidences of deposit at federally insured depository institutions; and investments in joint investment trusts authorized by resolution of the City Council.

Investments of the City, the Agency, and Muscatine Power & Water are stated at fair value with the exception of the investment in the Iowa Public Agency Investment Trust which is stated at amortized cost, which approximates fair value.

2. Receivables and Payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "advances to/from other funds" to indicate the non-current nature of the interfund loans. All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Advances between funds, as reported in the fund financial statements, are offset by a fund balance nonspendable amount in the General Fund to indicate they are not available for appropriation and are not available financial resources.

The County Treasurer bills and collects taxes for the City. Taxes for the year ended June 30, 2022, were certified with the County during the preceding fiscal year and were due in two equal installments by September 30, 2021 and March 31, 2022. Any County collections on the 2021-2022 tax levy remitted to the City within sixty days subsequent to June 30, 2022, are recorded as property tax revenues in the governmental fund statements. Taxes not collected and remitted to the City within sixty days subsequent to June 30, 2022, are delinquent and have been recorded as receivables and deferred inflows of resources in the governmental fund statements. By statute, the City is required to certify its budget in March of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is reported as a deferred inflow of resources and will not be recognized as revenue until the year for which it is levied and budgeted for in both the governmental fund statements and the government-wide statements.

3. Inventories and Prepaid Items

Inventories of proprietary funds are recorded as expenditures when consumed rather than when purchased. The City's inventories are valued at cost using the weighted average cost method. MP&W's inventories are also valued at their weighted average cost.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

4. Restricted Assets

Restricted assets of the Transfer Station fund represents amounts set aside under law to provide for Transfer Station closure costs. Transfer Station assets of \$33,825 at June 30, 2022 are classified as restricted because their use is restricted to provide for Transfer Station closure costs.

Restricted assets of the Water Pollution Control fund represents amounts set aside as required under the State Revolving Fund loan to pay interest and principal of the bonds and any parity obligations. Water Pollution Control assets of \$130,025 at June 30, 2022 are classified as restricted because their use is restricted under the State Revolving Fund loan.

Restricted assets of the Muscatine County Solid Waste Agency represent amounts set aside under law to provide for the cost of future landfill closure and post-closure costs. Solid Waste Agency assets of \$2,800,585, at June 30, 2022 are classified as restricted because their use is restricted to provide for the cost of future landfill closure and post-closure costs.

Muscatine Power & Water's restricted assets represent amounts set aside under the terms of the water loan agreement. In accordance with the covenants of the bond resolutions, the amounts have been segregated into a bond sinking fund. In accordance with the loan agreement, the sinking fund is used solely for the purpose of paying the interest on and principal of the outstanding loan. The composition of the restricted assets at December 31, 2021 relates to the water utility sinking fund of \$945,250.

5. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide statement of net position and in the proprietary funds statement of net position. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant, and equipment of the primary government, as well as the component units, is depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Land improvements	10-50
Buildings	15-40
Building improvements	5-40
Equipment	4-20
Vehicles	4-15
Sewer system	50
Infrastructure	7-75

MP&W's utility plant is stated at original cost, which includes the cost of contracted services, material, labor, overhead, and on significant projects, an allowance for borrowed funds used during construction. Capital assets are generally defined by the utility as assets with an initial individual cost of more than \$2,000 and an estimated useful life in excess of one year.

6. Leases

Lessee: The City of Muscatine is a lessee for three noncancelable leases of equipment in governmental funds and one noncancelable lease in the golf course enterprise fund. The City of Muscatine recognizes a lease liability and an intangible right-to-use lease asset (lease asset) in the government-wide financial statements. The lease liability and the intangible right-to-use lease asset is also reflected in the enterprise fund statements.

At the commencement of a lease, the City of Muscatine initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to leases include how the City of Muscatine determines (1) the discount rate if used to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The City of Muscatine uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the City of Muscatine generally uses its estimated incremental borrowing rate as the discount rates for leases.
- The lease term includes the noncancelable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the City of Muscatine is reasonably certain to exercise.

The City of Muscatine monitors changes in circumstances that would require a remeasurement of its leases and will remeasure the lease assets and liabilities if certain changes occur that are expected to significantly affect the amount of the lease liabilities.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the statement of net position.

Lessor: The City of Muscatine is a lessor for nine noncancelable leases with five in governmental funds and four in enterprise funds. The City of Muscatine recognizes a lease receivable and a deferred inflow of resources in the government-wide and governmental fund financial statements or business-type enterprise fund financial statements, respectively.

At the commencement of a lease, the City of Muscatine initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

Key estimates and judgments include how the City of Muscatine determines (1) the discount rate it used to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts.

- The City of Muscatine uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancelable period of the lease. Lease receipts included in the measurement of the lease receivable is composed of fixed payments from the lessee.

The City of Muscatine monitors changes in circumstances that would require a remeasurement of its lease, and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

7. Deferred Outflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has two items that qualify for reporting in this category: the pension related deferred outflows and OPEB related deferred outflows.

8. Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. Vacation pay is payable to employees upon retirement or termination. Sick pay is payable upon retirement, in which event employees are paid for 40% of all eligible hours. Beginning July 1, 2000, retirement sick pay for non-union employees is paid to a post-employment health plan to be used for health care cost of the retirees. Beginning July 1, 2001, retirement sick pay for Fire bargaining unit and Blue/White Collar bargaining unit employees is also paid to the post employment health plan. For the Blue/White Collar bargaining unit, accrued vacation pay at retirement is also paid to the post employment health plan. A liability for those amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

9. Long-Term Obligations

In the government-wide financial statements, and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest rate method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as expenses at the time the debt is incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

10. Deferred Inflows of Resources and Unearned Revenue

Deferred Inflows of Resources: In addition to liabilities, the statement of net position and balance sheets will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The governmental funds report unavailable revenues from four sources: property taxes, other taxes, intergovernmental grants and leases. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. In the City's government-wide statements, the City reports deferred amounts for property taxes, leases, pension, and OPEB inflows.

Unearned Revenues: Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied. The Muscatine Power & Water electric utility's unearned revenue is a result of prepayments for a land lease, capacity sales, and renewable energy credits. MP&W's water utility's unearned revenue is deposits received for future construction projects. MP&W's communications utility's unearned revenue is a result of a 20-year contract to lease dark fiber to Iowa Health System, and a contract for municipal area network service.

11. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Iowa Public Employees' Retirement System and the Municipal Fire and Police Retirement System (Systems) and additions to/deductions from the Systems' fiduciary net position have been determined on the same basis as they are reported by the Systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. The net pension liability attributable to the governmental activities will be paid primarily by the General Fund.

12. Fund Equity

In the governmental fund financial statements, fund balances are classified as follows:

Nonspendable – Amounts which cannot be spent either because they are in a nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted – Amounts restricted to specific purposes when constraints placed on the use of the resources are either externally imposed by creditors, grantors, state or federal laws, or imposed by law through constitutional provisions or enabling legislation.

Committed – Amounts which can be used only for specific purposes pursuant to constraints formally imposed by the City Council through resolutions approved prior to year-end. Those committed amounts cannot be used for any other purpose unless the City Council removes or changes the specified use by taking the same action it employed to commit those amounts.

Assigned – Amounts constrained by the City's intent to use them for a specific purpose. The City's fund balance policy dated November 7, 2013 provides that assigned uses of fund balances can be established by the City Council, City Administrator, or Finance Director.

Unassigned – All amounts not included in other spendable classifications. The General fund is the only fund that would report a positive amount in unassigned fund balance. Residual deficit amounts of other governmental funds would also be reported as unassigned.

When an expenditure is incurred in governmental funds which can be paid using either restricted or unrestricted resources, the City policy is to pay the expenditure from restricted fund balance and then from less-restrictive classifications – committed, assigned, then unassigned.

13. Net Position

Net position represents the difference between assets, deferred outflows of resources, liabilities, and deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction, or improvement of those assets. Net investment in capital assets excludes unspent bond proceeds. As of June 30, 2022, there were unspent bond proceeds totaling \$2,365,552 in governmental activities. Net position is reported as restricted when there are limitations imposed on its use through enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

Net position restricted through enabling legislation consists of \$3,193,033 for public works, \$142,089 for employee benefits, \$13,439 for public safety, and \$920,711 for tax increment financing projects.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, and then unrestricted resources as they are needed.

NOTE 2. DEPOSITS AND INVESTMENTS

The deposits and investments of the Solid Waste Agency are pooled with those of the City. Disclosures referring to deposits and investments of the City include the pooled amounts belonging to the Agency.

As of June 30, 2022, the deposits and investments of the City consist of the following:

Petty cash and undeposited cash	\$ 71,709
Cash in bank	573,462
Savings accounts	49,982
Money market accounts	8,147,333
Iowa Public Agency Investment Trust	24,872,196
Certificates of deposit	<u>5,003,272</u>
	<u>\$ 38,717,954</u>

The City invests in the Diversified portfolio of the Iowa Public Agency Investment Trust (IPAIT). IPAIT was created pursuant to Iowa Code Chapter 28E in 1987 to enable eligible Iowa public agencies to safely and effectively invest their available operating and reserve funds. The Diversified portfolio has followed established money market mutual fund investment parameters designed to maintain a \$1 per unit net asset value since inception and was registered with the Securities and Exchange Commission (SEC) in accordance with 17 C.F.R. Section 270.2a-7 in May 1993. The Diversified Fund was among the first local government investment pools in the country to do so and has been formally regulated by the SEC since that time. The City has investments in IPAIT which were valued at an amortized cost of \$24,872,196 pursuant to Rule 2 a-7 under the Investment Company Act of 1940. There were no limitations or restrictions on withdrawals of the IPAIT investments.

Interest rate risk – The City's investment policy limits the investment of operating funds (funds expected to be expended in the current budget year or within 15 months of receipt) in instruments that mature within 397 days. Funds not identified as operating funds may be invested in investments with maturities longer than 397 days but the maturities shall be consistent with the needs and use of the City.

Credit risk – The City's investment policy provides that City funds may be invested in interest bearing money market accounts, interest bearing checking accounts, and certificates of deposit at any approved bank in the State of Iowa. Approved banks must be on the list of banks approved for public investments by the Treasurer of the State of Iowa and investments must be entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. City funds may also be invested in obligations of the United States government, its agencies and instrumentalities, and in the Iowa Public Agency Investment Trust (IPAIT). The City's investment in IPAIT is unrated.

Concentration of credit risk – The City's investment policy is to diversify its investment portfolio. Assets shall be diversified, where possible, to eliminate the risk of loss resulting from over concentration of assets in a specific maturity, a specific issuer, or a specific class of securities.

Custodial credit risk – deposits – In the case of deposits, this is the risk that in the event of a bank failure, the government's deposits may not be returned to it. As of June 30, 2022 the carrying amount of the City's deposits with financial institutions totaled \$38,645,245 and the bank balances were \$38,812,950. These bank balances were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

Custodial credit risk – investments – For an investment, this is the risk that, in the event of the failure of the counterparty, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City had no custodially-held investments during the year.

Muscatine Power and Water

As of December 31, 2021 MP&W's deposits were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

It is the policy of Muscatine Power & Water to maintain all deposits and investments in authorized investment vehicles that are insured or registered or which are collateralized by or evidenced by securities held by the utility or its agent in the utility's name.

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the utility will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. All investments held at December 31, 2021 were considered to be in risk category one (investments held in trust on behalf of the utility), therefore, not subject to custodial credit risk.

It is the policy of the utility to maintain all deposits and investments in authorized investment vehicles that are insured or registered in the utility's name or which are collateralized by or evidenced by securities held by the utility or its agent in the utility's name.

Credit Risk – Credit risk is the risk an issuer or other counterparty to an investment will not fulfill its obligations. It is the policy of the utility to have securities held by the utility or a third party custodian and rated within the highest or second highest rating category of a nationally recognized rating agency. As of December 31, 2021, the utility had no investments subject to credit risk.

Concentration of Credit Risk – Concentration of credit risk is the risk of loss attributed to the magnitude of an investment in a single issuer. It is the policy of the utility to diversify its investment portfolio. Assets are diversified to eliminate the risk of loss resulting from over-concentration of assets in a specific maturity, a specific issuer, or a specific class of securities. At December 31, 2021, the utilities had no investments subject to concentration of credit risk.

Interest Rate Risk – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. At December 31, 2021, the utility had no investments subject to interest rate risk.

The utility's investment policy addresses maturity limitations by requiring operating funds to be invested in instruments that mature within 397 days. Non-operating funds may be invested in instruments with maturities longer than 397 days as long as the maturities are consistent with the needs and use of the utility. One of the investment policy's primary objectives is to maintain the necessary liquidity to match expected liabilities.

NOTE 3. LEASE RECEIVABLES

Governmental Activities:

On October, 15, 2000, the City entered into an agreement to lease cemetery land for a cellular tower. The initial term of the lease was for a five-year term with extensions of up to 4 additional 5-year terms. The City believes it is more likely than not the term will be for twenty-five years. Annual rent is \$15,232.44. The City recognized \$12,147 in lease revenue and \$1,130 in interest revenue during the current fiscal year related to this lease. As of June 30, 2022, the City's receivable for lease payments was \$48,713. The City has a deferred inflow of resources associated with this lease of \$39,641 that will be recognized as revenue over the lease term.

The City entered into an agreement to lease cemetery land for a cellular tower which commences October 1, 2025. The initial term of the lease was for a five-year term with extensions of up to 6 additional 5-year terms. The City believes it is more likely than not the term will be for twenty years. Monthly rental is \$1,529 with a 3% escalation annually. The City recognized \$0 in lease revenue and \$0 in interest revenue during the current fiscal year related to this lease. As of June 30, 2022, the City's receivable for lease payments was \$398,942. The City has a deferred inflow of resources associated with this lease of \$398,942 that will be recognized as revenue over the lease term.

On August 20, 1998, the City entered into an agreement to lease cemetery land for a cellular tower. The initial term of the lease was for a five-year term with extensions of up to 5 additional 5-year terms. The City believes it is more likely than not the term will be for thirty years. Monthly rent is currently \$732.05. The City recognized \$6,587 in lease revenue and \$1,169 in interest revenue during the current fiscal year related to this lease. As of June 30, 2022, the City's receivable for lease payments was \$54,364. The City has a deferred inflow of resources associated with this lease of \$43,385 that will be recognized as revenue over the lease term.

The City entered into an agreement to lease cemetery land for a cellular tower which commences August 20, 2028. The initial term of the lease was for three additional five-year terms. The City believes it is more likely than not the term will be for fifteen years. Monthly rental is \$886 for the first three-year term, \$974 for the second three-year term and \$1,072 for the third three-year term. The City recognized \$0 in lease revenue and \$0 in interest revenue during the current fiscal year related to this lease. As of June 30, 2022, the City's receivable for lease payments was \$151,165. The City has a deferred inflow of resources associated with this lease of \$151,165 that will be recognized as revenue over the lease term.

On November 20, 2000, the City entered into an agreement for a public safety cell tower lease. The initial term of the lease was for a five-year term with extensions of up to 5 additional 5-year terms. The City believes it is more likely than not the term will be for thirty years. Monthly rent is \$2,582. The City recognized \$23,192 in lease revenue and \$5,441 in interest revenue during the current fiscal year related to this lease. As of June 30, 2022, the City's receivable for lease payments was \$258,353. The City has a deferred inflow of resources associated with this lease of \$210,746 that will be recognized as revenue over the lease term.

Business-type Activities:

On January 1, 2012, the City entered into a lease agreement to lease approximately 250 acres of airport farm land. The term of the lease was for a term of eleven years at an annual base rent of \$34,000. The City recognized \$32,680 in lease revenue and \$1,320 in interest revenue during the current fiscal year related to this lease. As of June 30, 2022, the City's receivable for lease payments was \$33,333. The City has a deferred inflow of resources associated with this lease of \$30,250 that will be recognized as revenue over the lease term.

On July 1, 2020, the City entered into an airport fixed operator lease. The initial term of the lease was for a term of twenty years at an annual base rent starting at \$12,540.25 with a 3% escalation each year thereafter. The City recognized \$10,148 in lease revenue and \$5,077 in interest revenue during the current fiscal year related to this lease. As of June 30, 2022, the City's receivable for lease payments was \$249,807. The City has a deferred inflow of resources associated with this lease of \$244,731 that will be recognized as revenue over the lease term.

On July 3, 2018, the City entered into an agreement to lease the Clark House rooftop for a cellular tower. The initial term of the lease was for a five-year term with extensions of up to 5 additional 5-year terms. The City believes it is more likely than not the term will be for twenty years. The first four years annual base rent started at \$15,721.68 with a 3% escalation each year thereafter. The City recognized \$12,757 in lease revenue and \$5,673 in interest revenue during the current fiscal year related to this lease. As of June 30, 2022, the City's receivable for lease payments was \$273,573. The City has a deferred inflow of resources associated with this lease of \$264,862 that will be recognized as revenue over the lease term.

On August 1, 2001, the City entered into another agreement to lease the Clark House rooftop for a cellular tower. The initial term of the lease was for a five-year term with extensions of up to 4 additional 5-year terms. The City believes it is more likely than not the term will be for twenty-five years. Rent is \$1,000 per month. The City recognized \$9,453 in lease revenue and \$1,059 in interest revenue during the current fiscal year related to this lease. As of June 30, 2022, the City's receivable for lease payments was \$47,015. The City has a deferred inflow of resources associated with this lease of \$38,598 that will be recognized as revenue over the lease term.

NOTE 4. INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

Interfund balances at June 30, 2022 consist of the following:

Due to/ advance from		Due from/advance to						
		Water						
		General	Nonmajor Governmental	Pollution Control	Internal Service	Totals		
	Other street improvements	\$ -	\$ 582,214	\$ -	\$ -	\$ -	\$ 582,214	
	Nonmajor governmental	509	1,088			-		1,597
	Internal service	-	-	-		8,580		8,580
	Airport	-	-	213,019		-		213,019
	Total	\$ 509	\$ 583,302	\$ 213,019	\$ 8,580	\$ 805,410		

These balances result from (1) working capital for inventory in the enterprise and internal service funds, and (2) the time lag of receipts into various funds.

Interfund transfers for the year are as follows:

Transfers in		Transfers out									
		Transfers out									
		General	Employee Benefits	Local Option Sales Tax	Road Use Tax	Nonmajor Governmental	Refuse Collection	Nonmajor Enterprise	Internal Service	Totals	
	General	\$ -	\$ 4,772,602	\$ -	\$ 2,866,770	\$ 354,310	\$ -	\$ 1,485,600	\$ 55,778	\$ 9,535,060	
	Debt service	-	-	-	-	352,900	-	-	-		352,900
	Other street improvements	-	-	-	-	100,000	-	-	-		100,000
	Nonmajor governmental	-	-	774,940	282,461	251,177	-	-	-		1,308,578
	Water pollution control	-	-	2,709,151	-	-	-	-	-		2,709,151
	Transfer station	-	-	-	-	457,400	44,277	-	-		501,677
	Nonmajor enterprise	103,508	-	-	-	630,699	-	-	-		734,207
	Total	\$ 103,508	\$ 4,772,602	\$ 3,484,091	\$ 3,149,231	\$ 2,146,486	\$ 44,277	\$ 1,485,600	\$ 55,778	\$ 15,241,573	

Transfers are used to move revenues from the fund that State statutes or the budget requires them to be collected in to the fund that State statutes or the budget requires them to be expended.

NOTE 5. CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2022 is as follows:

Primary government

	Restated			
	Beginning Balance	Increases	Decreases	Ending Balance
Governmental activities:				
Capital assets, not being depreciated:				
Land	\$ 11,646,919	\$ 142,656	\$ -	\$ 11,789,575
Art work	7,794,526	-	-	7,794,526
Construction in progress	7,013,990	10,336,709	(7,130,628)	10,220,071
Total capital assets, not being depreciated	26,455,435	10,479,365	(7,130,628)	29,804,172
Capital assets, being depreciated:				
Land improvements	22,488,208	3,310,283	-	25,798,491
Buildings	10,355,961	261,143	-	10,617,104

State Revolving Fund (SRF) Revenue Loan. In November of 2008, the City entered into a State Revolving Fund Loan with the State of Iowa in the amount of \$16,500,000 to finance comprehensive improvements at the City's Water Pollution Control Plant. As of June 30, 2022, the loan balance is \$8,941,000. The original Loan had an interest rate of 3% and a loan servicing fee of .25% per annum of the principal amount of the loan outstanding. Effective December 1, 2018, the interest rate on this loan decreased to 1.75% plus the .25% loan servicing fee. Repayment of this loan is to come from future revenues of the Plant.

State Revolving Fund Loan Revenues Pledged. The City is required to establish, impose, adjust, and provide for the collection of fees to be charged to customers of the Water Pollution Control Plant to produce gross revenues at least sufficient to pay operating and maintenance costs of the plant and to leave a net balance equal to at least 110% of the principal and interest on all of the bonds and any other parity obligations due in such fiscal year as they become due. The City is also required to establish a Sewer Revenue Bond Sinking Fund into which there shall be set aside from net revenues, sufficient funds to pay interest on and principal of all of the bonds and any parity obligations as the same become due.

Annual debt service requirements for the state revolving fund revenue loan are as follows:

Year Ending June 30	Business-Type		
	Principal	Interest	Fees

	<u>\$ 8,941,000</u>	<u>\$ 901,756</u>	<u>\$ 128,824</u>

Leases

Governmental Activities:

In fiscal year 2020, the City entered into a 60-month lease agreement as lessee for the use of copier equipment. The initial lease liability was \$6,814. At June 30, 2022 the lease liability is \$3,480. The City is required to make monthly principal and interest payments totaling \$118.55. The lease has an interest rate of 1.70%. The net book value of the asset as of June 30, 2022 was \$3,407. The future principal and interest lease payments as of June 30, 2022 were as follows:

Year ending June 30:	Principal	Interest	Total
2023	\$ 1,375	\$ 48	\$ 1,423
2024	1,397	26	1,423
2025	708	3	711
	<u>\$ 3,480</u>	<u>\$ 77</u>	<u>\$ 3,557</u>

In fiscal year 2021, the City entered into a 60-month lease agreement as lessee for the use of copier equipment. The initial lease liability was \$1,585. At June 30, 2022 the lease liability is \$1,176. The City is required to make monthly principal and interest payments totaling \$27.58. The lease has an interest rate of 1.70%. The net book value of the asset as of June 30, 2022 was \$1,109. The future principal and interest lease payments as of June 30, 2022 were as follows:

Year ending June 30:	Principal	Interest	Total
2023	\$ 314	\$ 17	\$ 331
2024	319	12	331
2025	324	7	331
2026	219	2	221
	<u>\$ 1,176</u>	<u>\$ 38</u>	<u>\$ 1,214</u>

In fiscal year 2020, the City entered into a 60-month lease agreement as lessee for the use of postage equipment. The initial lease liability was \$9,410. At June 30, 2022 the lease liability is \$3,384. The City is required to make monthly principal and interest payments totaling \$163.92. The lease has an interest rate of 1.70%. The net book value of the asset as of June 30, 2022 was \$2,823. The future principal and interest lease payments as of June 30, 2022 were as follows:

Year ending June 30:	Principal	Interest	Total
2023	\$ 1,922	\$ 45	\$ 1,967
2024	1,462	12	1,474
	<u>\$ 3,384</u>	<u>\$ 57</u>	<u>\$ 3,441</u>

Business-type Activities:

In fiscal year 2018, the City entered into a 5-year lease agreement as lessee for the use of golf cart equipment. The initial lease liability was \$111,824. At June 30, 2022 the lease liability is \$16,113. The City is required to make monthly principal and interest payments during May through October each year for \$4,085.73. The lease has an interest rate of 3.80%. The net book value of the asset as of June 30, 2022 was \$11,182. The future principal and interest lease payments as of June 30, 2022 were as follows:

<u>Year ending June 30:</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2023	\$ 16,113	\$ 230	\$ 16,343

On June 2, 2022, the City issued \$6,190,000 General Obligation Corporate Purpose Bonds Series 2022. The bonds were issued for the purpose of paying the costs of capital projects for streets, infrastructure, parks and recreation improvements, and other capital projects. The bonds require principal payments ranging from \$435,000 to \$765,000 each June 1 commencing June 1, 2023 until maturity June 1, 2032. The interest rates range from 3.250% to 4.000% with interest payments required each December 1 and June 1.

Internal service funds predominantly serve the governmental funds. Accordingly, long-term liabilities for these funds are included as part of the above totals for governmental activities. At year-end \$44,510, of internal service funds compensated absences are included in the above amounts. Pension liability and other post-employment benefits liability for the internal service funds of \$17,697 and \$23,717, respectively, have also been included with governmental activities.

The net pension liability and other post-employment benefits liability are generally liquidated by the general fund and employee benefits fund for governmental activities and the respective funds for business-type activities.

In May 2017, the Board approved the issuance and securing the payment of future obligations for the purposes of borrowing money for constructing water improvements and extensions. The water utility issued \$14,865,000 Water Revenue Bonds, Series 2017 in June 2017 for that purpose. The premium bonds are A&P “A” rated, a non-bank qualified issue, callable June 1, 2027 at par. The effective interest cost is approximately 3.51%. The interest payments that are due each June 1 and December 1 began December 1, 2017. Principal payments are due annually on December 1 and began in 2018. Total outstanding bonds payable at December 31, 2021 was \$13,320,000.

Events of default are defined as either: 1) the non-payment of interest, principal, or premium when the same shall become due and payable, or 2) through a bankruptcy proceeding there is an admission of the inability to pay this debt, or 3) any event of default under any parity obligation or parity obligation issuance document. In the event of default, the principal of and the accrued interest on all bonds then outstanding will be due and payable immediately.

Prior to 2004, the electric utility advanced \$35,327,000 to the communications utility for capital improvements and acquisition of a cable television system. On November 25, 2014, the Board approved an amendment to this loan agreement that included loan forgiveness of \$25,327,000, changing the fixed interest rate from 3.53% to 0.50%, and modifying the amortization of the note from a 30-year period to a 20-year period. These new terms became effective January 1, 2015. Annual principal payments began January 1, 2016; semi-annual payments of interest are due each January 1 and July 1.

On December 14, 2017, the Communications Revenue Bond, Series 2017 (Series 2017 Bond) was signed with a local bank providing \$10,000,000 for telecommunications systems improvements and extensions to the municipal communications utility. Principal bears interest at the rate of 2.95% per annum. Both principal and interest are payable in nineteen equal quarterly installments of \$540,916 each, due on March 31, June 30, September 30, and December 31 in each of the years 2018 to 2022, plus a final payment due December 31, 2022. Upon default of the bond obligations, a proceeding may be brought in law or in equity by suit, action or mandamus to enforce compliance with the bond's terms, or action may be brought to obtain the appointment of a receiver to take possession of and operate the communications utility and to perform the duties required by the bond resolution and the Code of Iowa. The Series 2017 Bond was paid off in January 2021.

On September 8, 2020, the Communications Revenue Bond, Series 2020 was signed with a local bank providing \$3,700,000 for telecommunications systems improvements and extensions to the municipal communications utility. Principal bears interest at the rate of 2.73% per annum. Both principal and interest are payable in twenty-eight equal quarterly installments of \$145,860 each, due on March 30, June 30, September 30, and December 30, which began December 30, 2020; final payment is due September 30, 2027. Upon default of the bond obligations, a proceeding may be brought in law or in equity by suit, action or mandamus to enforce compliance with the bond's terms, or action may be brought to obtain the appointment of a receiver to take possession of and operate the communications utility and to perform the duties required by the bond resolution and the Code of Iowa. This bond was issued as a first step of a refinancing of the Series 2017 Bond.

On January 5, 2021, the communications utility closed on the \$6,300,000 Communications Revenue Bond, Series 2021, issued at a rate of 2.73% per annum. Both principal of and interest on this bond are payable in 26 equal quarterly installments in the amount of \$256,611 each, due on December 30, March 30, June 30, and September 30 in each of the years 2021 to 2027. The final payment is September 30, 2027. Upon breach or default of the bond or parity obligations and the related Board bond resolution, a proceeding may be brought in law or in equity by suit, action, or mandamus to enforce and compel compliance with the bond's terms, or action may be brought to obtain the appointment of a receiver to take possession of and operate the communications utility and to perform the duties required by the bond resolution and the Code of Iowa. The Communications Revenue Bond, Series 2017, was paid off with proceeds from this bond issue.

Annual debt service requirements for the revenue bonds and bank loan are as follows:

Year Ending <u>December 31</u>	Revenue Bonds		Bank Loan	
	Principal <u>Amount</u>	Interest	Principal <u>Amount</u>	Interest
2022	\$410,000	\$535,250	1,393,900.00	236,129.00
2023	425,000	522,950	1,922,863.00	118,304
2024	445,000	501,700	1,964,751.00	65,459
2025	470,000	479,450	2,007,739.00	51,172
2026	490,000	455,950	2,051,857.00	36,492
2027-2031	2,785,000	1,948,450	3,734,152	100,224
2032-2036	3,330,000	1,403,000	2,080,586	20,871
2037-2041	4,055,000	681,000	-	-
2042	<u>910,000</u>	<u>36,400</u>	<u>-</u>	<u>-</u>
Totals	<u>\$ 13,320,000</u>	<u>\$ 6,564,150</u>	<u>\$ 15,155,848</u>	<u>\$ 628,651</u>

Water utility revenues, net of specified operating expenses, are pledged as security of the water debt until fully paid. Principal and interest paid in 2021 and water utility net revenues are as follows:

	<u>Water</u>
Principal and interest paid	\$ 947,250
Net revenues	2,448,746

Annual future principal and interest payments are expected to require 39% of the water utility net revenues.

All MP&W communications utility revenues, net of specified operating expenses, are pledged as security of the communications debt until fully paid. Annual future principal and interest payments are expected to require 35% of communications utility net revenues.

Principal and interest paid in 2021 and communications utility net revenue, are as follows:

	<u>Communications</u>
Principal and interest paid	\$ 5,786,739
Net revenues	4,461,698

Restricted assets represent amounts set aside under the terms of the water bond agreement. In accordance with the covenants of the bond resolutions, the amounts have been segregated into funds. In accordance with the bond agreement, the bond fund is used solely for the purpose of paying the interest on and principal of the outstanding debt. The composition of the restricted assets at December 31, 2021 is as follows:

	<u>Water Utility</u>
Bond Fund	\$ 945,250
Total restricted assets	<u>945,250</u>

NOTE 7. LANDFILL CLOSURE AND POSTCLOSURE CARE COST

State and federal laws and regulations require the Muscatine County Solid Waste Management Agency to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure.

Although closure and post closure care costs will be paid only near or after the date that the landfill stops accepting waste, the Agency reports a portion of these closure and post closure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The \$4,425,838 reported as landfill closure and post closure care liability at June 30, 2022, represents the cumulative amount reported to date based on the use of 79.6% of the estimated capacity of the current landfill property. The Agency will recognize the remaining estimated cost of closure and post closure care of \$1,130,002 as the remaining estimated capacity is filled over the 12 remaining years.

These amounts are based on what it would cost to perform all closure and post closure care in 2022. The Agency expects the currently-permitted landfill property to reach its capacity in 2034. Actual costs may be higher due to inflation, changes in technology, or changes in regulations. Financial assurances for closure and post-closure care is demonstrated through the Financial Test as specified in IAC 567 Chapter 113.14(6)f. The Agency has begun to accumulate resources to fund these costs in accordance with state and federal requirements.

NOTE 8. RETIREMENT SYSTEMS

Iowa Public Employees Retirement System (IPERS) Pension Plan

Plan Description – IPERS membership is mandatory for employees of the City, except for those covered by another retirement system. Employees of the City are provided with pensions through a cost-sharing multiple employer defined benefit pension plan administered by Iowa Public Employees' Retirement System (IPERS). IPERS issues a stand-alone financial report which is available to the public by mail at 7401 Register Drive, P.O. Box 9117, Des Moines, Iowa 50306-9117 or at www.ipers.org.

IPERS benefits are established under Iowa Code chapter 97B and the administrative rules thereunder. Chapter 97B and the administrative rules are the official plan documents. The following brief description is provided for general informational purposes only. Refer to the plan documents for more information.

Pension Benefits – A regular member may retire at normal retirement age and receive monthly benefits without an early-retirement reduction. Normal retirement age is age 65, any time after reaching age 62 with 20 or more years of covered employment, or when the member's years of service plus the member's age at the last birthday equals or exceeds 88, whichever comes first. Members cannot begin receiving retirement benefits before age 55. The formula used to calculate a regular member's monthly IPERS benefit includes:

- A multiplier based on years of service.
- The member's highest five-year average salary, except members with service before June 30, 2012 will use the highest three-year average salary as of that date if it is greater than the highest five-year average salary.

Protection occupation members may retire at normal retirement age which is generally at age 55 and may retire any time after reaching age 50 with 22 or more years of covered employment. The formula used to calculate a protection occupation members' monthly IPERS benefit includes:

- 60% of average salary after completion of 22 years of service, plus an additional 1.5% of average salary for years of service greater than 22 but not more than 30 years of service.
- The member's highest three-year average salary.

If a member retires before normal retirement age, the member's monthly retirement benefit will be permanently reduced by an early-retirement reduction. The early-retirement reduction is calculated differently for service earned before and after July 1, 2012. For service earned before July 1, 2012, the reduction is 0.25 percent for each month that the member receives benefits before the member's earliest normal retirement age. For service earned starting July 1, 2012, the reduction is 0.50 percent for each month that the member receives benefits before 65.

Generally, once a member selects a benefit option, a monthly benefit is calculated and remains the same for the rest of the member's lifetime. However, to combat the effects of inflation, retirees who began receiving benefits prior to July 1990 receive a guaranteed dividend with their regular November benefit payments.

Disability and Death Benefits – A vested member who is awarded federal Social Security disability or Railroad Retirement disability benefits is eligible to claim IPERS benefits regardless of age. Disability benefits are not reduced for early retirement. If a member dies before retirement, the member's beneficiary will receive a lifetime annuity or a lump-sum payment equal to the present actuarial value of the member's accrued benefit or calculated with a set formula, whichever is greater. When a member dies after retirement, death benefits depend on the benefit option the member selected at retirement.

Contributions – Contribution rates are established by IPERS following the annual actuarial valuation which applies IPERS' Contribution Rate Funding Policy and Actuarial Amortization Method. State statute limits the amount rates can increase or decrease each year to 1 percentage point. IPERS Contribution Rate Funding Policy requires that the actuarial contribution rate be determined using the "entry age normal" actuarial cost method and the actuarial assumptions and methods approved by the IPERS Investment Board. The actuarial contribution rate covers normal cost plus the unfunded actuarial liability payment based on a 30-year amortization period. The payment to amortize the unfunded actuarial liability is determined as a level percentage of payroll, based on the Actuarial Amortization Method adopted by the Investment Board.

In fiscal year 2022, pursuant to the required rate, Regular members contributed 6.29 percent of covered payroll and the City and MP&W contributed 9.44 percent of covered payroll, for a total rate of 15.73 percent. Protection occupation members contributed 6.21 percent of covered payroll and the City contributed 9.31 percent of covered payroll for a total rate of 15.52 percent.

The City's contributions to IPERS for the year ended June 30, 2022 were \$866,251. The MP&W contributions for the year ended December 31, 2021 were \$81,504.

Net Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – At June 30, 2022, the City reported a liability of \$129,489 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on the City's share of contributions to the pension plan relative to the contributions of all IPERS participating employers. At June 30, 2021, the City's proportion was -0.0375084 percent, which was a decrease of 0.142042 from its proportion measured as of June 30, 2020.

For the year ended June 30, 2022, the City recognized pension expense (income) of (\$541,257). At June 30, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 116,677	\$ 115,491
Changes of assumptions	99,071	24
Net difference between projected and actual earnings on pension plan investments	-	5,494,966
Changes in proportion and differences between City contributions and proportionate share of contributions	197,233	190,515
City contributions subsequent to the measurement date	866,251	-
Total	\$ 1,279,232	\$ 5,800,996

The \$866,251 reported as deferred outflows of resources related to pensions resulting from the City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ended June 30,</u>	
2023	\$ (1,346,744)
2024	(1,337,732)
2025	(1,245,040)
2026	(1,480,013)
2027	21,514
Total	<u>\$ (5,388,015)</u>

At December 31, 2021, MP&W reported a liability of \$14,902 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. MP&W's proportion of the net pension liability was based on the utility's share of contributions to the pension plan relative to the contributions of all IPERS participating employers. At June 30, 2021, MP&W's collective proportion was 0.010630 percent, which was an increase of 0.000479 percent from its proportion measured as of June 30, 2020.

For the year ended December 31, 2021, the utility recognized IPERS expense (income) of (\$22,100). At December 31, 2021, MP&W reported deferred outflows of resources and deferred inflows of resources related to IPERS from the following sources.

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 11,339	\$ 11,385
Changes of assumptions	9,747	-
Net difference between projected and actual earnings on pension plan investments	-	539,931
Changes in proportion and differences between MP&W contributions and proportionate share of contributions	156,263	26,714
MP&W contributions subsequent to the measurement date	43,781	-
Total	<u>\$ 221,130</u>	<u>\$ 578,030</u>

The \$43,781 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2022. Other amounts reported as deferred outflows and inflows of resources related to IPERS will be recognized in the pension expense as follows:

<u>Year Ended December 31,</u>	
2022	\$ (105,081)
2023	(102,824)
2024	(103,510)
2025	(107,446)
2026	16,023
2027	2,157
Total	<u>\$ (400,681)</u>

There were no non-employer contributing entities at IPERS.

Actuarial Assumptions – The total pension liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Rate of inflation (effective June 30, 2017)	2.60 percent per annum
Rates of salary increase (effective June 30, 2017)	3.25 percent to 16.25 percent, average, including inflation. Rates vary by membership group.
Long-term investment rate of return (effective June 30, 2017)	7.00 percent per annum, compounded annually, net of investment expense, including inflation
Wage growth (effective June 30, 2017)	3.25 percent per annum based on 2.60 percent inflation and 0.65 percent real wage inflation

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an economic assumption study dated March 24, 2017 and a demographic assumption study dated June 28, 2018.

Mortality rates used in the 2021 valuation were based on the RP-2014 employee and healthy annuitant tables with MP-2017 generational adjustments.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Asset Allocation	Long-Term Expected Real Rate of Return
Domestic equity	22.0%	4.43%
International equity	17.5%	6.01%
Global smart beta equity	6.0%	5.10%
Core plus fixed income	28.0%	0.29%
Public credit	3.5%	2.08%
Cash	1.0%	-0.25%
Private equity	11.0%	9.51%
Private real assets	7.5%	4.63%
Private credit	3.0%	2.87%
Total	<u>100%</u>	

Discount Rate – The discount rate used to measure the total pension liability was 7.00 percent. The projection of cash flows used to determine the discount rate assumed employee contributions will be made at the contractually required rate and that contributions from the City will be made at contractually required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City's and MP&W's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate – The following presents the City's and MP&W's proportionate share of the net pension liability calculated using the discount rate of 7.00 percent, as well as what the City's and MP&W's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00 percent) or 1-percentage-point higher (8.00 percent) than the current rate.

	1% Decrease (6.0%)	Discount Rate (7.0%)	1% Increase (8.0%)
City's proportionate share of the net pension liability (asset)	\$ 5,349,817	\$ 129,489	\$ (4,240,397)

	1% Decrease (6.0%)	Discount Rate (7.0%)	1% Increase (8.0%)
MP&W's proportionate share of the net pension liability	\$ 527,438	\$ 14,902	\$ (414,635)

Pension Plan Fiduciary Net Position – Detailed information about the pension plan's fiduciary net position is available in the separately issued IPERS financial report which is available on IPERS' website at www.ipers.org.

Payables to the Pension Plan – At June 30, 2022, the City reported payables to the defined benefit pension plan of \$0 for legally required employer contributions and \$0 for legally required employee contributions which had been withheld from employee wages but not yet remitted to IPERS.

At December 31, 2021, MP&W reported payables to the defined benefit pension plan of \$10,094 for legally required employer contributions and \$6,725 for legally required employee contributions which had been withheld from employee wages but not yet remitted to IPERS.

Municipal Fire and Police Retirement System of Iowa (MFPSI) Pension Plan

Plan Description – MFPSI membership is mandatory for fire fighters and police officers covered by the provisions of Chapter 411 of the Code of Iowa. Employees of the City are provided with pensions through a cost-sharing multiple employer defined benefit pension plan administered by MFPSI. MFPSI issues a stand-alone financial report which is available to the public by mail at 7155 Lake Drive, Suite #201, West Des Moines, Iowa 50266 or at www.mfpsi.org.

MFPSI benefits are established under Chapter 411 of the Code of Iowa and the administrative rules thereunder. Chapter 411 of the Code of Iowa and the administrative rules are the official plan documents. The following brief description is provided for general informational purposes only. Refer to the plan documents for more information.

Pension Benefits - Members with 4 or more years of service are entitled to pension benefits beginning at age 55. Full service retirement benefits are granted to members with 22 years of service, while partial benefits are available to those members with 4 to 22 years of service based on the ratio of years completed to years required (i.e., 22 years). Members with less than 4 years of service are entitled to a refund of their contribution only, with interest, for the period of employment.

Benefits are calculated based upon the member's highest 3 years of compensation. The average of these 3 years becomes the member's average final compensation. The base benefit is 66 percent of the member's average final compensation. Additional benefits are available to members who perform more than 22 years of service (2 percent for each additional year of service, up to a maximum of 8 years). Survivor benefits are available to the beneficiary of a retired member according to the provisions of the benefit option chosen plus an additional benefit for each child. Survivor benefits are subject to a minimum benefit for those members who chose the basic benefit with a 50 percent surviving spouse benefit.

Active members, at least 55 years of age, with 22 or more years of service have the option to participate in the Deferred Retirement Option Program (DROP). The DROP is an arrangement whereby a member who is otherwise eligible to retire and commence benefits opts to continue to work. A member can elect a 3, 4, or 5 year DROP period. By electing to participate in DROP the member is signing a contract indicating the member will retire at the end of the selected DROP period. During the DROP period the member's retirement benefit is frozen and a DROP benefit is credited to a DROP account established for the member. Assuming the member completes the DROP period, the DROP benefit is equal to 52% of the member's retirement benefit at the member's earliest date eligible and 100% if the member delays enrollment for 24 months. At the member's actual date of retirement, the member's DROP account will be distributed to the member in the form of a lump sum or rollover to an eligible plan.

Disability and Death Benefits - Disability coverage is broken down into two types, accidental and ordinary. Accidental disability is defined as permanent disability incurred in the line of duty, with benefits equivalent to the greater of 60 percent of the member's average final compensation or the member's service retirement benefit calculation amount. Ordinary disability occurs outside the call of duty and pays benefits equivalent to the greater of 50 percent of the member's average final compensation, for those with 5 or more years of service, or the member's service retirement benefit calculation amount, and 25 percent of average final compensation for those with less than 5 years of service.

Death benefits are similar to disability benefits. Benefits for accidental death are 50 percent of the average final compensation of the member plus an additional amount for each child, or the provisions for ordinary death. Ordinary death benefits consist of a pension equal to 40 percent of the average final compensation of the member plus an additional amount for each child, or a lump-sum distribution to the designated beneficiary equal to 50 percent of the previous year's earnable compensation of the member or equal to the amount of the member's total contributions plus interest.

Benefits are increased (escalated) annually in accordance with Chapter 411.6 of the Code of Iowa which states a standard formula for the increases.

The surviving spouse or dependents of an active member who dies due to a traumatic personal injury incurred in the line of duty receives a \$100,000 lump-sum payment.

Contributions - Member contribution rates are set by state statute. In accordance with Chapter 411 of the Code of Iowa, the contribution rate was 9.40% of earnable compensation for the year ended June 30, 2022.

Employer contribution rates are based upon an actuarially determined normal contribution rate and set by state statute. The required actuarially determined contributions are calculated on the basis of the entry age normal method as adopted by the Board of Trustees as permitted under Chapter 411 of the Code of Iowa. The normal contribution rate is provided by state statute to be the actuarial liabilities of the plan less current plan assets, with such total divided by 1 percent of the actuarially determined present value of prospective future compensation of all members, further reduced by member contributions and state appropriations. Under the Code of Iowa the employer's contribution rate cannot be less than 17.00% of earnable compensation. The contribution rate was 26.18 percent for the year ended June 30, 2022.

The City's contributions to MFPSI for the year ended June 30, 2022 were \$1,593,275.

If approved by the state legislature, state appropriation may further reduce the employer's contribution rate, but not below the minimum statutory contribution rate of 17.00% of earnable compensation. The State of Iowa therefore is considered to be a nonemployer contributing entity in accordance with the provisions of the Governmental Accounting Standards Board Statement No. 67 – Financial Reporting for Pension Plans, (GASB 67). There were no state appropriations to MFPSI during the fiscal year ended June 30, 2022.

Net Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - At June 30, 2022, the City reported a liability of \$4,025,709 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on the City's share of contributions to the pension plan relative to the contributions of all MFPSI participating employers. At June 30, 2021, the City's proportion was 1.792597 percent which was an increase of 0.067055 percent from its proportion measured as of June 30, 2020.

For the year ended June 30, 2022, the City recognized pension expense of \$23,974. At June 30, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 466,973	\$ 45,305
Changes of assumptions	151,618	-
Net difference between projected and actual earnings on pension plan investments	-	6,726,468
Changes in proportion and differences between City contributions and proportionate share of contributions	394,292	270,352
City contributions subsequent to the measurement date	1,593,275	-
Total	\$ 2,606,158	\$ 7,042,125

The \$1,593,275 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2023. Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ended June 30.</u>	
2023	\$ (1,224,087)
2024	(1,319,273)
2025	(1,524,240)
2026	(2,001,179)
2027	39,537
Total	\$ (6,029,242)

Actuarial Assumptions The total pension liability in the June 30, 2021, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Rate of inflation	3.00 percent per annum
Salary increases	3.75 percent to 15.11 percent, including inflation
Investment rate of return	7.50 percent per annum, net of investment expense, including inflation

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study for the period of July 1, 2007 to June 30, 2017.

Mortality rates were based on RP 2014 Blue Collar Healthy Annuitant Table with males set-forward zero years, females set-forward two year, and disabled set-forward three years (male only rates), with generational projection of future mortality improvement with 50% of Scale BB beginning in 2017.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates (i.e., expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	Long-Term Expected Real Rate of Return
Large cap	7.4%
Small cap	8.1%
International large cap	7.2%
Emerging markets	7.9%
Global infrastructure	7.5%
Private non-core real estate	11.5%
Private credit	6.4%
Private equity	10.8%
Core plus fixed income	4.0%
Private core real estate	7.2%

Discount Rate - The discount rate used to measure the total pension liability was 7.50 percent. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at 9.40% of covered payroll and the City contributions will be made at rates equal to the difference between actuarially determined rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 7.50 percent, as well as what the city's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percent lower (6.50 percent) or 1-percent higher (8.5 percent) than the current rate.

	1% Decrease (6.5%)	Discount Rate (7.5%)	1% Increase (8.5%)
City's proportionate share of the net pension liability	\$ 11,912,918	\$ 4,025,709	\$ (2,520,219)

Pension Plan Fiduciary Net Position - Detailed information about the pension plan's fiduciary net position is available in the separately issued MFPRSI financial report which is available on MFPRSI's website at www.mfprsi.org.

Payables to the Pension Plan - At June 30, 2022, the City reported payables to the defined benefit pension plan of \$0 for legally required employer contributions and \$0 for legally required employee contributions which had been withheld from employee wages but not yet remitted to MFPSI.

Summary information of all primary government pension plans as of June 30, 2022 is as follows:

Primary Government IPERS			
	Governmental Activities	Business-type Activities	Total
Net pension liability (asset)	\$ (90,158)	\$ 219,647	\$ 129,489
Deferred outflows of resources related pensions	751,404	527,828	1,279,232
Deferred inflows of resources related pensions	3,475,958	2,325,038	5,800,996
Pension expense	(328,857)	(212,400)	(541,257)

Primary Government MFPSI			
	Governmental Activities	Business-type Activities	Total
Net pension liability	\$ 4,052,776	\$ (27,067)	\$ 4,025,709
Deferred outflows of resources related pensions	2,579,226	26,932	2,606,158
Deferred inflows of resources related pensions	6,958,815	83,310	7,042,125
Pension expense	23,684	290	23,974

Primary Government Total All Pension			
	Governmental Activities	Business-type Activities	Total
Net pension liability	\$ 3,962,618	\$ 192,580	\$ 4,155,198
Deferred outflows of resources related pensions	3,330,630	554,760	3,885,390
Deferred inflows of resources related pensions	10,434,773	2,408,348	12,843,121
Pension expense	(305,173)	(212,110)	(517,283)

Muscatine Power & Water – Single-Employer Defined Benefit Pension Plan

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, the information about the fiduciary net position of the plan and additions to/deductions from Muscatine Water and Electric Employees' Pension Plan's fiduciary net position have been determined on the same basis. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments in separate accounts held at The Principal Financial Group (the plan administrator) are commingled pools, rather than individual securities; they are valued as of the December 31, 2020 measurement date at fair market value.

General Information About the Pension Plan

The utilities provide and administer a single-employer defined benefit pension plan with benefits to eligible vested full-time utility and part-time utility employees at separation of service. Eligible employees are those who are not participants in the Iowa Public Employees' Retirement System (IPERS). Water utility employees or new employees that were participants of IPERS can choose to participate in either IPERS or the Plan. Total covered valuation payroll for the year ended December 31, 2021 was \$22,755,120. Participants are 100% vested at the completion of five years of service. Benefits are generally equal to 1.5% of the employee's average highest five consecutive years of

compensation (Average Compensation) multiplied by credited years of service. An additional benefit is available in an amount equal to 0.5% of the employee's Average Compensation in excess of Social Security Covered Compensation, if any, multiplied by credited years of service, up to 35 years. Benefit provisions are established under the Plan as adopted by the utility's Board of Trustees. The funding is approved and amended by the utilities' five-member Board Of Trustees, whose members are nominated by a committee consisting of the mayor, two city council members and the City Administrator, then ratified by the city council. There are no non-employer contributing entities, as defined by GASB 67, *Financial Reporting for Pension Plans*, and GASB 68, *Accounting and Financial Reporting for Pensions*, for this plan. There are no special funding situations, as defined by GASB 67 and 68, for the Plan. The Plan currently does not issue a stand-alone financial report.

As of the measurement date, the following plan members were covered by the benefit terms:

	<u>Fiscal year ended</u> <u>December 31, 2021</u>
Active plan members	263
Inactive plan members entitled to but not yet receiving benefits	93
Disabled plan members entitled to benefits	0
Retired plan members or beneficiaries currently receiving benefits	<u>227</u>
 Total	 <u>583</u>

The pension plan provides for retirement, disability, and death benefits. There have been no changes in plan provisions during the measurement period and between the December 31, 2020 measurement date and the end of the December 31, 2021 reporting period.

The basis for determining contributions is an actuarially determined contribution (ADC) rate that is calculated in the plan's Actuarial Valuation Report dated December 31, 2021. The ADC rate is the estimated amount necessary to finance the costs of benefits earned by plan members during the year, with additional amounts to finance any unfunded accrued liability and plan administrative expenses. The ADC for the measurement period ending December 31, 2021 was \$3,823,002, equal to 16.8% of covered valuation payroll. Employer contributions, for the years ending December 31, 2021, December 31, 2020, and December 31, 2019 equaled \$3,823,002, \$3,124,701, and \$3,345,873, respectively.

Actuarial Assumptions

The entry age actuarial cost method is used for this disclosure. Under this method, the present value of the projected benefits of each individual included in the actuarial valuation is allocated on a level basis over the earnings between entry age and assumed exit age(s). The portion of the present value allocated to a year is the service cost. Projected benefits are based on projected salary and projected service.

A measurement period of December 31, 2019 to December 31, 2020 has been used for the plan year ending December 31, 2021 for GASB 68 reporting. The net pension liability reported for the year ending December 31, 2021 was measured as of December 31, 2020, using the pension liability that was determined by an actuarial valuation as of December 31, 2020. The plan administrator does a comprehensive review of the economic and demographic assumptions. The following was used for the year ending December 31, 2021:

Inflation	2.25%
Investment rate of return	5.75%
Salary increases (age-based)	Age 25-6.18%; Age 40-4.72%; Age 55-3.88%
Retirement rate	25% at age 62; 25% at age 63; 25% at age 64, 25% at age 65
Wage base	3.25%
Marriage rate	75%

Active and inactive participants are assumed to retire at normal retirement age, or current age if later. This assumption is based on the results of recent experience analysis and anticipated future experience.

Mortality rates are based on Pri-2012 total dataset mortality table projected generationally using the Principal Mortality Improvement Scale (Principal 2016-10).

The expected long-term return on plan assets assumption was developed as a weighted average rate based on the target asset allocation of the plan and the Long-Term Capital Market Assumptions (CMA) 2020. The capital market assumptions were developed with a primary focus on forward-looking valuation models and market indicators. The key fundamental economic inputs for these models are future inflation, economic growth, and interest rate environment. Due to the long-term nature of the pension obligations, the investment horizon for the CMA 2020 is 20 years.

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
US Equity - Large Cap	37.45%	7.70%
US Equity - Mid Cap	4.22%	8.00%
US Equity - Small Cap	2.13%	8.55%
Non - US Equity	17.95%	8.00%
REITs	0.18%	7.30%
Real Estate (direct property)	5.86%	5.35%
TIPS	0.27%	1.70%
Core Bond	30.10%	2.60%
High Yield	1.84%	5.45%
Total	<u>100.00%</u>	

The discount rate used to determine the end of period total pension liability is 5.75%. The plan's fiduciary net position and benefit payments were projected to determine if the plan's fiduciary net position was greater than or equal to the expected benefit payments for each period from 2020 to 2118. Benefit payments after 2118 are projected to be \$0. The long-term rate of return of 5.75% is used to calculate the actuarial present value of projected payments for each future period when the projected fiduciary net position is greater than the projected expected benefit payments. Otherwise, a municipal bond rate of 3.09% is used. The municipal bond rate is from Bloomberg Barclays Municipal GO Long Term (17+ Y) Index, which includes 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher securities, as of the 12/31/2020 measurement date. This discount rate is a single rate that incorporates the long-term rate of return and municipal bond rate as described.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended December 31, 2021, the utility recognized pension expense of \$1,934,081. At December 31, 2021, the utility reported deferred outflows of resources and, deferred inflow of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes of assumptions	\$ 4,420,914	\$ 1,021,915
Differences between actual and expected experience	1,042,827	265,820
Differences between projected and actual earnings	-	9,602,736
Contributions subsequent to measurement date	3,823,002	-
 Total	 <u>\$ 9,286,743</u>	 <u>\$ 10,890,471</u>

Contributions subsequent to the measurement date were recognized as a reduction of the net pension liability in the year ending December 31, 2021. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in the pension expense as follows:

Fiscal Year ending 12/31	Deferred Outflows of Resources	Deferred Inflows of Resources
2022	\$ 1,905,067	\$ 3,499,193
2023	1,564,237	2,208,726
2024	1,455,793	3,585,445
2025	538,644	1,597,107
Total	<u>\$ 5,463,741</u>	<u>\$ 10,890,471</u>

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

	1% Decrease 4.75%	Discount Rate 5.75%	1% Increase 6.75%
Net Pension Liability 12/31/21	\$ 20,572,468	\$ 7,566,178	\$ (3,342,221)

Schedule of Changes in Net Pension Liability

	Measurement Period Ending Fiscal Year Ending	12/31/2020	12/31/2021
<u>Total Pension Liability</u>			
Service cost		\$ 1,578,324	
Interest		5,739,672	
Benefit payments		(4,331,785)	
Difference between expected and actual		831,913	
Change in assumptions		5,529,903	
Net change in total pension liability		9,348,027	
Total pension liability, beginning of year		92,524,646	
Total pension liability, end of year		<u>101,872,673</u>	
<u>Fiduciary Net Position</u>			
Employer contributions		3,124,701

Administration expenses		(145,574)	
Net change in fiduciary net position		11,717,859	
Fiduciary net position, beginning of year		82,588,636	
Fiduciary net position, end of year		<u>94,306,495</u>	
Net pension liability		<u>\$ 7,566,178</u>	

	Single Employer Plan	IPERS	Total
Net pension liability	\$ 7,566,178	\$ 14,902	\$ 7,581,080
Deferred outflows of resources	9,286,743	221,131	9,507,874
Deferred inflows of resources	10,890,471	578,029	11,468,500
Pension expense	1,934,081	(22,100)	1,911,981

NOTE 9. DEFICIT FUND EQUITY

Two City funds had fund balance/net position deficits as of June 30, 2022. The funds and the amount of the deficits are as follows:

<u>Fund</u>	<u>Deficit Amount</u>
Other street improvements	\$ 973,160
Internal Service fund:	
Equipment services	69,144

These deficits are not considered violations of any law, and are expected to be eliminated through future operations.

NOTE 10. POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

Plan description: The City administers a single employer Other Post-Employment Benefits (OPEB) plan providing medical, prescription drug, and dental benefits to retired employees and their dependents under certain conditions. Under Chapter 509A.13 of the Code of Iowa, “Group Insurance for Public Employees”, if a governing body has procured insurance for its employees, the governing body shall allow its employees who retired before the age of sixty-five years of age to continue participation in the group plan at the employee’s own expense until the employee attains sixty-five years of age.

No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement No. 75. The plan does not issue a stand-alone financial report

Benefits provided: Individuals who are employed by the City and are eligible to participate in the group health plan are eligible to continue healthcare benefits upon retirement from service with the City. Coverage during retirement continues in the City’s group health and dental plans. All employees opting to continue coverage under the City’s plans are required to contribute the full premium amounts in order to continue coverage at retirement.

The full monthly premium rates as of January 1, 2022 for each plan are as shown below:

<u>Rates</u>	<u>Health</u>	<u>Dental</u>
Single	\$ 704.19	\$ 33.23
Family	1,873.19	90.04

Employees covered by benefit terms: At June 30, 2022, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	14
Inactive employees entitled to but not yet receiving benefit payments	-
Active employees	<u>197</u>
	<u>211</u>

Total OPEB liability: The City's total OPEB liability of \$1,257,033 was measured as of June 30, 2022 and was determined by an actuarial valuation as of June 30, 2021 rolled forward to June 30, 2022.

Actuarial assumptions and other inputs: The total OPEB liability in the June 30, 2022 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement unless otherwise specified:

Inflation	3.0% per annum
Salary increases	3.0% per annum
Discount rate	3.54% per annum
Retirees' share of benefit-related costs	100%
Health care cost trend rate	5%

The discount rate was based on the Bond Buyer 20-Bond GO index.

Mortality rates were based on the RP-2014 annuitant distinct mortality table adjusted to 2006 with MP 2020 generational projection of future mortality improvement.

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period 2010-2018.

Changes in the total OPEB liability:

	Total OPEB Liability
Balance at July 1, 2021	\$ 1,339,250
Changes for the year:	
Service cost	96,785
Interest	30,849
Changes of benefit terms	-
Differences between expected and actual experience	326,327
Changes in assumptions or other inputs	(129,584)
Benefit payments	(406,594)
Net changes	(82,217)
Balance at June 30, 2022	<u><u>\$ 1,257,033</u></u>

There were no changes as a result of changes in benefit terms. Changes of assumptions or other inputs reflect a change in the discount rate from 2.16% per annum in 2021 to 3.54% per annum in 2022.

Sensitivity of the total OPEB liability to changes in the discount rate: The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current discount rate:

	1% Decrease	Discount Rate	1% Increase
	2.54%	3.54%	4.54%
Total OPEB liability	\$ 1,348,811	\$ 1,257,033	\$ 1,171,789

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates: The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage point lower or 1 percentage point higher than the current healthcare cost trend rates.

Total OPEB liability	Healthcare Cost		
	1% Decrease	Trend Rates	1% Increase
	4.00%	5.00%	6.00%
\$ 1,135,221	\$ 1,257,033	\$ 1,399,102	

For the year ended June 30, 2022, the City recognized OPEB expense of \$160,795. At June 30, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 215,650	\$ -
Changes of assumptions or other inputs	140,337	(144,809)
Net difference between projected and actual investments	-	-
Contributions made subsequent to measurement date	-	-
Total	\$ 355,987	\$ (144,809)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

<u>Year ended June 30:</u>	
2023	\$ 33,161
2024	33,161
2025	33,161
2026	33,161
2027	33,161
Thereafter	<u>33,161</u>
	<u>\$ 198,966</u>

Muscatine Power & Water – Other Post-Employment Benefits:

The utility-administered, single-employer group health insurance defined benefit plan provides coverage to active employees and retirees (or other qualified terminated employees aged 55 with 5 years of service) at blended premium rates. This coverage results in the other-post-employment benefit (OPEB) for the retirees, commonly referred to as an implicit rate subsidy. Spouses are covered until age 65.

Retirees participating in the plan contribute 100% of the blended premium. The utility, by contributing its portion of the blended premium for active employees, in effect contributes the difference between the blended premium and a retiree age adjusted premium. For a small group of grandfathered retirees, the utility pays a \$50 healthcare supplement.

As of the measurement date, the following plan members were covered by the benefit terms.

Measurement date	12/31/2020
Fiscal year end	12/31/2021
Active plan members	263
Inactive plan members entitled to but not yet receiving benefits	-
Retired plan members or beneficiaries currently receiving benefits	<u>25</u>
Total	<u>288</u>

For fiscal years 2021, 2020, and 2019, the utility contributed \$62,135, \$83,079, and \$44,748, respectively, to the plan for claim payments plus administrative costs, net of payments received from employees and retirees for premiums.

The following schedule of changes in the total OPEB liability is based on the actuarial valuation report as of December 31, 2021.

	2021
Service cost	\$ 34,612
Interest on net OPEB obligation	36,517
Adjustment to annual required contribution	-
Difference between expected and actual experience	(22,287)
Change in assumptions	241,127
Benefit payments	<u>(62,135)</u>
Net change in total OPEB obligations	227,834
Total OPEB Obligation - Beginning of Year	<u>916,001</u>
Total OPEB Obligation - End of Year	<u><u>\$ 1,143,835</u></u>

OPEB expense and deferred outflows of resources and deferred inflows of resources related to OPEB:
For the year ended December 31, 2021, the utility recognized OPEB expense of \$227,834. At December 31, 2021, the utility reported deferred outflows of resources and deferred inflow of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes of assumptions	\$ 213,379	\$ 91,904
Differences between actual and expected experience	64,178	19,722
Contributions subsequent to measurement date	<u>62,135</u>	-
 Total	 <u>\$ 339,692</u>	 <u>\$ 111,626</u>

The \$62,135 reported as deferred outflows of resources related to contributions subsequent to measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2022.

Other amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized in the OPEB expense as follows:

Fiscal Year ending 12/31	Net Deferred Outflows
2022	\$ 17,377
2023	17,377
2024	17,377
2025	20,708
2026	25,298
Thereafter	<u>67,794</u>
 Totals	 <u>\$ 165,931</u>

The following deferred outflows and deferred inflows are recognized in OPEB expense:

- 1) Differences between expected and actual experience, over a closed period equal to the average of the expected remaining service lives of all employees (active employees, vested terminated, and retirees).
- 2) Changes in assumptions, over a closed period equal to the average of the expected remaining service lives of all employees (active employees, vested terminated, and retirees).

Sensitivity of the net OPEB liability to changes in the discount rate:

	1% Decrease 2.09%	Discount Rate 3.09%	1% Increase 4.09%
Net OPEB Liability 12/31/21	\$ 1,250,251	\$ 1,143,835	\$ 1,049,001

Sensitivity of the net OPEB liability to changes in the healthcare trend rate:

	1% Decrease	Current Rate	1% Increase
Net OPEB Liability 12/31/21	\$ 1,033,210	\$ 1,143,835	\$ 1,273,640

There are no plan assets under this plan.

Actuarial valuations of an ongoing plan involve estimates for the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employer and plan members to that point. The methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the actuarial valuation, the entry age actuarial cost method was used. Under this method, the present value of the projected benefits of each individual included in the actuarial valuation is allocated on a level basis over the earnings between entry age and assumed exit age(s). The portion of the present value allocated to a year is the service cost.

Actuarial assumptions: The total OPEB liability in the December 31, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Discount rate	3.09% Barclays Municipal GO Long Term (17+Y) index rate for 20-year, tax exempt general obligation municipal bonds with an average rating of AA/Aa or higher, as of the measurement date.
Mortality rate	Based on Pri-2012 Total dataset base rate mortality table projected generationally using the Principal 2016-10 scale.
Retirement rates	Ages 62-64 – 25%; Age 65 – 100%
Marriage	75% married; male is 3 years older than female.
Withdrawal	2003 Society of Actuaries Basic Plan Age Table, multiplied by 0.60.
Healthcare cost increases	2021 – 4.3%; 2022 – 7.0% 2023 – 6.5% decreasing by 0.25% per year through 2031; 2032+ 4.50%/year.
Participation rate	75% of future retirees

NOTE 11. INDUSTRIAL REVENUE BONDS

The City has, during recent years, participated in several issues of industrial revenue bonds, issued for the purpose of constructing privately owned manufacturing and other related facilities within the City. These bonds are neither direct nor contingent liabilities of the City. The revenue from property purchased with the bond proceeds is pledged for the full payment of principal and interest on the bonds, and the bondholders can look only to these sources for repayment. The total bonds outstanding for all issues is approximately \$2,085,000 as of June 30, 2022.

NOTE 12. RISK MANAGEMENT

The City and the Muscatine County Solid Waste Agency are exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the government carries commercial insurance. Settled claims have not exceeded commercial coverage in any of the last three fiscal years.

The City has established Health and Dental Insurance Funds for insuring benefits provided to City employees and covered dependents which are included in the Internal Service Funds. Health benefits were self-insured up to a specific stop loss amount of \$120,000, and an aggregate stop loss of 125% of expected paid claims. Coverage from a private insurance company is maintained for losses in excess of the aggregate stop loss amount. All claims handling procedures are performed by a third party claims administrator. Incurred but not reported claims have been accrued as a liability based upon the claims administrator's estimate. The estimated liability does not include any allocated or unallocated claims adjustment expense. Settled claims have not exceeded commercial coverage in any of the last three fiscal years.

All funds of the City participate in the programs and make payments to the Health and Dental Insurance Funds based on actuarial estimates of the amounts needed to pay prior and current year claims. The claims liability of \$434,552 reported as accounts payable and accruals in the Health and Dental Insurance Funds is based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated.

Changes in reported liabilities for the fiscal years ended June 30, 2022 and 2021 are summarized as follows:

	2022	2021
Balance, beginning of year	\$ 239,031	\$ 216,351
Claim Expense	4,046,192	3,653,035
Claims Paid	<u>(3,850,671)</u>	<u>(3,630,355)</u>
Balance, end of year	<u><u>\$ 434,552</u></u>	<u><u>\$ 239,031</u></u>

NOTE 13. COMMITMENTS AND CONTINGENCIES

The City Attorney has reported that as of June 30, 2022, there were claims and losses that are on file against the City. The City has the authority to levy additional taxes outside the regular limit to fund any uninsured judgment against the City. However, it is estimated that the potential settlement of these claims not covered by insurance would not materially affect future financial statements of the City.

The City has various outstanding contracts, which are accounted for in the Capital Projects, Water Pollution Control, and Airport funds. The remaining commitment on these contracts as of June 30, 2022, is \$10,690,158. The Solid Waste Agency has no outstanding contract commitments as of June 30, 2022.

As a member of the Muscatine Area Geographic Information Consortium (MAGIC), the City is responsible for one-third of the operating expenses incurred by MAGIC. The City's contribution for fiscal year 2023 is set at \$110,670.

A power purchase agreement for wind energy was originally entered into by Muscatine Power & Water in December 2013. An amended and restated agreement was executed in June 2016. It is a 20-year agreement that commenced fourth quarter 2016 with the wind farm's December 15, 2016 commercial operation date. The wind farm is located in Jackson County, Minnesota, which is in the utility's MISO local resource zone. Its projected annual output is 51,392 MWh. Terms include a fixed first-year rate for delivered energy, with a 2.2% annual price escalation over the life of the agreement. The utility is subject to market risk up to specified net loss for a 12-month period. The contract also includes a margin sharing provision if the net energy earnings are positive.

The utility has committed to purchasing 800,000 tons of coal in 2022 and 475,000 tons in 2023 under three contracts with one supplier. If additional tons become necessary, they will be purchased on the OTC market or by working directly with the mining company.

The utility has rail transportation agreements with two separate companies for the delivery of coal. The utility's first agreement is for coal shipped from the Powder River Basin (PRB), Wyoming to an interchange with the local delivery carrier. The current contract with the BNSF Railway (originating carrier) expires December 31, 2022. The utility's minimum requirement is 100% of the tons shipped from the PRB up to the utility's annual tonnage nomination. In the event the utility does not meet their nominated tons, the utility has agreed to pay a per ton fee as compensation for lost traffic. A new or extension of the current contract is expected to be in place no later than third quarter 2022.

The agreement with the Canadian Pacific Railway for the shipment of coal from the interchange point to the utility's generating station expires December 31, 2021. A new agreement is expected to be in place prior to expiration of the current agreement. The Canadian Pacific Railway is only offering one-year agreements at this time.

The agreement with the Canadian Pacific Railway for the shipment of coal from the interchange point to the utility's generating station expires December 31, 2022. A new agreement is expected to be in place prior to expiration of the current agreement. The Canadian Pacific Railway is only offering one-year agreements at this time.

In April 2017, the utility contracted to sell steam to a local customer through April 2020; another extension was agreed to in October 2019 to sell steam through December 2022. The agreement includes a minimum flow rate, adjusted as necessary to accommodate operational circumstances.

NOTE 14. URBAN RENEWAL DEVELOPMENT AGREEMENTS AND TAX ABATEMENTS

Governmental Accounting Standards Board (GASB) Statement No. 77 defines tax abatements as a reduction in tax revenues that results from an agreement between one or more governments and an individual or entity in which (a) one or more governments promise to forgo tax revenues to which they are otherwise entitled and (b) the individual or entity promises to take a specific action after the agreement has been entered into that contributes to economic development or otherwise benefits the governments or the citizens of those governments.

The City of Muscatine has two programs that provide tax abatements. These are (1) Urban Renewal Tax Increment Fund (TIF) development/rebate agreements, and (2) qualifying improvements in Urban Revitalization Areas.

The City has entered into various development agreements for urban renewal projects as provided for in Chapters 15A and 403 of the State Code of Iowa. The agreements require the City to rebate portions of the incremental property taxes paid by the developer in exchange for infrastructure improvements, rehabilitation, or development of industrial, commercial, or multi-residential projects. As of June 30, 2022 the City had seventeen development agreements in place. These include agreements for projects currently under construction with rebates to begin in future years. In the current year payments were made to developers for ten projects which totaled \$1,474,691. A detailed listing of these agreements is in the table below.

<u>Developer</u>	<u>Type of Development/Purpose</u>	<u>Fiscal Years of Rebates</u>		<u>Taxes Rebated/</u>	
		<u>First Year</u>	<u>Final Year</u>	<u>Abated</u>	<u>Current Year</u>
A & E Convenience - 50% for 10 Years	Commercial/Economic Development	2012/2013	2021/2022	\$	3,081
The Villas at MCC, LLC - 50% for 10 Years	Commercial/Student Housing	2013/2014	2022/2023		14,368
R.L. Fridley Theatres Inc. - 15 Years (Declining Percentages)	Commercial/Economic Development	2015/2016	2029/2030		59,681
Wal-View Developments #1 - 10 Years (Declining Percentages)	Warehousing/Economic Development	2015/2016	2024/2025		310,584
Wal-View Developments #2 - 10 Years (Declining Percentages)	Warehousing/Economic Development	2017/2018	2026/2027		177,816
Riverview Hotel Development - 20 years (Declining Percentages)	Hotel/Economic Development	2019/2020	2038/2039		662,315
Harrison Lofts LLC - 15 years (Varying Percentages)	Commercial/Affordable Housing	2019/2020	2033/2034		27,563
HNI Corporation - 50% for 10 Years	Industrial/Economic Development	2019/2020	2028/2029		76,560

TIF Oak Park - 70% for 15 Years	Commercial/Affordable Housing	2022/2023	2036/2037		-
NPSW Enterprises - 75% for 10 Years for each Phase (up to 3 Phases)	New residential housing	2021/2022	2040/2041 (latest year)		-
Bush Developments LLC and Hershey Property LLC - 100% for 10 Years	Multi-Residential and Commercial	2021/2022	2030/2031		92,593
Musco Sports Lighting LLC - 50% for 10 Years	Industrial/Economic Development	2022/2023	2031/2032		-
Colorado Senior Lofts LLC - 100% for 10 Years	Multi-Residential	2024/2025	2033/2034		-
Grandview Senior Lofts LLC - 100% for 10 Years	Multi-Residential	2024/2025	2033/2034		-
JNB Family 1 LP and Ales Foundation (Steamboat Apartments) - 70% for 15 Years	Multi-Residential	2024/2025	2038/2039		-
Loves' Travel Stops and Country Stores Inc. - 50% for 20 Years	Commercial	2025/2026	2044/2045		-
Total				\$	1,474,691

Actual incremental tax rebates are computed based on the taxable valuations of these properties, the incremental property tax rate each year, and the provisions of the development agreements. Each agreement, however, includes a maximum total amount of rebates that may be paid over the term of the agreement. The maximum total of rebates to be paid by the City under the agreements in effect as of June 30, 2022 is an amount not to exceed \$17,023,897. This amount includes \$2,510,000 for projects still under construction at the end of the current year.

The agreements are not general obligations of the City and, due to their nature, are not recorded as a liability in the City's financial statements. However, the agreements may be subject to the constitutional debt limitation of the City.

Certain agreements include an annual appropriation clause and, accordingly, only the amount payable in the succeeding year on the agreements is subject to the constitutional debt limitation. The entire outstanding principal balance of agreements that do not include an annual appropriation clause is subject to the constitutional debt limitation. Of the \$17,023,897 maximum total of rebates outstanding at the end of the year, \$15,715,306 is subject to annual appropriations, and only the succeeding year's payments on those agreements are subject to the debt limit.

The City has created five Urban Revitalization areas as provided for in Chapter 404 of the State Code of Iowa. The Urban Revitalization Plans for each area provide for full or partial tax abatements for qualifying improvements in each of the areas. In the current year \$113,883 of property taxes were abated for qualifying improvements in the Urban Revitalization areas. A summary of the abatements is in the following table:

<u>Tax Abatement Program</u>	<u>Number of Properties</u>	<u>Taxes Abated</u>
New Residential Homes	25	\$ 71,159
New Multi-Residential Development	6	9,300
Residential Home Improvements	<u>10</u>	<u>33,424</u>
Totals	<u>41</u>	<u>\$ 113,883</u>

The tax rebates and Urban Revitalization Area tax abatements total \$1,588,574 in taxes abated in the current year.

NOTE 15. PENDING GOVERNMENTAL ACCOUNTING STANDARDS BOARD (GASB) STANDARD

The City adopted the following statements during the year ended June 30, 2022.

GASB Statement No. 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities.

The City restated governmental activities net position from \$80,329,116 to \$80,401,617 and the business-type activities net position from \$92,296,752 to \$92,314,578 as a result of the new statement.

GASB Statement No. 89, *Accounting for Interest Cost before the End of a Construction Period*. This Statement establishes accounting requirements for interest cost incurred before the end of a construction period. Such interest cost includes all interest that was previously accounted for in accordance with the requirements of paragraphs 5-22 of Statement No. 62, which are superseded by this Statement. This Statement requires that interest cost incurred before the end of a construction

period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or an enterprise fund. This statement also reiterates that in financial statements prepared using the current financial resources measurement focus, interest cost incurred before the end of a construction period should be recognized as an expenditure on a basis consistent with governmental fund accounting principles.

GASB Statement No. 92, *Omnibus 2020*. The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. This Statement addresses a variety of topics including leases, intra-entity transfers, assets accumulated for postemployment benefits, applicability of Statement No. 84 to postemployment benefit arrangements, measurement of liabilities related to asset retirement obligations in a government acquisition, reporting by public entity risk pools for amounts that are recoverable from reinsurers or excess insurers, nonrecurring fair value measurements of assets or liabilities, and terminology to refer to derivative instruments.

GASB Statement No. 93, *Replacement of Interbank Offered Rates*. The objective of this Statement is to address those and other accounting and financial reporting implications that result from the replacement of an IBOR. This statement provides exceptions for certain hedging derivative instruments to the hedge accounting termination provisions when an IBOR is replaced as the reference rate of the hedging derivative instrument's variably payment, clarifies the hedge accounting termination provisions when a hedge item is amended to replace the reference rate, clarifies the uncertainty related to the continued availability of IBORS, removes LIBOR as an appropriate benchmark interest rate for qualitative evaluation, identifies a Secured Overnight Financing Rate and the Effective Federal Funds Rate as appropriate benchmark interest rates for the qualitative evaluation of the effectiveness of an interest rate swap, and clarifies the definition of reference rate, as it is used in Statement 53, as amended.

GASB Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans- an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 3*. The primary objective of this Statement are to 1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; 2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and 3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans.

Other than the restatement for the implementation of GASB Statement No. 87, the implementation of the above statements did not have a material impact on the City's Financial Statements.

As of June 30, 2022, GASB had issued several statements not yet required to be implemented by the City. The Statements which might impact the City are as follows:

GASB Statement No. 91, *Conduit Debt Obligations*, issued May 2020, will be effective for the City beginning with its fiscal year ending June 30, 2023. This Statement clarifies the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary

commitments extended by issuers and arrangements association with conduit debt obligations; and improving required note disclosures. This Statement requires issuers to disclose general information about their conduit debt obligations organized by type of commitment, including the aggregate outstanding principal amount of the issuers' conduit debt obligations and a description of each type of commitment. Issuers that recognize liabilities related to supporting the debt service of conduit debt obligations also should disclose information about the amount recognized and how the liabilities changed during the reporting period.

GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, issued March 2020, will be effective for the City beginning with its fiscal year ending June 30, 2023. The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). As used in this Statement, a PPP is an arrangement in which a government (the transferor) contracts with an operator (a governmental or nongovernmental entity) to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset (the underlying PPP asset), for a period of time in an exchange or exchange-like transaction. This Statement also provides guidance for accounting and financial reporting for availability payment arrangements (APAs). As defined in this Statement, an APA is an arrangement in which a government compensates an operator for services that may include designing, constructing, financing, maintaining, or operating an underlying nonfinancial asset for a period of time in an exchange or exchange-like transaction.

GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*, issued May 2020, will be effective for the City beginning with its fiscal year ending June 30, 2023. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement 1) defines a SBITA; 2) establishes that a SBITA results in a right-to-use subscription assets- an intangible asset- and a corresponding subscription liability; 3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and 4) requires note disclosures regarding a SBITA.

GASB Statement No. 99, *Omnibus 2022*, issued April 2022, will be effective for the City beginning with its fiscal year ending June 30, 2023. The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees.

GASB Statement No. 100, *Accounting Changes and Error Corrections- An Amendment of GASB Statement No. 62*, issued June 2022, will be effective for the City beginning with its fiscal year ending June 30, 2024. The primary objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability.

GASB Statement No. 101, *Compensated Absences*, issued June 2022, will be effective for the City beginning with its fiscal year ending June 30, 2025. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. This Statement requires that liabilities for compensated absences be recognized for (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means. A liability should be recognized for leave that has not been used if (a) the leave is attributable to services already rendered, (b) the leave accumulates, and (c) the leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means. With

respect to financial statements prepared using the current financial resources measurement focus, this Statement requires that expenditures be recognized for the amount that normally would be liquidated with expendable available financial resources. This Statement amends the existing requirements to disclose the gross increases and decreases in a liability for compensated absences to allow governments to disclose only the net change in the liability (as long as they identify it as a net change). In addition, governments are no longer required to disclose which governmental funds typically have been used to liquidate the liability for compensated absences.

The City's management has not yet determined the effect these Statements will have on the City's financial statements.

NOTE 16. RESTATEMENTS

Governmental Accounting Standards Board Statement No. 87, *Leases*, was implemented as of the beginning of the year ended June 30, 2022. The City is the lessee under four lease agreements. Under these leases, new standards require the reporting of the respective lease assets and liabilities which were previously not reported. The City is the lessor under nine leases. The new standards require reporting of lease receivables and deferred inflows of resources for these leases. The beginning net position has been restated to reflect the implementation of the new standard as shown in the following table:

	Governmental Activities	General Fund
Net position June 30, 2021, as previously reported	\$ 80,329,116	\$ 6,237,656
Right to use lease equipment	17,809	-
Right to use lease equipment accumulated	(6,908)	-
Lease obligations	(11,588)	-
Lease receivables	958,993	958,993
Deferred inflows of resources, leases	(885,805)	(885,805)
Net position June 30, 2021, as restated	<u>\$ 80,401,617</u>	<u>\$ 6,310,844</u>

	Business-Type Activities with Restatements			
	Business-type Activities	Golf Course Fund	Airport Fund	Public Housing Fund
Net position June 30, 2021, as previously reported	\$ 92,296,752	\$ 658,600	\$ 8,792,872	\$ 1,165,223
Right to use lease equipment	111,824	111,824	-	-
Right to use lease equipment accumulated	(78,277)	(78,277)	-	-
Lease obligations	(39,530)	(39,530)	-	-
Lease receivables	664,861	-	323,283	341,578
Deferred inflows of resources, leases	(641,052)	-	(315,382)	(325,670)
Net position June 30, 2021, as restated	<u>\$ 92,314,578</u>	<u>\$ 652,617</u>	<u>\$ 8,800,773</u>	<u>\$ 1,181,131</u>

Total OPEB liability - ending	<u>\$ 1,257,033</u>	<u>\$ 1,339,250</u>	<u>\$ 1,270,039</u>	<u>\$ 1,136,492</u>	<u>\$ 1,004,492</u>
Covered employee payroll	\$ 13,727,833	\$ 13,078,004	\$ 12,412,039	\$ 11,947,438	\$ 11,574,574
Total OPEB liability as a percentage of covered employee payroll	9.16%	10.24%	10.23%	9.51% #	8.68%

Notes to Schedule:

Changes of benefit terms:

There were no changes as a result of changes in benefit terms

Changes of assumption:

The following are the discount rates used in each period:

2022	3.54%
2021	2.21%
2020	2.21%
2019	3.58%
2018	3.87%

The mortality assumption changed to the RP-2014 annuitant distinct mortality table adjusted to 2006 with MP-2018 generational projection of future mortality improvement.

No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement No. 75

* The schedule is intended to present information for ten years. Information prior to 2018 is not available.

CITY OF MUSCATINE, IOWA

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

JUNE 30, 2022

NOTE 1. Budget Preparation and Adoption

The State of Iowa requires the annual budgets for the year beginning July 1 be certified to the County Auditor no later than March 31 preceding the beginning of the fiscal year. The budget must include the amount to be raised by property taxation, income from sources other than property taxation, and expenditures for each of the functional areas described in Note 3.

Preliminary budget review of all operating department requests is conducted by the City Administrator. The budget proposal as presented to the City Council by the City Administrator is a complete financial plan for the upcoming fiscal year. The proposal is submitted on or before the first Monday of February. The City Council holds various budget meetings with the City Administrator, Finance Director, department heads, and boards and commissions, as well as holding two public hearings prior to adopting the budget. The Council adopts the budget by resolution and certifies it to the County Auditor by the 31st day of March preceding the beginning of the fiscal year. This budget becomes the appropriation for the operations of the City.

After the initial annual budget is adopted, it may be amended for specified purposes. Budget amendments must be prepared and adopted in the same manner as the original budget. Management is not authorized to amend the budget or to make budgetary transfers between functions without the approval of the City Council.

The City Council also approves a five-year capital improvement program. This capital improvement program is reviewed and revised annually by the City Council; a public hearing also is held in regard to proposed capital improvements for the City.

NOTE 2. Basis of Budgeting

Annual budgets are adopted following required public notice and hearings for all funds with the exception of certain internal service and permanent funds, on a basis consistent with accounting principles generally accepted in the United States of America (GAAP), except that encumbrances are also recognized as a valid and proper charge against the budget appropriations in the year in which the commitment was issued. Encumbrances represent purchases on order related to unperformed contracts for goods or services with the exception of capital projects fund contracts. For budgetary purposes, encumbrances are recognized as a valid and proper charge against the budget appropriation in the year in which the commitment was issued. Encumbrances do not lapse at year-end and provide authorization for expenditure the following year. In the preceding budget schedules, expenditures include current fiscal year encumbrances and exclude the payment of prior year encumbrances.

NOTE 3. Budget Functions

Formal and legal budgetary control is based upon nine major classes of expenditures known as functions, not by fund or fund type. These nine functions are: public safety, public works, health and social services, culture and recreation, community and economic development, general government, debt service, capital projects, and business type activities. Function disbursements required to be budgeted include disbursements for the General Fund, Special Revenue Funds, Debt Service Fund, Capital Projects Funds, Enterprise Funds and certain Permanent and Internal Service Funds. Although the City's budget document presents expenditures by fund, the legal level of control is at the aggregated

function level, not by fund. During the year, two budget amendments increased budgeted disbursements in total by \$5,281,431, which includes a \$2,273,136 increase in governmental funds and a \$3,008,295 increase in proprietary funds. The governmental funds increase includes \$1,871,736 in increases in the various functions and a \$401,400 increase in capital projects due to changes in capital projects construction schedules. The proprietary funds budget increase includes \$1,742,200 due to changes in proprietary fund capital project construction schedules. The increases in functional appropriations and in proprietary fund operating budgets are in part due to impacts from the COVID-19 pandemic on various revenue sources not being as significant as allowed for when the original 2021/2022 budget was adopted. The budget amendments are reflected in the final budgeted amounts

During the year ended June 30, 2022, expenditures did not exceed the budgeted amounts in any of the nine functions.

NOTE 4. Pension Liability

IPERS

Changes of benefit terms:

There were no significant changes of benefit terms.

Changes of assumptions:

The 2018 valuation implemented the following refinements as a result of a demographic assumption study dated June 28, 2018:

- Changed the mortality assumptions to the RP-2014 mortality tables with mortality improvements modeled using Scale MP-2017.
- Adjusted retirement rates.
- Lowered disability rates.
- Adjusted the probability of a vested Regular member electing to receive a deferred benefit.
- Adjusted the merit component of the salary increase assumption. .

The 2017 valuation implemented the following refinements as a result of an experience study dated March 24, 2017:

- Decreased the inflation assumption from 3.00 percent to 2.60 percent.
- Decreased the assumed rate of interest on member accounts from 3.75 percent to 3.50 percent per year.
- Decreased the discount rate from 7.50 percent to 7.00 percent.
- Decreased the wage growth assumption from 4.00 percent to 3.25 percent.
- Decreased the payroll growth assumption from 4.00 percent to 3.25 percent.

The 2014 valuation implemented the following refinements as a result of a quadrennial experience study:

- Decreased the inflation assumption from 3.25 percent to 3.00 percent.
- Decreased the assumed rate of interest on member accounts from 4.00 percent to 3.75 percent per year.
- Adjusted male mortality rates for retirees in the Regular membership group.
- Reduced retirement rates for sheriffs and deputies between the ages of 55 and 64.
- Moved from an open 30 year amortization period to a closed 30 year amortization period for the UAL beginning June 30, 2014. Each year thereafter, changes in the UAL from plan experience will be amortized on a separate closed 20 year period.

MFPSI

Changes of benefit terms:

There were no significant changes of benefit terms.

Changes of assumptions:

The 2018 valuation changed postretirement mortality rates were based on the RP-2014 Blue Collar Health Annuitant Table with males set-forward zero years, females set-forward two years, and disabled individuals set-forward three years (male only rates), with generational projection of future mortality improvement with 50% of Scale BB beginning in 2017.

The 2017 valuation added five years projection of future mortality improvement with Scale BB.

The 2016 valuation changed postretirement mortality rates to the RP-2000 Blue Collar Combined Health Mortality Table with males set-back two years, females set-forward one year, and disabled individuals set-forward one year (male only rate), with no projection of future mortality improvement.

The 2015 valuation phased in the 1994 Group Annuity Mortality Table for postretirement mortality. This resulted in a weighting of 1 / 12 of the 1971 Group Annuity Mortality Table and 11 / 12 of the 1994 Group Annuity Mortality Table.

The 2014 valuation phased in the 1994 Group Annuity Mortality Table for postretirement mortality. This resulted in a weighting of 2 /12 of the 1971 Group Annuity Mortality Table and 10 / 12 of the 1994 Group Annuity Mortality Table.

NON-MAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special Revenue Funds are utilized to account for revenues derived from specific sources which are accounted for as separate funds. These funds are as follows:

COMMUNITY DEVELOPMENT BLOCK GRANT - Accounts for community development block grant funds awarded to the City.

1ST TIME HOME OWNERS PROGRAM - Accounts for funds received to provide education and counseling services to assist persons interested in purchasing their own homes.

EMERGENCY TAX FUND – Accounts for proceeds from the emergency tax levy.

SECTION 8 HOUSING PROGRAM - Accounts for the operations of the City's Section 8 Housing Choice Voucher Program which provides rental assistance to low-income individuals and families in the City.

SUNSET PARK EDUCATION PROGRAM - Accounts for children's education programs at the Sunset Park public housing apartment complex.

POLICE FORFEITURES - Accounts for funds received by the police department from seized and forfeited properties under guidelines established by the U.S. Department of Justice and the State of Iowa and must be expended for police department programs.

DOWNTOWN TAX INCREMENT - Accounts for the incremental taxes from the expanded Downtown Urban Renewal Area.

SOUTHEND TAX INCREMENT - Accounts for the incremental taxes from the Southend Urban Renewal Area which funded economic development incentives for expanding businesses in this area, other improvements in the southend area, and the debt requirements on tax increment revenue bonds or general obligation bonds which funded improvements in the urban renewal area.

CEDAR DEVELOPMENT TAX INCREMENT - Accounts for incremental taxes from the Cedar Development Urban Renewal Area.

HIGHWAY 38 NORTHEAST TAX INCREMENT - Accounts for incremental taxes from the expanded Highway 38 Northeast Urban Renewal Area.

HEINZ TAX INCREMENT - Accounts for incremental taxes from the Industrial/Heinz Urban Renewal Area.

FRIDLEY THEATER TAX INCREMENT - Accounts for incremental taxes which funded economic development incentives for this ten-plex movie theater and related developments in that area.

RIVERVIEW HOTEL TAX INCREMENT - Accounts for incremental taxes from the district that includes the new Merrill Hotel and Conference Center.

NORTH UNIVERSITY TAX INCREMENT - Accounts for incremental taxes from the district that includes the HNI Corporation facility on North University Avenue.

WHITE DISTRIBUTION TAX INCREMENT - Accounts for incremental taxes from the district that includes the White Distribution & Supply LLC facility.

HERSHEY BUILDING TAX INCREMENT - Accounts for incremental taxes from the district that includes the Hershey Building in downtown Muscatine.

OAK PARK TAX INCREMENT – Accounts for incremental taxes from the 48-unit Oak Park senior living complex.

SMALL BUSINESS FORGIVABLE LOAN PROGRAMS - These programs provides for forgivable loans to private businesses for the promotion of in-fill, redevelopment, and facilities enhancements in designated areas of the community.

RIVERVIEW REINVESTMENT DISTRICT - Accounts for Reinvestment District revenues from the State of Iowa and economic development payments of those funds to the Riverview Hotel Development for the Merrill Hotel and Conference Center located in downtown Muscatine overlooking the Mississippi River. The Merrill Hotel opened in March of 2018.

ART CENTER SPECIAL FUNDS - Accounts for the Alice Dodge Schaeffer Trust, the principal and interest of which is used for the conservation of furnishings, which accompanied this trust, and the General Donations Trust which is used for cash donations to the Art Center either for specific purchases or general donations to be used to fund acquisitions designated by the Board of Trustees of the Art Center. Also accounts for funds received from the estate of Brad Burns which must be used for art center purchases.

PARKS DONATIONS – Accounts for funds from the estate of Dr. J. Donald McPike to be used for the Weed Park Rose Garden and other park improvements.

LIBRARY SPECIAL FUND - Accounts for the Library Gift and Memorial Trust used for general donations to the Musser Public Library.

CAPITAL PROJECTS FUNDS

The Capital Projects Funds are utilized to account for financial resources to be used for the acquisition or construction of capital facilities and other major capital assets, with the exception of those that are financed by Enterprise and Internal Service Funds. The project funds reflect the nature of the capital projects and are as follows:

COMMUNITY DEVELOPMENT IMPROVEMENTS FUND - Accounts for urban renewal improvements, housing rehabilitation, and building demolition projects in designated areas of the City.

STREET AND SIDEWALK IMPROVEMENTS FUND - Accounts for the City's pavement management program including ongoing maintenance of the improved streets.

RIVERFRONT IMPROVEMENT PROJECTS FUND - Accounts for riverfront and levee improvement projects.

OTHER PUBLIC IMPROVEMENTS FUND - Accounts for construction and improvements to City buildings, improvements of City park facilities, and equipment and technology acquisitions.

PERMANENT FUNDS

Permanent Funds are used to account for resources that are legally restricted to the extent that only earnings and not principal may be used for purposes that benefit the City's programs and services.

MCWHIRTER-GILMORE TRUST - Accounts for funds received which accompanied the gift of the Musser Mansion museum facility. Interest earnings on this trust are used for the maintenance of the museum building.

PERPETUAL CARE TRUST - Accounts for the portion of cemetery lot sales designated for perpetual care.

PERPETUAL CARE INTEREST TRUST - Accounts for interest earned on cemetery perpetual care funds which is required to be used for the operation and maintenance of the cemetery facility.

CEMETERY SPECIAL TRUSTS - Accounts for funds received, the interest earnings of which are designated to be used to maintain specific cemetery lots or to provide floral arrangements for these lots.

NON-MAJOR ENTERPRISE FUNDS

The Enterprise Funds are utilized to account for operations and activities that are financed and operated in a manner similar to a private business enterprise, and where the cost of providing goods and services to the general public on a continuing basis is expected to be recovered primarily through user charges. The City has also established Enterprise Funds when the determination has been made that it is advantageous to segregate revenues earned, expenses incurred, and net income for purposes of capital maintenance, public policy, management control, or accountability.

PARKING OPERATIONS - Accounts for the operations of "on" and "off-street" parking meters and parking in designated lots. All activities necessary to provide for such services are accounted for in this fund including, but not limited to, meter enforcement, maintenance, and administration.

TRANSIT OPERATIONS - Accounts for the operations of the municipal transit system. The system is funded from user fees, grants, and property taxes from a special levy.

GOLF COURSE - Accounts for the operation and maintenance of the Municipal Golf Course. This includes activities necessary to provide for the operation of the course as well as capital improvements.

BOAT HARBOR - Accounts for the operation and maintenance of the municipal boat harbor in addition to capital improvements to the harbor.

MARINA OPERATIONS - Accounts for the operation of the City's gas barge which provides fuel sales to boaters on the Mississippi River.

CONVENTION AND VISITORS BUREAU – The former non-profit Convention and Visitors Bureau was dissolved as of June 30, 2015 with its assets and liabilities transferred to the City as of that date. This function is now accounted for as an enterprise fund of the City.

AMBULANCE OPERATIONS - Accounts for the Fire Department Ambulance Service which began providing service July 1, 2000.

SOCER EVENTS - Accounts for revenues and expenses for the Soccer College Search Kickoff Event. In prior years this event was hosted by a private non-profit entity and held at the Muscatine Soccer Complex. This event is now being hosted by the City Parks & Recreation department beginning in 2018.

PUBLIC HOUSING - Accounts for the operations of the City's public housing program which includes a 100-unit elderly housing facility and a 50-unit family facility.

INTERNAL SERVICE FUNDS

Internal Service Funds are established to finance and account for services and commodities furnished by one department or agency of the City to other departments or agencies of the City. Internal Service Funds are as follows:

EQUIPMENT SERVICES FUND - Accounts for the operations and maintenance of the central garage. All costs incurred for the maintenance of City vehicles and operation of the facility are charged to departments on a cost reimbursement basis.

CENTRAL SUPPLIES FUND - Accounts for the central inventory of office supplies which are provided to City departments on a cost reimbursement basis.

HEALTH INSURANCE FUND - Accounts for the costs related to the City's self-insurance plan which provides health insurance benefits to employees.

DENTAL INSURANCE FUND – Accounts for the costs related to the City's self-insurance plan which provides dental insurance benefits to employees.

City of Muscatine, Iowa

MUSCATINE COUNTY SOLID WASTE AGENCY COMPONENT UNIT

Muscatine County Solid Waste Agency (Agency). The Agency has been organized as a joint venture under Chapter 28E of the Code of Iowa between the City of Muscatine; Muscatine County; and the municipalities of Fruitland, Stockton, West Liberty, Atalissa, Nichols, and Conesville, Iowa. The Agency is responsible for the disposal of all solid waste for member municipalities and unincorporated portions of Muscatine County.

STATISTICAL SECTION

This part of the City of Muscatine's annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

Contents	Page
<u>Financial Trends (Schedules 1 – 5)</u>	150-156
<i>These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.</i>	
<u>Revenue Capacity (Schedules 6 – 9)</u>	157-160
<i>These schedules contain information to help the reader assess the government's most significant local revenue source, the property tax.</i>	
<u>Debt Capacity (Schedules 10 – 13)</u>	161-164
<i>These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future.</i>	
<u>Demographic and Economic Information (Schedules 14 – 15)</u>	165-166
<i>These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.</i>	
<u>Operating Information (Schedules 16 – 18)</u>	167-169
<i>These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.</i>

1. A Utility Franchise Fee on the provider of natural gas services was implemented in 2010/2011 at the rate of 2%. This rate was reduced to 1% for 2012/2013 through 2017/2018. This rate was increased to 2% for 2018/2019 and to 5% for 2019/2020, 2020/2021, and the first seven months of 2021/2022. City Council reduced the rate to 3% effective February 1, 2022 due to the significant increase in the cost of natural gas.

1. Multi-residential properties were included with commercial properties until January 1, 2015. These properties include mobile home parks, manufactured home communities, land-leased communities, assisted living facilities, and properties with three or more separate living quarters. These properties were rolled back from 90% to 86.25% for January 1, 2015, to 82.50% for January 1, 2016, to 78.75% for January 1, 2017, to 75.00% for January 1, 2018, to 71.25% for January 1, 2019, and to 67.50% for January 1, 2020. These properties will continue to be rolled back over the next two years until the rollback is equal to the rollback for residential properties.

Notes - Per State statutes maximum tax rates apply to the General Fund, Transit, Levee and Emergency levies. The City has been at the maximum rate of \$8.10 for the General Fund, and \$.0675 for the Levee in prior years as shown above. A maximum rate of \$.95 applies to the Transit tax and a maximum rate of \$.27 applies to the Emergency tax; the City's Transit and Emergency levies are less than the maximum allowed.

1. Current tax collections reflect payments received by the Muscatine County Treasurer's office from July 1 through June 30 of each year. Taxes levied for the current year are classified as delinquent if not paid by June 30 each year.
2. Delinquent tax collections reflect the amounts of delinquent taxes the City received during the year. Information is not available from the County Treasurer's Office as to the year(s) for which the delinquent tax collections apply.
3. Collection percentages are close to 100% each year since the State of Iowa provides for "tax sales" in June of each year for properties with unpaid taxes. Substantially all of the taxes are paid by investors purchasing tax certificates from the "tax sales". Collections in excess of 100% are due to rounding differences when tax rates are applied to property valuations, differences in tax credits reimbursed by the State of Iowa, or changes in taxable valuations by the County Assessor after the City's budget is certified.
4. Delinquent property tax is a negative amount in 2013/2014 due to a successful appeal of a prior year taxable valuation. This resulted in the county refunding a portion of prior year property taxes paid by the commercial business.
5. The percent of levy collected in 2019/2020 was lower since there was not a "tax sale" in June. Due to the COVID-19 pandemic, the State allowed payments of the taxes due by March 31, 2020 to be paid no later than June 27, 2020 with no interest or penalty. This did not allow time for the "tax sale" to be held in June.
6. The delinquent tax collections in 2020/2021 is higher due to collections on the 2019/2020 levy (see footnote 5).

2021/2022	17,202,128	17,202,128	1,422,713,491	1.2%	23,797	723

Note - Net position restricted for debt service is restricted for future interest payments. Further details regarding the City's outstanding debt can be found in the notes to the financial statements. General obligation bonds are net of the restricted amount for debt service.

Sources:

1. Muscatine County Auditor's Office
2. United States Census Bureau. The 2012/2013 population reflects the population from the 2010 Census plus the population from areas annexed into the City in 2012 and 2013. The population beginning in 2020/2021 is from the 2020 Census.

Schedule 12

City of Muscatine, Iowa
Direct and Overlapping Governmental Activities Debt
As of June 30, 2022
(Unaudited)

<u>Governmental Unit</u>	<u>Debt Outstanding</u>	<u>Estimated Percent Applicable to City (1)</u>	<u>Estimated Share of Direct and Overlapping Debt</u>
Debt repaid with property taxes			
Muscatine County	\$ 8,715,000	45.06%	\$ 3,926,979
Other debt			
Eastern Iowa Community College (EICC)	37,445,000	6.03%	<u>2,257,934</u>
Subtotal, overlapping debt			\$ 6,184,913
City direct debt (2)		100.00%	<u>16,801,255</u>
Total direct and overlapping debt			<u><u>\$ 22,986,168</u></u>

1. The percentage of overlapping debt applicable to the City is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the other governmental unit's taxable assessed value that is within the City of Muscatine's boundaries and dividing it by each governmental unit's total taxable value. These estimates were used for both debt to be repaid with property taxes as well as debt for the EICC to be repaid from sources other than property tax.
2. Excludes general obligation bonds reported in business-type activities.

Sources:

Muscatine County Auditor's Office
 Eastern Iowa Community College

Note - Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City of Muscatine. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Muscatine. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt of each overlapping government.

1. The Weed Park Aquatic Center attendance varies with summer temperatures and rain days. The Aquatic Center did not open in 2020 due to the COVID-19 pandemic.

2. The decline in participation in adult and children's programs in 2020 was due to the COVID-19 pandemic.

3. The building-related permit increase in 2017 was in part due to roof and related building repairs due to the 2017 hail storm.

4. Art Center attendance was down in 2016 due to construction of HVAC and building envelope improvements. The decrease in 2019/2020 was due to the temporary closure of the Art Center beginning in mid-March, 2020 due to the COVID-19 pandemic. The attendance decline from the pandemic continued in 2020/2021.

5. The transit passenger decrease in 2019/2020 was due to temporarily suspending fixed route services due to the COVID-19 pandemic. The regular transit routes did not operate from mid-March through June 2020. Ridership in 2020/2021 continued at lower levels due to the pandemic.

6. The decrease in the number of parking tickets issued in 2019/2020 was due to the COVID-19 pandemic which required most downtown businesses to be closed from mid-March through May, 2020.

7. The transfer station was closed to the public in April and May, 2020 due to COVID-19 pandemic. Only waste from customers with charge accounts was accepted which contributed to the decreased tonnage beginning in 2019/2020.

8. Wastewater treated in 2017/2018 was lower due to a sewer line repair which resulted in a bypass of wastewater to the plant. Wastewater treated in 2018/2019 was higher due to two record months of flow for February and June of 2019 due to river flooding. The reduction in wastewater in 2021 is due to reduced pumping from the Papoose Creek pump station.

**Independent Auditor's Report on Internal Control Over
Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in
Accordance With *Government Auditing Standards***

To the Honorable Mayor and
Members of City Council
City of Muscatine, Iowa
Muscatine, Iowa

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate discretely presented component units and remaining fund information of the City of Muscatine, Iowa, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated November 18, 2022.

Our report includes a reference to other auditors who audited the financial statements of Muscatine Power & Water, a discretely presented component unit, as described in our report on City of Muscatine, Iowa's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Our report includes an emphasis of matter paragraph for the implementation of Governmental Accounting Standards Board Statement No. 87.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered City of Muscatine, Iowa's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City of Muscatine, Iowa's internal control. Accordingly, we do not express an opinion on the effectiveness of City of Muscatine, Iowa's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether City of Muscatine, Iowa's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Comments involving statutory and other legal matters about the City's operations for the year ended June 30, 2022 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the City. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Muscatine, Iowa's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Muscatine, Iowa's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Bohnsack & Frommelt LLP

Moline, Illinois
November 18, 2022

**Independent Auditor's Report on Compliance For
Each Major Federal Program and On Internal Control
Over Compliance Required By the Uniform Guidance**

To the Honorable Mayor and
Members of City Council
City of Muscatine, Iowa
Muscatine, Iowa

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited City of Muscatine, Iowa's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of City of Muscatine, Iowa's major federal programs for the year ended June 30, 2022. City of Muscatine, Iowa's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

The City's basic financial statements include the Muscatine Power & Water discretely presented component unit which is not included in the schedule of expenditures of federal awards during the year ended June 30, 2022. Our audit, described below, did not include this organization as it did not receive federal awards and they engaged other auditors to perform their audit.

In our opinion, the City of Muscatine, Iowa complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City of Muscatine, Iowa and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the City of Muscatine, Iowa's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulation, rules and provisions of contracts or grant agreements applicable to the City of Muscatine, Iowa's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City of Muscatine, Iowa's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error; as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City of Muscatine, Iowa's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we

- exercise professional judgment and maintain professional skepticism throughout the audit,
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City of Muscatine, Iowa's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the City of Muscatine, Iowa's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the City of Muscatine, Iowa's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

City of Muscatine, Iowa

Notes to Schedule of Expenditures of Federal Awards
Year Ended June 30, 2022

Note 1. Basis of Presentation

The accompanying schedule of expenditures of federal awards (schedule) includes the federal award activity of the City under programs of the federal government for the year ended June 30, 2022. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net position or cash flows of the entity.

Note 2. Summary of Significant Accounting Policies

Expenditures reported on the schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Expenditures of federal awards are recognized in the accounting period when the liability is incurred and has met the eligibility criteria of the federal award.

Revenue from federal awards is recognized when the City has done everything necessary to establish its right to the revenue. In the governmental funds, revenue from federal awards is recognized when the revenue is both measurable and available. In proprietary funds, revenue from federal awards is recognized when it is earned.

Pass-through entity identifying numbers are presented where available.

Note 3. Indirect Cost Rate

The City has not elected to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

B. Instances of Noncompliance

No matters reported.

III. Findings and Questioned Costs for Federal Awards

A. Internal Control for Federal Awards

No matters reported.

B. Instances of Noncompliance

No matters reported.

IV. Other Findings Related to Required Statutory Reporting

IV-A-22

Certified Budget – Expenditures for the year ended June 30, 2022 did not exceed the amounts budgeted.

IV-B-22

Questionable Expenditures – No expenditures were noted that we believe may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979.

IV-C-22

Travel Expenses – No expenditures of City money for travel expenses of spouses of City officials or employees were noted. No travel advances to City officials or employees were noted.

IV-D-22

Business Transactions – No business transactions between the City and City officials or employees were noted except as follows:

Name and Business Connection	Transaction	Amount
Wessel Geldenhuys, spouse of employee	Supplies	\$ 135

In accordance with Chapter 362.5(3)(j) of the Code of Iowa, the transactions do not appear to represent a conflict of interest.

IV-E-22

Bond Coverage – Surety bond coverage of City officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to insure that the coverage is adequate for current operations.

City of Muscatine, Iowa

Schedule of Findings and Questioned Costs (Continued)
Year Ended June 30, 2022

IV-F-22

Council Minutes – No transactions requiring Council approval which had not been approved by the Council were noted.

Finding: Council minutes were not published within 15 days of the meeting in accordance with Chapter 372.13(6) of the Code of Iowa.

Context: The minutes of the April 7, 2022 meeting were published April 25, 2022, 18 days after the meeting, and the City did not have the affidavit of publication of the April 14, 2022 special meeting minutes.

Effect: The City is not in compliance with the Code of Iowa Chapter 372.13(6).

Cause: The newspaper had a change in staff and the publication of the minutes were missed.

Recommendation: We recommend the City put procedures in place to ensure the minutes are published timely.

Response and Corrective Action Plan: The City agrees with the recommendation.

IV-G-22

Deposits and Investments – No instances of noncompliance with the deposit and investment provisions of Chapter 12B and Chapter 12C of the Code of Iowa and the City's investment policy were noted.

IV-H-22

Revenue Notes – There were no instances of noncompliance with revenue note provisions.

IV-I-22

Annual Urban Renewal Report – The annual urban renewal report was properly approved and certified to the Iowa Department of Management on or before December 1.

IV-J-22

Payment of General Obligation Bonds – The City appears to be in compliance with Chapter 384.4 of the Code of Iowa.
