## Kent Stein Division

During the regular week Kent Stein Park continues to host our local organizations: MYB (Muscatine Youth Baseball), MBA (Muscatine Baseball Academy), Cardinals/Iconiz Katz baseball, Muscatine Sluggers baseball, Special Olympics adult softball, MGSA (Muscatine Girls Softball Association), Muskies Prospects softball, Monster's softball, Muscatine High School softball, Muscatine High School baseball, and adult softball (3 divisions- Men's, Women's, and Co-ed). The Muskies Prospects, Monsters and MBA also held their tryouts for the 2023-2024 season in August. Staff continues to make improvements to these facilities as issues arise with usage. Some tasks include: leveling fields once every two weeks, adding Ag Lime under the fence row to prevent balls from rolling under, edging grass arches, and power washing around concession stands, walkways, and restrooms. Staff also painted the men's

and women's restrooms. We are still looking for seasonal help as students have returned to school.

## Soccer Complex Division

Games continue to be underway at the main complex for the following groups: Pearl City Soccer Club (youth and adult leagues), Muscatine Soccer Club (youth and adult leagues), ILLOWA, Community Y and ISA. Schedules are posted daily at the kiosk to allow for drop in usage. Staff continues to make improvements to the park to include: edging sidewalks every two weeks, raising sprinkler heads for better playability and edging valve box lids for easier access when servicing the sprinklers. Staff has started to make preparations for the sprinkler project which will be starting next month. We are also still looking for seasonal help as students have returned to school.

## Golf Divisions

The golf course had another good month of play. The course hosted 5 outings in August as well as a couple smaller employee outings from HNI. All the college aged employees left throughout the month for school and will be missed as we turn the corner into the fall. Customer service and cash handling procedures are still the focus for staff training. Due to the lack of water and high heat stress, staff spent a large portion of the month hand watering and spraying wetting agent to keep the grass alive. Maintenance staff also verticut and topdressed greens to let more water move through the thatch layer and to make greens smoother. All sprinkler heads were edged to give them a clean appearance and make it easier for the fairway mowers to see them. Trees continued to be pruned and staff started to come up with a plan as to which trees will need to be taken down this winter.

Subject	Result
Outings	18 Outings Scheduled for 2023
Leagues	6 Leagues Scheduled for 2023
Season Passes	203 Season Passes Sold for 2023
Rounds Played	4,540 rounds played in August

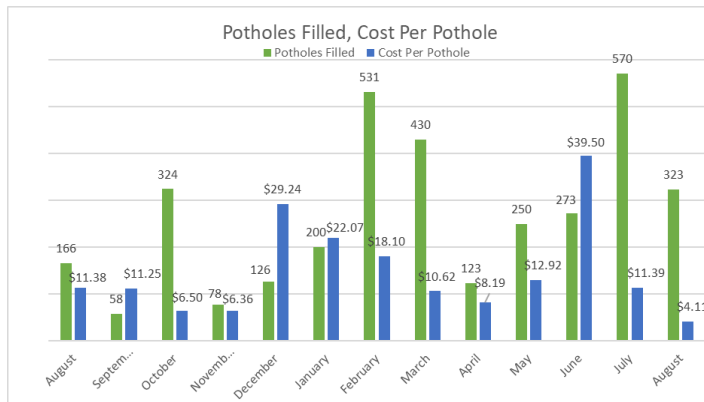

# Department of Public Works

The Public Works Department is composed of eight divisions which include: Administration, Building & Grounds Maintenance, Collection & Drainage, Engineering, Roadway Maintenance, Solid Waste, Transit (Muscabus), and Vehicle Maintenance. For budgeting purposes several of these divisions are broken down into subdivisions. For the purpose of the monthly report there will be several divisions that will be reporting consistently, while others may only be reporting on special events or accomplishments.

## Roadway Maintenance Division August 2023:

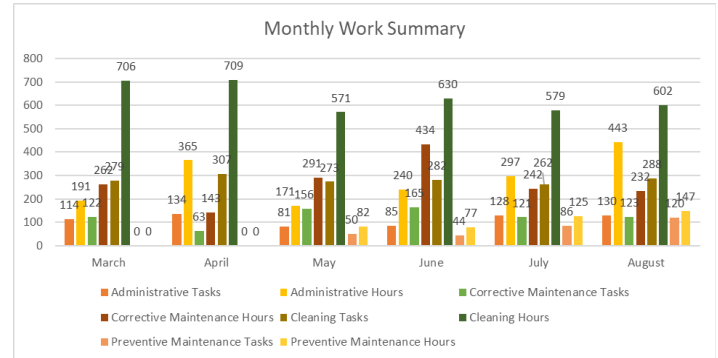

Roadway Maintenance includes activities related to street repairs, snow removal, traffic control, and street cleaning. They are responsible for over 254 lane miles of streets within the city limits.

This measure indicates the number of potholes filled, and the approximate cost to fill each pothole. Beginning January 20, 2021, a "standard" pothole is defined as being the size of large pizza box. Potholes will be divided no smaller than one half of a pizza box. Beginning in April of 2022, we began tracking pavement repairs separately from potholes. This has lowered the pothole numbers as many of them were previously counted in larger pavement patches.

## Building and Grounds Activities August 2023:

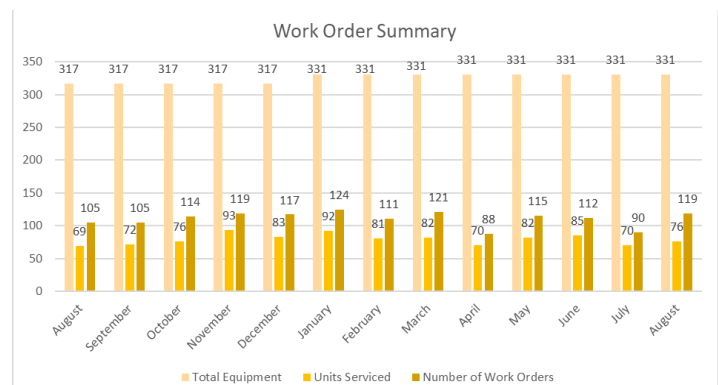

The Buildings and Grounds Division of the Public Works Department is responsible for the upkeep and repair of city facilities, grounds, and equipment. The division is responsible for maintaining the following facilities and grounds: Art Center, City Hall, Library, Public Safety Building, Public Works, South Fire Station, and certain maintenance functions at the Airport.

This chart indicates the number of work activities and the hours committed to them per month. Administrative tasks include ordering equipment and materials, requesting and receiving bids and quotes for work or supplies, project oversight, delivery of building supplies, training and paid time off. Corrective maintenance tasks are unscheduled repairs or work done on as-needed or emergency basis. Preventive maintenance tasks include routine, scheduled maintenance items. Cleaning includes building cleaning and janitorial services. This chart is being capped at six month intervals so that the numbers are legible.

## Vehicle Maintenance Division August 2023:

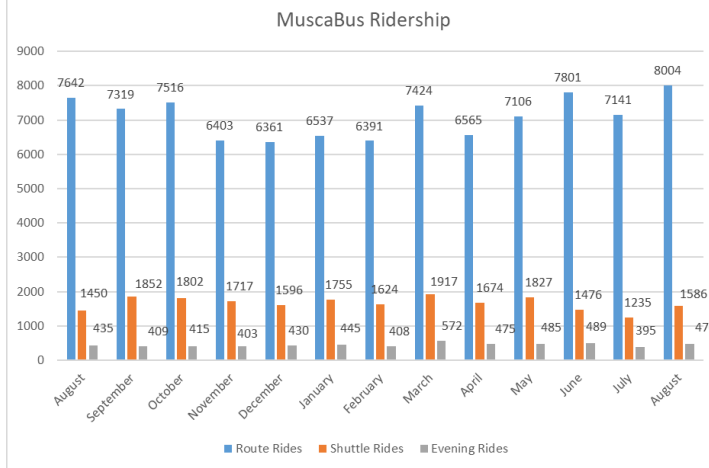

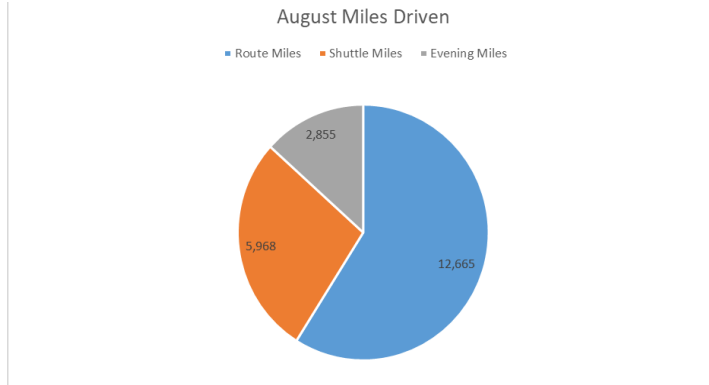

The Vehicle Maintenance Division services and repairs approximately 331 pieces of equipment and vehicles from all city departments with the exception of the fire trucks and ambulances.

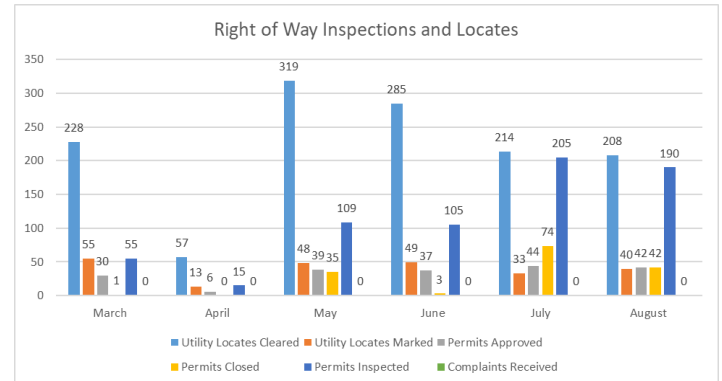

# Department of Public Works

## Transit Summary of Operations for August 2023:

MuscaBus is the city's transit service. It operates four fixed routes, shuttle service, and evening service.

The following chart describes the monthly activities of the Right of Way Inspector:

This chart is begin capped at six month intervals so that the numbers are legible.

## Engineering Division August 2023:

The following table describes current and proposed construction projects and their status:

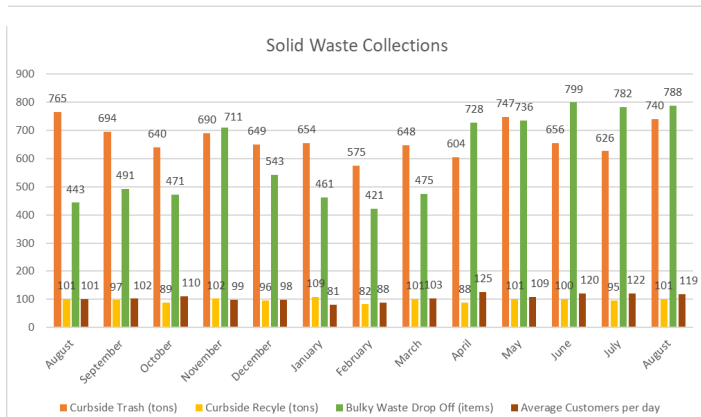

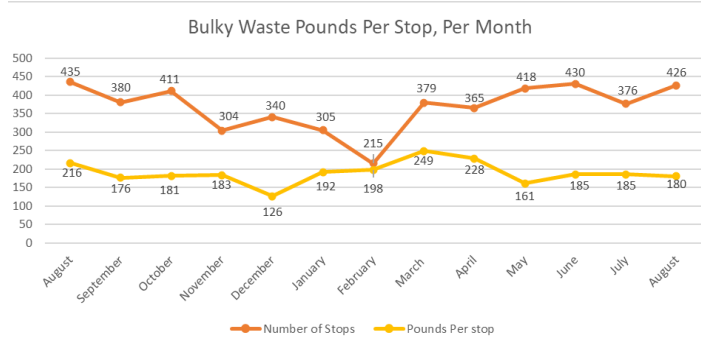

Project Name	Project Start	Percent Complete	Project Notes
Grandview Reconstruction	May 2021	99%	Seeding, Punch List
West Hill Sewer Separation Phase 5	April 2021	85%	Sewer on Climer and Lucas, Paving on Lucas
Park Avenue 4 to 3 lane	March 2021	99%	Punch List
Fulliam Reconstruction Phase 1	August 2023	90%	Sidewalk Paving

# Department of Public Works

## Solid Waste Division Report August 2023:

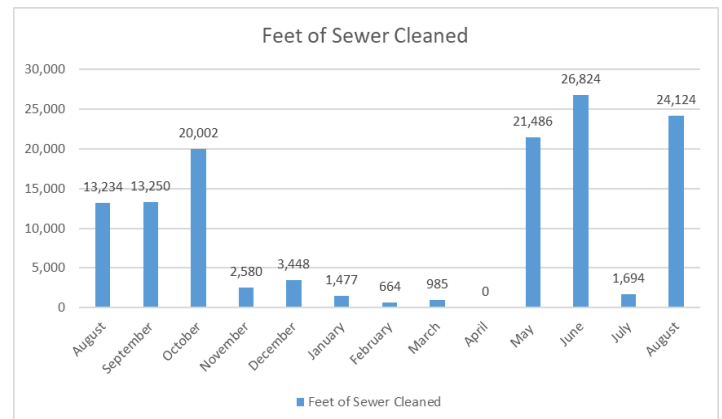

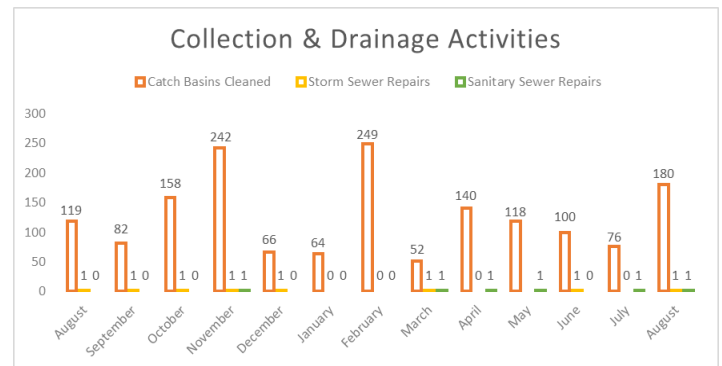

The Solid Waste Division consists of activities related to refuse collection, transfer station, compost site, and landfill, as well as overseeing the contracted recycling collection.

This chart shows the amount of solid waste collected curbside (in tons) as well as the amount of material dropped off at the Transfer Station (per item). Dropped off items include: electronics, appliances, tires, household hazardous waste and recyclables. Also included is the average number of customers per day at the Transfer Station.

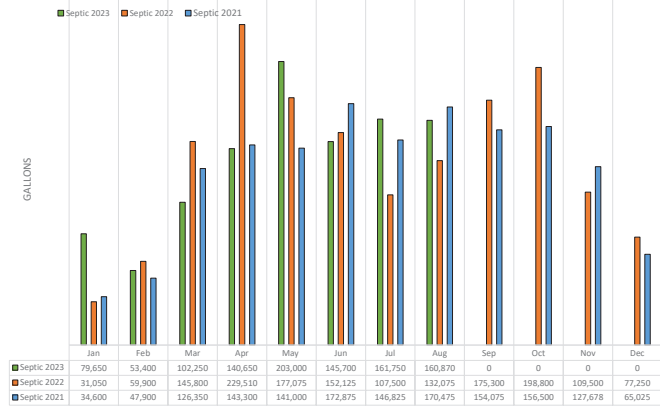

## Collection & Drainage Division August 2023:

The Collection & Drainage Division is responsible for inspecting and maintaining the city's sanitary, storm, and combined sewer systems. This includes 993 storm water manholes, 2,407 sanitary sewer manholes, 151 combined sewer manholes, 2,840 stormwater catch basins, 112 miles of sanitary sewer and 68 miles of storm sewer pipe.

## THE STORY OF AUGUST 2023

PEOPLE LOVE WHAT WE DO AND WE LOVE SHARING THAT WITH YOU!

I am feeling pretty happy that I just facilitated vinyl checkouts with two patrons who are music fans. They were both here at the same time. One checked out four records and the other got an album too. I can never put my finger on exactly why listening on vinyl is such a unique experience, but it is.

Circulation Staff Member
